MAIN, SQUIRES & COMPANY

Certified Public Accountants

THE certification of Balance Sheet and Operating Statements by recognized Certified Public Accountants adds inestimably to general public confidence.

Thorough impartial audits are of inestimable value in definitely determining matters of present policy or future procedure and special investigations, accounting control and efficiency methods also play important parts.

In this respect, our long and widely varied experience is of manifest value to you as our practical methods eliminate guess work and assure certainty.

ALBERTA & GREAT WATERWAYS RY (Independent).—Inc. Feb. 9, 1909, by Special Act of the Province of Alberta, to construct and operate 350 miles of railway to extend from Edmonton to a point near Fort MacMurray, and from a point near the western end of Lac La Biche to the eastern end thereof, with terminals at Edmonton. In Sept. 1913, J. D. McArthur, railway contractor, who is building the Edmonton, Dunvegan & British Columbia Ry, presented to the Alberta Legislature a proposition for the settlement of all questions in dispute and the construction of the road.

Capital Stock.—Authorized, \$7,000,000; par, \$100.

Bonded Debt.—\$7,400,000 (£1,520,550) First Debenture Gold 5s; dated Jan. 1, 1909; due Jan 1, 1959; int. J & J 1, at Morgan, Grenfell & Co., London, Eng., at fixed rate of \$4.86 2-3 per £1. Coupon, \$1,000; principal may be registered. Standard Trust Co., Winnipeg, Trustee. Unconditionally guaranteed, principal and interest, by Province of Alberta, by endorsement. The company defaulted in payment of the first coupon (July 1, 1910) and in Dec, 1910, the Alberta Government passed an Act providing that the funds borrowed by the company be paid over to the Treasurer of the Province, and that the Province should thenceforth be responsible for the principal and interest of the bonds. This Act has, however, been repealed by an Act of Oct. 1913, and the original Act of 1909 has been ratified, thus restoring the status quo. The Act of Oct, 1913, provided that the line should be completed within two years from Dec 31, 1913. On April 12, 1912, the Supreme Court of Alberta dismissed the appeal of the Royal Bank of Canada from the decision rendered by Justice Stuart in the lower court on Nov 6, 1911, holding that the Province had the right, under the Act of the Legislature passed in Dec, 1910, to receive from the banks in which the same was deposited, the \$7,400,000 proceeds of the sale of the company's bonds. The Privy Council at London, Eng., on Jan 31, 1913, reversed this decision. Subject to call at 112½ and interest at any time after Jan 1, 1919. Listed on the London Stock Exchange. First publicly offered in Nov, 1909, in London, at 110.

Officer: J. D. McArthur, Pres., Winnipeg, Man.

Annual meeting, in July.

General office, Alcolu, S. C.

ALGOMA CENTRAL & HUDSON BAY RY (Com. stock owned by Lake Superior Corp).—Inc. Aug. 11, 1899, in Canada, as the Algoma Central Ry; name changed to present title May 23, 1901. Projected to run from Sault Ste. Marie, Ont., to Franz, Ont., on the Canadian Pacific Ry, continuing northerly to connect with the Grand Trunk Pacific Ry in Stoddart Township. Completed mileage, including branches, is about 343 miles. Line was completed to Hearst, a junction with the Grand Trunk Pacific Ry and opened for operation Oct 1, 1914. The Dominion of Canada has granted to the company a cash subsidy of \$6,400 (£1,280) per mile for the 225 miles from Sault Ste. Marie to the Canadian Pacific Ry main line, including the Michipicoten branch. This subsidy has been earned, and all paid to the company. The Dominion Government has granted a similar cash subsidy to the company from Franz on the Canadian Pacific Ry to Hearst on the Grand Trunk Pacific Ry. The Province of Ontario has granted to the company a land grant of about 1,665,000 acres in respect of the line south of the Canadian Pacific Ry. Of this land grant, 1,612,570 acres have been selected and set aside for the company by the Government of the Province of Ontario. These lands are granted in freehold and carry all minerals and all timber free of all charges except the pine, upon which stumpage charges are to be paid. In connection with completion of the line to the Grand Trunk Pacific Ry, the company has reserved a further land grant of 575,000 acres. The company controls through lease from Algoma Central Terminals, Ltd., extensive terminal and deep water docks at Sault Ste. Marie, Ont., and also the harbor at Michipicoten, including ore docks and facilities capable of handling 2,000 tons of ore per hour, as well as commercial docks equipped for the handling of all other material.

Owens the entire capital stock of the Algoma Central Terminals, Ltd., except directors' shares, and leases that company's property at Sault Ste. Marie and Michipicoten (see statement appended).

Default.—The company announced on Dec 1, 1914, that on account of depressed traffic conditions, it had not been able to earn its interest, and consequently would be unable to meet the half-yearly interest due that day on its (\$10,080,000) First Mortgage 5% bonds.

Receivership.—In Feb, 1915, T. J. Kennedy, Pres. of road, and Vivian Harcourt of Montreal were appointed receivers for company.

Receivers Discharged.—On Nov 30, 1916, the receivers of company were discharged.

Bondholders' Committees.—The following committee representing holders of the First Mortgage 5% bonds, requested deposit of these bonds with the Bank of Montreal, London, Eng., as depository, on or before Nov 30, 1915: F. Leonard Govett, Chrm., Beckwith Smith, J. C. Dalton, A. N. Rickett, H. G. Chater-Fawsitt, J. C. Russell and James H. Dunn. Secretary, Linklater & Co., 2 Bond Court, Walbrook, London, E. C., Eng. Second Committee: J. P. Sainsbury, B. R. Glover, Albert Wilson, M. D. McLeod, John McLeod, with J. W. Hughes as Sec., Finsbury Pavement House, London, E. C. The first committee was responsible for the Scheme of Arrangement; the second was formed in opposition thereto.

Receivers' Certificates.—The Court has authorized the issuance of \$500,000 Receivers' Certificates, none of which has ever been issued.

Scheme of Arrangement.—On March 24, 1916, a Scheme of Arrangement was agreed upon at a meeting of company's bondholders held in London, Eng. The terms of this scheme had previously been submitted to representatives of bondholders of Algoma Central Terminals, Ltd., and had been agreed upon by them. Subsequently, the scheme was ratified by Act of Parliament of the Dominion of Canada, thereby becoming effective. Among other things this scheme provided that the voting rights on the Com. stock of the company, held by the Lake Superior Corp., should be vested in a bondholders' committee as Trustees. The following is an outline of the Scheme of Arrangement:

(1) A committee shall be appointed to be known as the Bondholders' Committee, to consist of five members, two to represent the bondholders of the Algoma Central & Hudson Bay Ry Co. and two the bondholders of Algoma Central Terminals, Ltd.; the fifth to be co-opted. (The following were nominated as members of this committee: C. B. B. Smith-Bingham and J. C. Dalton, representing the Algoma Central & Hudson Bay Ry bondholders, and A. F. P. Rogers and Andrew Williamson the Algoma Central Terminals, Ltd., bondholders.)

(2) The unexpended balance of the proceeds of the Algoma Central Terminals, Ltd., bonds held by Terminals Receiver and the Supreme Court of Canada shall be expended on the improvement of the joint property of both companies, the payment of their liabilities, etc., provided that these moneys be regarded as an unsecured non-interest bearing loan by the Terminals Co. to the Railway Co.

(3) Overdue interest on the Terminals bonds from Aug 1, 1914, to Aug 1, 1915, shall be paid as soon as plan becomes effective at the rate of 3% per annum.

(4) Subject to the above special payment, the interest on the Railway bonds from June 1, 1914, and on the Terminals bonds from Aug 1, 1914, together with the sinking fund of the latter, to be payable only if and to the extent that joint net earnings of the Companies are sufficient to pay the same. After Aug 1, 1921, however, 1½% shall be definitely paid on the Terminals bond each half year. Interest unpaid in any year on either issue is to be cumulative and is to be paid out of the joint net earnings of subsequent years.

(5) As from June 1, 1914, joint net earnings each year are to be applied in the following order of priority:

(a) In paying interest at 3% on Terminals bonds for year in question and interest at like rate for any preceding year or years so far as interest to that amount shall not have been paid, and in recouping to capital account expenditures therefrom, after Aug 1, 1921, in payment of such interest.

(b) In paying interest up to 2% per annum for the year in question to Railway bondholders and interest up to a further 2% per annum for the year in question to Terminals bondholders *pari passu* as if they were one class of bonds.

(c) In paying interest to a further 3% per annum for the year in question on Railway bonds.

(d) In paying Railway bondholders and Terminals bondholders any arrears of interest up to 5% per annum on their respective holdings *pari passu* in proportion to amount of outstanding arrears on each issue.

(e) In providing sinking fund for Terminals bonds for year in question.

(f) In paying on Railway bonds further interest up to 1% per annum for year in question and on Terminals bonds further interest up to ½% per annum for year in question *pari passu* as if they were one class of bonds.

With approval of Bondholders' Committee any part of joint net earnings not exceeding 1% on total amount of Railway and Terminals bonds outstanding may be carried forward to following year instead of being applied as above.

(6) No interest or sinking fund is to be paid in respect of the securities of the Railway Company ranking after the Railway bonds and no dividends are to be paid on Railway Company shares until all payments provided for as above have been made.

(7) The guarantee of The Lake Superior Corp. still remains in full force and effect, but no holder of Railway or Terminals bonds is entitled to take action without the consent of the Bondholders' Committee or unless extraordinary resolutions at bondholders' meetings are passed.

(8) Outstanding Pfd. shares shall be reduced from \$5,000,000 to \$2,000,000 by reduction of par value per share from \$100 to \$40; new Pfd. shares to amount of \$3,000,000 (par \$40) to be created similar to existing Pfd. and distributed 75% to Railway bondholders and 25% to Terminals bondholders.

(9) The Lake Superior Corp., while retaining ownership of all the Com. shares of the Railway Company, shall (1) trustee said shares in regard to voting rights, etc., in the Bondholders' Committee; (2) shall surrender to Pfd. shareholders all voting rights, etc., attaching to Pfd. shares held by it, and (3) shall accept in full satisfaction of \$318,744 owed by Railway Co., second mortgage bonds for a similar amount, these bonds to be converted into Income bonds.

(10) The lease of the Terminals Company shall be modified so that the rent payable thereunder shall be contingent upon the joint earnings of the two companies in so far as the interest on the Terminals bonds is contingent, and also stipulating that the remedies in case of default shall only apply when a default has continued for six months.

(11) After the plan has become effective the operation of the Railway and Terminals Companies shall be placed in the hands of two boards of directors and a general manager approved by the Bondholders' Committee.

(12) The plan shall not affect the rights of holders of equipment trust bonds. Unsecured creditors of both Companies shall be paid in full.

Mileage Operated, June 30, 1916.—Sault Ste. Marie to Hearst, on the Grand Trunk Ry, including branches, total about 343 miles. Sidings, etc. (owned, 30.30 miles; proprietary companies, 18.36 miles), 48.66 miles. Gauge, standard. Rail 80 and 85 lbs.

Equipment, June 30, 1916: Locomotives, 31; Cars—passenger, 20; freight—box, 59; flat, 562; coal, 166; other, 369—total, 1,156; official, 2; service, 150. Total cars, 1,328. Company owns and operates on the Great Lakes a freight steamship line of modern steamers.

Capital Stock.—Authorized and issued, \$5,000,000 Com. and \$5,000,000 5% non-cumulative Pfd.; par of Com., \$100, and of Pfd., \$40. In March, 1916, it was voted to reduce the Pfd. stock from \$5,000,000 to \$2,000,000 by reduction of the par value from \$100 to \$40 per share, and to again increase it to \$5,000,000 (par \$40), the increase being distributed to holders of the below-described First Gold 5s to the extent of 75% and to holders of Algoma Central Terminals, Ltd., First Gold 5s to the extent of 25%. The Lake Superior Corporation owns the entire Com. stock and also owned the voting rights in respect to \$2,000,000 Pfd., but by the terms of the Scheme of Arrangement outlined above, this Com. stock and these voting rights attaching to the Pfd. were vested in the Bondholders' Committee as Trustees. (The remaining \$3,000,000 Pfd. stock issued in 1916 without restrictions as to voting rights, which restrictions were imposed on the original Pfd.: in consequence those voting rights are vested in the owners of this Pfd., viz.: bondholders of company and of Algoma Central Terminals, Ltd.)

Bonded Debt.—\$10,080,000 **First Gold 5s**; dated June 1, 1910; due June 1, 1960; int. Annual meeting, third Wednesday in Sept.

General office, Sault Ste. Marie, Ont. Secretary's office, Toronto.

ALGOMA CENTRAL TERMINALS, LTD. (Controlled by Stock Ownership).—Inc. in 1912, in Canada, to acquire station buildings, water frontage, docks, etc., at Sault Ste. Marie, Ont., and ore and commercial docks, with track facilities, right of way, and other lands (about 1,000 acres), suitable for additional terminals, including the entire water front, at Michipicoten Harbor; also proposed new pocket ore docks, with capacity for handling over 1,000,000 tons of ore per year; also commercial docks, coal docks, and coal-storage facilities with capacity of 250,000 tons of coal per year. Owns the entire \$900,000 First Mortgage 5% Bonds and \$99,300 capital stock of Algoma Eastern Terminals, Ltd., being the whole outstanding bonds and stock, except directors' qualifying shares.

The Company has leased all its properties at Sault Ste. Marie and Michipicoten for 999 years, from Nov 1, 1912, to the Algoma Central & Hudson Bay Ry., which owns the entire \$100,000 capital stock (except directors' shares), lessee to pay as rental all expenses of maintenance and operation. Interest on bonds, and sinking fund, sufficient to redeem bonds at maturity. The properties at Little Current, belonging to Algoma Eastern Terminals, Ltd., have been leased on the same terms to the Algoma Eastern Ry Co.

Receiver Appointed.—In May, 1915, D. McK. McClelland, of Price, Waterhouse & Co., Toronto, was appointed Receiver for company.

Receiver Discharged.—On Dec 8, 1916, the Receiver of company was discharged.

Protective Committee.—An informal committee of holders of the scrip issued in lieu of \$527,300 5% First Mtge. bonds, was formed July, 1914, to request the Algoma Central Terminals, Ltd., to deliver the engraved bonds represented thereby, which bonds were offered in March, 1913, by the Canadian Agency, Ltd. The Algoma Central Terminals, Ltd., and the Bondholders' Committee arrived at a compromise under which the bondholders and the company will share the loss due to the failure of the Canadian Agency, Ltd., to pay for \$127,300 of the \$527,300 bonds purchased and offered by it. The terms of the agreement are as follows: (1) Each holder of the Canadian Agency scrip for Terminals Co. bonds, on payment to the Terminals Co. or its nominees of 10% of the nominal face value of his scrip, shall be entitled to receive from the Terminals Co., on surrender of his scrip for cancellation, his pro rata proportion of the \$127,300 bonds carrying the Aug 1, 1914, and subsequent coupons, and also of the \$400,000 bonds held by the committee on behalf of the scripholders. (2) The Terminals Co. agrees to provide funds (a) to meet any interest unpaid prior to Aug 1 on scrip surrendered, and (b) to cover the payments the committee has to make for legal and other expenses. (3) The company will assign to a trustee nominated by the committee on behalf of the scripholders all rights and claims against the Canadian Agency in respect of the last installment of purchase money. All sums recovered in respect of such rights or claims are to be applied by such trustee, as to that proportion which represents scripholders who make the 10% payment, on behalf of such scripholders, and as to the balance, as the Terminals Co. directs. (4) Only those scripholders who make the 10% payment are to be entitled to the benefit of the agreement, which is made without prejudice to the rights of the Terminals Co. against the other scripholders.

Plan Effective.—The bondholders' committee announced in June, 1916, that the scheme of arrangement as given under Algoma Central & Hudson Bay Ry., which was approved by the bondholders on March 24, 1916, had been confirmed by an Act of the Canadian Parliament.

Capital Stock.—Authorized and outstanding, \$100,000; par, \$100. All owned by Algoma Central & Hudson Bay Ry Co., except directors' qualifying shares.

Bonded Debt.—\$5,000,000 First Gold 5s, dated Nov 1, 1912; due Aug 1, 1962; int. F & A 1, at London, Eng., and Montreal, Que. Coupon, £100 and \$500, or \$500 and \$1,000; principal may be registered. United States Mortgage & Trust Co., New York, Trustee. Authorized issue, limited in first instance to \$5,000,000, or its equivalent in other currencies; bonds in excess of \$5,000,000 may only be issued in respect of the cost of additional assets required or work done or contracted for by or in behalf of the company on properties then forming part of the security for the bonds. Subject to call as a whole or in part at 105 and interest on any interest date upon 3 months' notice. Cumulative sinking fund, 1% from July 1, 1919, for purchase or redemption by drawings at 105. Principal and interest unconditionally guaranteed by the Lake Superior Corporation, by endorsements on each bond. AROOSTOOK CONSTRUCTION COMPANY.

Incorporated Feb 28, 1891, in Me., for the purpose of building and equipping lines of railroad. Has constructed the Bangor & Aroostook RR, practically all of whose \$3,448,600 capital stock it owns, together with \$1,825,000 Consolidated Refunding 4% bonds; also owns virtually all of the stock of the Northern Telegraph Co.

Capital Stock.—Authorized and outstanding, \$500,000; par, \$100. Voting Trustees: J. R. McAllister, Franklin W. Cram and James Brown.

Bonded Debt.—\$1,915,000 5-Year Collateral Trust 5% Gold Notes; dated May 1, 1912; due May 1, 1917; int. M & N 1, at Old Colony Trust Co., Boston, Trustee. Coupon, \$1,000; principal may be registered. Authorized issue, \$2,500,000. Subject to call as a whole or in part at par and interest. Secured by pledge of \$1,350,000 Consolidated Refunding 4% Bonds and \$2,156,500 capital stock of the Bangor & Aroostook RR Co. and \$191,800 Northern Telegraph Co. stock. The \$2,156,500 stock of the Bangor & Aroostook RR is a majority of the entire stock outstanding and the Construction Co. covenants that a proportionate part of any increase will likewise be pledged under these notes. No Bangor & Aroostook RR stock can be withdrawn from under the lien unless

the entire issue of notes is paid off. The Construction Co. can withdraw Bangor & Aroostook Consolidated Refunding 4s from pledge upon payment of \$800 per bond, and Northern Telegraph stock upon payment of \$100 per share, the proceeds to be applied by the Trustee to redemption of notes. First publicly offered (\$1,500,000) in May, 1912, at 96¾ and interest. Interest paid without deduction for Normal Income Tax.

BANGOR & AROOSTOOK RAILROAD CO.

(Controlled by Aroostook Construction Co.)

History.—Incorporated March 5, 1891, in Me.; main line, Brownville to Caribou, and Fort Fairfield Branch opened for traffic on Jan 1, 1895; the Ashland Branch being completed Jan, 1896. On April 1, 1899, the Bangor & Piscataquis RR was absorbed, and the Aroostook Northern RR, the Patten & Sherman RR and the Bangor & Katahdin Iron Works Ry during the fiscal year 1901-2. The Fish River RR was purchased in 1903 for \$500,000 in capital stock and \$1,275,000 in Consolidated Refunding Bonds, and was formally merged with this company in July, 1903. The Northern Maine Seaport RR (see appended statement) was put in operation Nov 20, 1905, and is operated under lease by the Bangor & Aroostook RR Co. The Schoodic Stream RR, from Millinocket to East Millinocket, 9.5 miles, was completed in Nov, 1906, and has since been purchased and absorbed.

Extensions and Construction.—In 1909 the company was granted charters for building from Van Buren to St. Francis, in the valley of the St. John River, about 60 miles; from Squa Pan, in town of Masardis, to Stockholm, via Mapleton, Washburn and Perham, about 48 miles; and from Mapleton to Presque Isle, about 7 miles. The lines from Van Buren to Grand Isle, 15.2 miles, and from Fort Kent to St. Francis, 16.56 miles, built under the title of the St. John River Extension, were completed and opened for traffic in 1909. The Washburn Extension, from Squa Pan to Stockholm, including the Mapleton to Presque Isle spur, in all 55.10 miles, was completed at the end of June, 1910. Work was begun in 1910 on the section of the St. John River Extension, between Grand Isle and Fort Kent, 28.52 miles, which was opened for traffic on Nov 28, 1910.

Van Buren Bridge Co.—This company, which was organized in 1913, has completed the construction of its railroad bridge across the St. John River and the same was formally opened for traffic on May 1, 1915. This new route connects the Bangor & Aroostook RR with two important railways in Canada, operated by the Canadian Government, and already a considerable amount of new business has been interchanged, which will, it is expected, ultimately develop into a very large volume. The Van Buren Bridge Co., in connection with the construction of the international bridge and the approaches in Canada, issued \$250,000 20-Year 6% sinking fund bonds, which have been guaranteed principal and interest by the Bangor & Aroostook RR Co. (See appended statement).

ATCHISON, TOPEKA & SANTA FE RY CO. (THE).

(See Accompanying Map.)

History.—Incorporated Dec 12, 1895, in Kan.; successor, as of Jan 1, 1896, to the property, rights, franchises, etc., of the Atchison, Topeka & Santa Fe RR Co., whose property was sold under foreclosure Dec 10, 1895, in pursuance of a general plan of reorganization. The old company was chartered in Kansas on Feb 15, 1859, and the main line opened for traffic Feb 20, 1873. At that time the system consisted of some 471 miles of road, but from time to time additional mileage was built or acquired, until at the date of organization of the new company, in 1895, the system and its controlled lines aggregated 6,481 miles. The parent company has absorbed various minor corporations, of which it had previously owned all the securities, until at the present date the existing companies have been narrowed down to those shown in the appended statements.

MAP OF THE
SYSTEM

MOODY MANUAL CO. NEW YORK

The system of railroads operated and controlled extends from Chicago, via Kansas City, to Los Angeles, San Francisco and San Diego, Cal., and Galveston, Tex., with various branches and extensions throughout Missouri, Kansas, Illinois, Oklahoma, Texas, Colorado, New Mexico, Arizona and California.

Laton & Western RR.—The capital stock of this company, owning the line extending from Laton to Lanare, Kings County, Cal., 17 miles, which has been operated by the Atchison, Topeka & Santa Fe Ry under lease since Feb 22, 1911, was acquired during year ended June 30, 1916. This line while not profitable at present will it is hoped, with the development of the territory it serves, ultimately prove valuable. The Laton & Western RR. Co. has \$300,000 capital stock and \$179,000 30-year 5% bonds dated Jan 1, 1911.

North Texas & Santa Fe Ry.—This company has been organized to construct a line from Hansford, Hansford County, Tex., to a point of connection with the Atchison, Topeka & Santa Fe Ry main line at or near Shattuck, Ellis County, Okla., a distance of about 85 miles. The new line will serve a rapidly developing and rich agricultural territory, and will, it is expected, be a valuable feeder to company's system.

Coline Oil Co.—The capital stock of this company, owning valuable oil lands and leases in the Healdton Field in Oklahoma, was acquired during year ended June 30, 1916. Since its acquisition, the Coline Oil Co. has acquired the oil lands and leases formerly owned by the Gulf, Colorado & Santa Fe Ry Co. in the Wheeler Field, near Ardmore, Okla., including a pipe line from Wheeler to Ardmore. The control of this company assures an adequate supply of fuel oil for the Atchison, Topeka & Santa Fe Ry Co.'s lines in this territory for some years to come.

South Plains & Santa Fe Ry.—In Aug., 1915, the Atchison, Topeka, & Santa Fe Ry. Co. acquired control of the Crosbyton-Southplains RR, which changed its name to the above Aug 17, 1916. Road extends from Crosbyton to Lubbock, Tex., 38.45 miles. An extension of about 65 miles southwest from Lubbock is expected to be completed before June 30, 1917.

Oil Fields & Santa Fe Ry.—This company was formed to acquire certain lines extending from Cushing to Pemeta, Okla., and from Jennings to Oilton, Okla., tapping the Cushing Oil Field, which is an important source of supply for fuel oil. A line from Pemeta to Oilton, connecting the railroads purchased, and an extension from Pemeta to Drumright were completed during year ended June 30, 1916. The lines acquired and built aggregate 28.32 miles of railway, which is operated, under lease, by the Atchison, Topeka & Santa Fe Ry Co as part of its system.

Rocky Mountain & Santa Fe Ry.—Stockholders of the Atchison, Topeka & Santa Fe Ry Co. voted on Oct 28, 1915, to lease the property of the Rocky Mountain & Santa Fe Ry Co. (formerly the St. Louis, Rocky Mountain & Pacific Ry Co.), effective July 1, 1915 (see next paragraph).

Acquisition of the St. Louis, Rocky Mountain & Pacific Ry.—On Aug 1, 1913, the Atchison, Topeka & Santa Fe Ry Co. took possession of the St. Louis, Rocky Mountain & Pacific Ry under a contract of purchase, provided transfer could be made free of all liens, the consideration being \$3,000,000 of 4% 50-year bonds of Atchison, Topeka & Santa Fe Ry Co., secured on the road purchased. In March, 1915, it was announced that the conditions of the purchase contract had been met. The "Atchison" made an issue of \$3,000,000 Rocky Mountain Division bonds in acquisition of the stock and indebtedness of the Rocky Mountain & Santa Fe Ry Co. (formerly called the St. Louis, Rocky Mountain & Pacific Ry Co.), which owns the line; and the line has been leased to the "Atchison," effective July 1, 1915. It is 105.17 miles in length and extends from Des Moines to Ute Park, N. M., with two branches, one to Raton and one to Koehler, N. M., serving a coal mining territory, a large part of the product of which is used for company fuel.

Lease of Oklahoma Central RR.—This line, extending from Chickasha to Lehigh, Okla., 133 miles, was leased, effective Aug 1, 1914, for a term of 5 years, and has, since that date been operated as a part of the system.

Minkler Southern Ry.—The stockholders of the Atchison, Topeka & Santa Fe Ry Co. voted Oct 22, 1914, to acquire capital stock of this company. Its line, extending from Minkler to Exeter, Cal., aggregating, with two short branches, 43.71 miles, was completed and opened for traffic Oct 1, 1914. An extension, from Exeter to Lindsay, 6.95 miles, has been constructed and was placed in operation on Oct 1, 1915, and an extension of 12 miles from Lindsay to Porterville, Cal., is expected to be completed and placed in operation before June 30, 1917.

Dodge City & Cimarron Valley Ry.—In order to serve the needs of Southwestern Kansas this company was organized and has constructed a line extending from Dodge City in a southwesterly direction to Elkhart, Kan., a distance of 120 miles. The operation of this line by the Atchison, Topeka & Santa Fe Ry Co. began July 1, 1913, under lease of that date for 10 years, without a fixed rental.

Kansas Southwestern Ry.—During the year 1913-14 the Atchison, Topeka & Santa Fe Ry Co. acquired from the Receivers of the St. Louis & San Francisco RR Co. that company's interest in the stock and notes of the Kansas Southwestern Ry Co. (the stock of which company had previously been owned jointly by the Atchison, Topeka & Santa Fe Ry Co. and the St. Louis and San Francisco RR Co.). Under the terms of the transfer the St. Louis & San Francisco RR Co. and its successors have the option of reacquiring such securities within five years from April 17, 1914, upon payment to the Atchison, Topeka & Santa Fe Ry Co. of one-half of the sums expended by it in the maintenance, operation and improvement of the property.

Northwestern Pacific RR Co.—This Company, the capital stock of which is owned one-half by the Atchison, Topeka & Santa Fe Ry Co. and one-half by the Southern Pacific Co., has completed a line from Willits to Shively, a distance of 105.64 miles. This line was placed in operation on July 1, 1915. The construction of this road has closed a gap in the mileage and has made possible the establishment of through train service between Eureka on the north and San Francisco Bay on the south.

Verde Valley Ry.—During the year 1912-13 this line, extending from Cedar Glade to Clarkdale, Ariz., a distance of about 38 miles, was completed. The line is operated by the Atchison, Topeka & Santa Fe Ry Co. under lease and was opened for traffic Feb 1, 1913.

Kansas City Terminal Ry Co.—This Company, the capital stock of which is owned equally by 12 roads entering Kansas City, was formed to provide terminal facilities in Kansas City. The project, involving an expenditure of over \$40,000,000, provided a new modern passenger station for all the roads entering the city. It was opened for traffic Nov 1, 1914, and is regarded as one of the most comprehensive railway terminal developments ever undertaken in this country.

The Belt Ry of Chicago.—During the year 1912-13, the Atchison, Topeka & Santa Fe Ry Co. acquired an interest in the Belt Ry of Chicago, the capital stock of which was increased so as to permit of ownership in equal parts by twelve of the railway companies entering Chicago, all of which have paid in cash at par for the stock acquired by them. The Belt Company leases from the Chicago & Western Indiana RR Co. what is known as the Belt Division of that company's property, comprising about 21 miles of main line and branches, and also the freight distributing or clearing yard and facilities formerly owned by the Chicago Union Transfer Ry Co., which was acquired by the Chicago & Western Indiana RR Co. as of Sept 2, 1912. The lease in question is dated Nov 1, 1912, and runs until Sept 1, 1962, with option of purchase at the expiration of that period.

California, Arizona & Santa Fe Ry.—This Company, whose entire \$50,000,000 capital stock is owned by the Atchison, Topeka & Santa Fe Ry Co., was incorporated Dec 21, 1911, in Cal., and acquired from the Southern Pacific RR Co. the line between Needles and Mojave, Cal., 241.58 miles, formerly operated under lease by the Atchison, Topeka & Santa Fe Ry Co. as a part of its main line between Chicago and the Pacific coast, and acquired also the lines formerly owned by the Arizona & California Ry Co., Barnwell & Searchlight Ry Co., Bradshaw Mountain RR Co., The California Eastern Ry Co., Fresno County Ry, Fullerton & Richfield Ry Co., Kings River Ry Co., Oakland & East Side RR Co., Oakdale Western Ry Co., Perris & Lakeview Ry Co., Prescott & Eastern RR Co., Randsburg Ry Co. and Santa Fe, Prescott & Phoenix Ry Co. The lines so acquired are located in California, Arizona and Nevada and aggregate 834 miles in length.

Port Bolivar Iron Ore Ry.—This road, 29.66 miles in length, was constructed by private parties for the purpose of developing certain iron ore properties north of Longview and is now being operated by Gulf, Colorado & Santa Fe Ry Co. under lease.

Sunset Ry.—Pursuant to an agreement between the Sunset RR Co. and the Sunset Western Ry Co., these two lines were consolidated under articles of incorporation and consolidation filed March 20, 1912, the new company so formed being known as the Sunset Ry Co. One-half of the capital stock of the new company is vested in the Atchison, Topeka & Santa Fe Ry Co., and the other half in the Southern Pacific Co.

(2) **\$51,346,000 Adjustment Gold 4s**; dated Dec 12, 1895; due July 1, 1995; int. M & N 1, at Co.'s office, New York. Coupon (principal may be registered), \$500 and \$1,000; and registered, \$1,000, \$5,000 and \$10,000. Central Trust Co., New York, Trustee. Interest payable only if earned (the first disbursement being 3%, in Nov. 1897) and was non-cumulative up to July 1, 1900. Under agreement dated Sept 14, 1899, it was provided that interest, which was previously payable annually on Nov 1, might, on compliance with the terms of the agreement, be made payable semi-annually, M & N 1. In accordance with this provision, up to June 30, 1916, over \$40,000,000 of the bonds had been stamped "Payable May and Nov 1." The present issue of bonds is limited to the

amount outstanding, but when the entire issue of General 4s available for improvements has been issued, \$20,000,000 additional Adjustment bonds may be authorized for these purposes at a rate not exceeding \$2,000,000 per annum. This privilege is subject, however, to majority vote of the Adjustment bond holders. In addition to bonds shown as outstanding, \$382,000 were held in the treasury as of June 30, 1916. Secured on the same property as the above described General 4s, but subject thereto. Listed on New York, Boston, London and Amsterdam Stock Exchanges. Interest paid without deduction for normal Income Tax.

(3) **\$9,603,000 Eastern Oklahoma Division First Gold 4s**; dated Feb 26, 1903; due March 1, 1928; int. M & S 1, at company's office, New York. Coupon (principal may be registered), \$1,000; and registered, \$1,000 and multiples; interchangeable. Guaranty Trust Co., New York, Trustee. Authorized, \$10,000,000, but mortgage has been closed. This mortgage was executed by the Eastern Oklahoma Ry Co., which on June 20, 1907, was legally merged in the A., T. & S. Fe Ry Co. The bonds are a first lien on the following lines of road: Newkirk to Pauls Valley, Okla., 183.67 miles; Guthrie Junc. to Cushing, Okla., 47.86 miles; Ripley to Esau, Okla., 40.42 miles; Seward to Cashion, Okla., 10.61 miles; Pauls Valley to Lindsay, Okla., 24.18 miles; Guthrie, Okla., to Belvidere, Kan., 161.40 miles; Davis to Sulphur, Okla., 9.27 miles—a total of 477.41 miles. OKLAHOMA CENTRAL RR (Operated Under Lease).—Inc. July 31, 1914, in Okla.; successor to the Oklahoma Central Ry (see *Manual* for 1914, page 825), which was sold at foreclosure sale for \$1,000,000 on July 31, 1914. The properties of the Ada Terminal Ry Co. and Chickasha Terminal Ry Co. (see *Manual* for 1914, pages 826-7) have been acquired by the company. The corporate organizations of the two terminal railway companies are being extinguished. Line of road: Lehigh to Chickasha, Okla., 133.02 miles; sidings, 18.63 miles. Gauge, standard. Rail, steel, 60 lbs.

Under terms of reorganization plan for Oklahoma Central Ry Co., assenting First Mortgage bondholders of old company received, upon payment of \$400 in cash for each \$1,000 bond, (a) \$400 in new First Mortgage 5s; (b) \$500 in new 6% incomes and (c) \$500 new stock. The \$576,000 6% Receiver's certificates, due Nov 15, 1914, were redeemed at par and int. on Sept 1, 1914.

Lease to Atchison, Topeka & Santa Fe Ry.—Property of company has been leased to Atchison, Topeka & Santa Fe Ry Co. for five years from Aug 1, 1914, with privilege of renewal for another five years, the Atchison having taken an option on the stock and income bonds, which have been deposited with the Columbia Trust Co. of New York. Rental to be paid by the lessee will be (a) during first three years, \$60,000 per annum, payable in equal installments semi-annually; (b) for fourth and fifth years, \$77,500 per annum, and (c) if lease be renewed for additional five years, \$100,000 per annum. Lessee will also, during first three years, expend not less than \$66,000 per annum for maintenance of way and structures, additions and betterments and in addition thereto \$600 per mile per annum for ordinary maintenance of way and structures; also all taxes and necessary corporate expenses, not including officers' salaries. Under the terms of the option, the Atchison, Topeka & Santa Fe Ry Co. may purchase all of the capital stock and income bonds at the following prices: (a) During first, second or third year of lease, for \$800,000; (b) during fourth or fifth year, for \$875,000; and (c) if right of renewal is exercised, during next five years, for \$950,000.

Capital Stock.—Authorized and outstanding, \$1,500,000; par, \$100. The entire capital stock has been deposited with Columbia Trust Co., New York, under terms of option stated above.

Bonded Debt.—\$1,200,000 First Gold 5s; dated Aug 1, 1914; due Aug 1, 1934; int. F & A 1, at Columbia Trust Co., New York, Trustee. Coupon, \$200 and \$1,000; principal may be registered. Authorized issue, \$1,200,000. Subject to call at par and interest on any interest date, upon 30 days' notice. Issued in payment of property of Oklahoma Central Ry. A first lien on entire property. Normal Income Tax deducted from interest.

\$1,500,000 20-Year Income 6s: dated Aug 1, 1914; due Aug 1, 1934. Interest not exceeding 6% per annum is to be paid when declared by the board out of net surplus earnings, the directors having sole right to determine the extent to which, if at all, the net earnings shall be applied to payment of int. No interest can be paid on these bonds during first three years, because rental is sufficient to cover only interest on First Mortgage bonds. Coupon, \$500 and \$1,000. Columbia Trust Co., New York, Trustee. Authorized issue, \$1,500,000. Entire issue is deposited with Columbia Trust Co., New York, under terms of option stated above.

Officers: Henry L. Cohen, Pres.; Graham Adams, V-P. & Treas., New York; N. A. Gibson, Sec., Muskogee, Okla. **Directors:** F. J. Lisman, H. L. Cohen, Graham Adams, New York; N. A. Gibson, Geo. H. Lessley, Muskogee, Okla.

ATLANTA, BIRMINGHAM & ATLANTIC RY.

History.—Incorporated Aug 10, 1914, in Ga.; charter amended Jan. 3, 1916; successor as of Jan 1, 1916, to the properties, franchises, etc., of the Atlanta, Birmingham & Atlantic RR Co., Georgia Terminal Co. and Alabama Terminal RR Co., sold at foreclosure pursuant to the terms of a reorganization plan shown in *Manual for 1916, Railroad Volume*, page 49 et seq. The duration of its charter is one hundred and one years.

Resumé of Reorganization.—Default having been made in the payment of interest on the First Mortgage 5% bonds of the Atlanta, Birmingham & Atlantic RR Co., due Jan 1, 1936; and on First Mortgage 5% bonds of the Georgia Terminal Co., due Jan 1, 1927; and on the First Mortgage 5% bonds of the Alabama Terminal RR Co., due July 1, 1927, proceedings were had in the District Court of the United States for the Northern District of Alabama, and in the District Court of the United States for the Northern District of Georgia, for the foreclosure of the mortgages securing said bonds, and, by decrees dated July 5, 1913, all the properties, railroads, appurtenances, equipment and franchises formerly belonging to the Atlanta, Birmingham & Atlantic RR Co., Georgia Terminal Co. and the Alabama Terminal RR Co., were sold on June 5 and 6, 1914, subject to the obligations set forth in said decrees, which sales were confirmed by decrees of court dated June 5 and 8, 1914. By the foreclosure of the above mentioned mortgages, the equity in the properties covered thereby was completely wiped out, and the stock of said companies thereafter ceased to have any value.

The properties, railroads, appurtenances, equipment and franchises sold under the above mentioned decrees were subsequently acquired by the Atlanta, Birmingham & Atlantic Ry Co., which company, pursuant to its charter and by resolutions of its stockholders and directors, at their respective meetings held on Dec 10, 1915, and Dec 11, 1915, and Feb 5, 1916, authorized the issuance of the following securities: \$30,000,000 Com. stock; \$5,250,000 5% 15-year Income Mortgage bonds, and \$15,000,000 First & Refunding bonds. The Railroad Commission of Georgia, by its orders dated Aug 26, 1914, and Jan 12, 1916, approved and authorized the issuance of said securities.

In addition to the above securities, the Atlanta, Birmingham & Atlantic Ry Co. assumed the \$4,090,000 First Mortgage bonds of the Atlantic & Birmingham Ry Co. All other funded obligations of the Receiver of the Atlanta, Birmingham & Atlantic RR Co., Georgia Terminal Co. and the Alabama Terminal RR Co., including \$4,994,000 Receiver's Certificates and \$1,028,000 equipment trust obligations assumed by the Railway Company, were provided for by the issuance of Income bonds and the sale of the stock of the Railway Company.

The terms and conditions of the foreclosure decrees having been complied with, the court by appropriate order bearing date of Dec 30, 1915, authorized and directed the Receiver of the Atlanta, Birmingham & Atlantic RR Co., Alabama Terminal RR Co. and Georgia Terminal Co. to deliver at midnight on Dec 31, 1915, all the properties sold under the decrees of foreclosure and sale, and theretofore belonging to said companies, and pursuant thereto, the same were accordingly delivered to the Atlanta, Birmingham & Atlantic Ry Co.

These bonds were issued to provide funds to retire the Receiver's certificates of the Atlanta, Birmingham & Atlantic RR Co., to retire \$146,000 equipment trust obligations and to provide \$100,000 in cash, which was paid into court in connection with the foreclosure sale. A lien on the property of the company, subject to the Atlantic & Birmingham Ry First Gold 5s and also to the lien of the new First & Refunding mortgage. Interest paid without deduction for Normal Income Tax.

Income Bond Reserve Fund.—The interest on the Income bonds shall not be cumulative. The directors, may, however, reserve in any fiscal year from net income an amount not in excess of 20% of the net income of the Company, or in any event in excess of \$100,000 in any fiscal year. The total amount so reserved and at any time unpaid, shall not exceed, exclusive of interest, \$300,000 in the aggregate. All amounts so reserved shall be carried to a fund to be designated "Income Bond Reserve Fund," which shall constitute a corporate liability and carry interest at the rate of 6% per annum, with semi-annual rests. The Income Bond Reserve Fund may be distributed to the Income bonds, in the discretion of the directors at any time and in any amount, but if in any fiscal year, while there shall be any amounts carried in the Income Bond Reserve Fund, there shall be any net income of the Company in excess of (1) the amount required to pay the full interest upon the income bonds for such fiscal year, plus (2) an additional amount equal to 20% of the net income of the Company, but not in excess of \$100,000, then any such excess (not exceeding the amount then in the Income Bond Reserve Fund) shall be paid over by the Company to the Trustee,

for distribution to the holders of Income bonds, upon the next ensuing interest date, and the Income Bond Reserve Fund, upon such payment, shall be reduced by the amount thereof.

Any and all amounts in such Income Bond Reserve Fund, with interest, at the date of maturity of the Income Bonds, shall be paid over to the Trustee for the benefit of the holders of such bonds.

Dividend Provisions.—No dividends shall be declared on any stock of the Company of any class, unless, at the time of such declarations, all amounts in the Income Bond Reserve Fund shall be set aside for distribution to the Income bonds, and no such dividends shall be paid unless the amount so set aside shall have been paid to the Trustee, for payment to the holders of the Income bonds upon the next succeeding interest date. Failure to make any such payments shall constitute default under the mortgage securing the Income bonds, on the happening of which, the principal of such Income bonds may become or be declared due.

OTHER OBLIGATIONS.

Reserves have been provided to retire \$105,000 equipment obligations with accrued interest to maturity and to retire \$25,000 Receiver's Certificates. These obligations of the Receiver of the Atlanta, Birmingham & Atlantic RR Co. and its subsidiaries (in the hands of the public as of June 30, 1916), will be retired when presented. The company on June 30, 1916, also had on special deposit \$222,766.70 to retire equipment obligations of the Receiver of the Atlanta, Birmingham & Atlantic RR Co., with accrued interest to maturity, and to pay other interest on funded debt of the Railway Company due as of June 30, 1916.

Annual meeting, Sept 8.

General office, Atlantic, Ia.

ATLANTIC, QUEBEC & WESTERN RY (Independent).—Formed in 1901 under Acts of Parliament of Canada and of Province of Quebec to construct, equip and work a line of railway about 362 miles in length, consisting of two sections, both starting at or near the Harbor of Gaspé—the interior section being 262 miles and the Coast section 102 miles in length. The company received cash subsidies from the Dominion Government of \$6,400 per mile and \$250,000 for bridges on completion of the Coast section from Paspebiac to Gaspé, and the Quebec legislature authorized a grant of 4,000 acres per mile in respect of 100 miles of railway. The land granted by the Quebec Legislature has been sold, the price realized being £205,132. This amount has, in accordance with the trust deeds, been handed over to the trustees of the First Mortgage bondholders, and duly invested by them. By acts of 1907 and 1908 the company was authorized (1) to construct a line from Matapedia to Edmundston; (2) to acquire by agreement the railway known as the Baie des Chaleurs line (100 miles) of the Atlantic & Lake Superior Ry Co., which runs from Paspebiac to Matapedia on the Intercolonial Ry; (3) to enter into amalgamation and other agreements with other companies, and (4) to raise additional capital.

Line of road owned: New Carlisle to Gaspé, 102.42 miles; operated under trackage rights, 1.75 miles—total operated, 104.17 miles. Gauge, standard. Equipment: Locomotives, 10; cars, 49.

Capital Stock.—Authorized, \$5,000,000; issued June 30, 1916, \$2,000,000, fully paid, of which \$1,500,000 has been issued credited as fully paid to the contractors; par, \$100. No dividends have as yet been paid.

Bonded Debt.—£525,500 (\$2,548,675) First Mortgage 5% Debenture Bonds; repayable July 1, 1935; interest J & J 1, at London City & Midland Bank, Ltd., London, Eng. Coupon, £100; principal may be registered. Trustees: Edward B. Read and Frank H. Jones. Authorized at the rate of \$45,000 per mile. Subject to call at 110 on any interest date upon 6 months' notice. The cash subsidies have been deposited with the Trustees for the bondholders and were sufficient to meet the interest on the bonds until Dec 31, 1915. The Company has undertaken not to issue more than £525,700 of these bonds, and has agreed to provide for future payments in excess of that amount by an issue of securities, ranking after these bonds. Secured by trust deeds, dated June 26, 1905, and July 3, 1906, as a first charge on the line, stations, lands, buildings, rolling stock and plant.

Income Account, year ended June 30, 1916.—Gross, \$103,005; operating expenses, \$128,620; loss from operations, \$25,615; other income, \$74,684; net income, \$49,069; debenture interest, \$63,716; deficit for year, \$14,647.

Officers: Earl of Ranfurly, Pres.; D. H. Alexander, V-P; E. B. Read, Mng. Dir.; E. S. Elvey, Sec. & Treas., London, Eng.; J. S. Gordon, Gen. Mgr., New Carlisle, Que. **Directors:** The President, Vice-President, Managing Director, Wm. Moffatt and J. G. Pease, London, Eng.

BIRMINGHAM & SOUTHEASTERN RY (Independent).—Inc. in Mar 1901, in Ala., as Union Springs & Northern Ry.; name changed to above in May, 1911. Extension from Fort Davis to Milstead, 19 miles, was completed in 1911; extension to Tallassee in Sept, 1912; to Eclectic in June, 1913. On April 15, 1912, purchased the Tallassee & Montgomery Ry (see Manual for 1912, page 932). Line of road; Union Springs to Eclectic, Ala., 48.2 miles. Gauge, standard. Equipment: Locomotives, 5; cars, 10.

Interest Unpaid.—The company failed to pay the Nov 1, 1916 interest on the First Gold 6s, when due, but has 90 days' grace. The following committee in Nov, 1916, requested deposit of bonds with Central Trust Co., New York, Depositary. Committee: George C. Van Tuyl, Jr., Chairman, H. A. Smith, with H. M. De Lanoie as Sec., 66 Broadway, New York, and I. H. Lehman, counsel.

Investigation.—Salesmen who placed a large portion of the outstanding First Gold 6s, claim to have done so under an implied, if not an expressed warranty. Not being satisfied that the failure to pay interest is justified, nor that the above committee represents all interests in the bonds, they asked holders in Nov, 1916, to communicate with John A. Smith, an attorney of Rockford, Ill., or Frederick Carles, 1411 Chestnut St., Philadelphia, who propose to make a thorough investigation without expense to the bondholders generally.

Capital Stock.—Authorized, \$1,000,000; outstanding, \$700,000; par, \$100. No dividends paid.

Bonded Debt.—\$519,000 First Gold 6s; dated May 1, 1911; due May 1, 1961; int. M & N 1, at Central Trust Co., New York. Coupon and registered, \$100 and \$1,000; interchangeable. Central Trust Co. and William Goodman, New York, Trustees. Authorized, \$3,000,000. Subject to call as a whole at 107½ and interest on any interest date. A first lien on 48 miles of road, Union Springs to Eclectic, Ala. *Interest due Nov 1, 1916 unpaid, but company has 90 days' grace.*

\$161,000 General and Equipment Gold 6s; dated Feb 1, 1914; due Feb 1, 1924; int. F & A 1, at Columbia Trust Co., New York, Trustee and Registrar. Coupon, \$1,000; principal may be registered. BOSTON RAILROAD HOLDING CO.

Incorporated June 18, 1909, under Special Act of the Mass. Legislature, for the sole purpose of acquiring and holding the whole or any part of the capital stock, bonds and other evidences of indebtedness of the Boston & Maine RR. The original \$100,000 capital stock to be held by the incorporators or their successors. On Oct 6, 1909, the Company took over the \$10,994,800 Boston & Maine RR stock purchased from the Billard Co., which was formed in Feb, 1909, in Conn. to purchase, hold, pledge and sell shares of stock and other securities of the Boston & Maine RR.

It is provided in the charter that the Commonwealth of Massachusetts may, at any time, by Act of the Legislature, upon one year's notice, take or acquire by purchase or otherwise the stock, bonds, notes and other evidences of indebtedness issued by the Boston Railroad Holding Co.; provided, however, that such taking or purchase shall include all said securities of said company; and upon motion of the Attorney General the compensation to be paid therefor shall be determined in the manner provided in Section 7 of Part 2 of Chapter 463 of the Acts of the Year 1906.

Trusteeship.—As the peaceful solution of the so-called "New England Railroad Situation" entailed the segregation of several properties belonging to the New York,

New Haven & Hartford RR Co., amongst others the Boston & Maine RR, the directors of the N. Y., N. H. & H. RR were authorized by stockholders on April 21, 1914, to negotiate with the Department of Justice with a view towards devising methods of accomplishing this in a manner satisfactory to both parties. The Department filed its petition in the District Court of the U. S. Southern District of N. Y., on July 23, 1914, and the Company filed its answer on Sept 17, 1914. An agreed decree was entered Oct 17, 1914, which, so far as the Boston RR Holding Co. is concerned, provided as follows: (1) The New York, New Haven & Hartford RR Co. should transfer to Frank P. Carpenter, of Manchester, N. H., Henry B. Day and Chas. P. Hall, of Newton, Mass., James L. Doherty and Marcus P. Knowlton, of Springfield, Mass., as Trustees, 31,065 shares of Com. stock and 244,939 shares of Pfd. stock (being all of the Com. and all but about 28,000 shares of Pfd. stock) of Boston RR Holding Co., which in turn is the holder of 6,543 shares of the Pfd. and 219,189 shares of the Com. stock (a majority of all outstanding stock) of the Boston & Maine RR Co., in trust to sell the Boston & Maine shares under the order of the Court. (2) The Trustees should hold the shares and exercise all the powers the owners of the shares of the Boston RR Holding Co. are entitled to exercise, excepting the right to sell or dispose of them until otherwise ordered. (3) No order directing the sale of any of the shares of the Boston & Maine RR Co. should be made by the Court until after July 1, 1915, unless the New Haven Company should in writing consent thereto. If no sale should be made before July 1, 1915, the Court, on application of any party, and after a hearing at which the Commonwealth of Massachusetts should be invited to appear, should determine when a sale should be made and fix the terms and conditions thereof. (4) The Trustees should use their best efforts to complete the sale of the shares of the Boston & Maine RR before Jan. 1, 1917. By a decision of Judge Mayer in the Federal District Court of New York on Oct. 21, 1916, the time for completion of the sale of the Boston & Maine RR shares was extended for one year to Jan. 1, 1918.

On Oct 21, 1914, all the directors of the Boston RR Holding Co. resigned and the above-named trustees assumed control, Marcus P. Knowlton becoming president.

Capital Stock.—Authorized and issued, \$3,106,500 Com. and \$27,293,900 4% cumulative Pfd.; par, \$100. Pfd stock has preference as to assets as well as dividends; is subject to call at 110 and accrued dividends and is guaranteed, principal and dividends, by endorsement, by the New York, New Haven & Hartford RR Co. It is a first lien on \$21,918,900 Com. and \$654,300 Pfd. stock of the Boston & Maine RR, constituting over 51% of the outstanding issues. It has no voting power. The New York, New Haven & Hartford RR Co. at June 30, 1916, owned \$3,106,500 (entire issue) of the Holding Company's Com. stock and \$24,493,900 of the Pfd. (see above). Company has no funds with which to pay dividends. Dividends on Pfd. were formerly paid semi-annually, Jan 10 and July 10.

BOSTON & MAINE RAILROAD.

(Control Held by Trustees of Boston Railroad Holding Co.)

History.—Incorporated in 1835, in N. H.; in 1841, in Mass., and in 1843, in Me. A consolidation, Jan 1, 1842, of the Boston & Portland RR of Mass., Boston & Maine RR of N. H., and the Maine, New Hampshire & Massachusetts RR of Me. An extension, Wilmington to Boston, was built under the charter of the Boston & Maine RR Extension; line was completed and merged in the Boston & Maine RR, March 19, 1845. The Eastern RR, 119 miles, and the Portsmouth, Great Falls & Conway RR, 73 miles, were

absorbed in May, 1890. Subsequently, other small lines were acquired and merged—in June, 1899, the Eastern RR in N. H.; in Jan, 1900, the Portland & Rochester RR, the Portland, Saco & Portsmouth RR, and the Portsmouth & Dover RR, and on April 1, 1901, the Central Massachusetts RR. The Danvers RR and the Newburyport RR, all of whose bonds and a majority of whose outstanding capital stocks were owned by the B. & M. RR, were merged with the parent company, as of Oct 30, 1906, the B. & M. RR purchasing their outstanding minority stocks at the price of \$3 per share.

The Worcester, Nashua & Rochester RR was acquired in June, 1911, the B. & M. RR assuming all of its indebtedness, and paying \$150 per share for the outstanding stock not previously acquired. The total cost of the property was \$7,925,691, including equipment appraised at \$227,243 and expenditures made by the B. & M. RR for improvements since the inception of the lease amounting to \$1,377,492.

The lines of the system are located principally in the States of Massachusetts, New Hampshire, Maine and Vermont—the main lines extending from Boston to Rigby, Me., via Dover and via Portsmouth; Boston to Groveton, N. H., via Lowell, Nashua and Concord; Boston to Northampton, Mass.; Boston to Rotterdam Junc. and Troy, N. Y., via Fitchburg and Greenfield; Springfield, Mass., to Sherbrooke, Canada, via Bellows Falls and St. Johnsbury, Vt.; Jewett, Me., to Intervale, N. H.; Westbrook, Me., to Worcester, Mass., via Rochester and Nashua, N. H., with numerous branches on all divisions.

The Vermont Valley RR, Sullivan County RR, York Harbor & Beach RR, and Mount Washington railways are operated by the Boston & Maine RR, as agent for their stockholders, and their accounts are kept entirely separate and distinct. The St. Johnsbury & Lake Champlain RR is controlled by the Boston & Maine RR, through its lease of the Boston & Lowell RR Corp., and its operations are also reported independently. The Montpelier & Wells River RR and the Barre & Chelsea RR are controlled by the Boston & Maine RR through the Vermont Valley RR Co., but are operated separately. See statements appended.

Hampden RR Corporation.—On Oct 11, 1911, the stockholders approved the agreement for lease of this line, then under construction from Springfield, to a connection with Southern Division at Bondsville, Mass., 14.82 miles, forming a direct line between Springfield and Boston, via the Central Massachusetts RR. The road was practically completed in season to operate trains in connection with the summer schedule effective June 23, 1913, but as the lease of the property has not been approved by the Public Service Commission of Mass., the road has not been opened for operation and the Boston & Maine has not as yet assumed any obligations under the lease. A suit, seeking to recover \$4,000,000 damages on account of alleged failure to accept the lease was filed Sept 9, 1914, in Superior Court at Springfield, Mass., by Hampden RR Corporation.

Lease of the Suncook Valley RR.—The lease of this company expired by limitation on December 31, 1911. A new lease of the properties was taken on Jan 1, 1912, for the term of two years, at an annual rental of \$10,551, being 3% on the outstanding capital stock, with organization expenses of \$300 per annum. Lease was extended for two years from Jan 1, 1914, at the same rental and has been extended from Jan 1, 1916, indefinitely, subject to cancellation on 60 days' notice. A proposition was submitted, with the approval of the Concord & Montreal RR to exchange the stock of the Suncook Valley RR for Concord & Montreal stock in the ratio of one share of Concord & Montreal for three shares Suncook Valley, but it is not yet accepted.

Electric Lines.—The Portsmouth Electric Ry, with 18.10 miles of lines, extending from Portsmouth to North Hampton, N. H., is owned and operated by the Boston & Maine RR; and the electric branch of the Concord & Montreal RR, connecting the towns of Concord, Manchester and Penacook, N. H., 28.70 miles, is operated by the Boston & Maine RR as the Concord & Manchester Electric Branch of the Concord & Montreal RR.

Sale of Capital Stock of Maine Central RR Co.—Stockholders on March 30, 1914, voted to sell to the Maine Rys Co. the capital stock of the Maine Central RR Co. at that time held by the Boston & Maine RR Co., viz: 159,601 shares. The consideration was \$15,162,099.75, or at the rate of \$95 per share, settlement being made \$12,162,000 in 5-year 5% Gold Notes of the Maine Rys Co., due April 1, 1919 at par; \$3,000,000 in note of Maine Central RR Co. to Maine Rys Co., endorsed to the Boston & Maine RR Co. (paid April 18, 1914), and the balance \$99.75 cash. This stock was carried on the books of the Boston & Maine RR Co. at (\$102.12 per share) \$16,298,998.29, and the loss resulting from the sale amounting to \$1,136,898.54 was charged to Profit and Loss.

Control.—In June, 1907, the New York, New Haven & Hartford RR Co. acquired \$10,994,800 of the capital stock of the Boston & Maine RR, which was subsequently exchanged, share for share, for stock of the "New Haven Company." In consequence,

however, of agitation in the Massachusetts Legislature, with respect to "foreign" control, the stock was sold in June, 1908, to John L. Billard, of Meriden, Conn. Additional stock was subsequently acquired in the same interests, and in Feb, 1909, authority was granted by the Connecticut Legislature for a charter for a corporation under the style of the Billard Company, with power to purchase, hold, pledge, and sell shares of stock and other securities of the Boston & Maine RR.

In June, 1909, the Mass. Legislature passed a law authorizing the Boston Railroad Holding Co. (see a preceding page) to hold the securities of the Boston & Maine RR, and on October 6, 1909, that company took over the \$10,994,800 B. & M. stock purchased from the Billard Company at \$140 per share. As of June 30, 1916, the Boston Railroad Holding Co. owned \$21,918,900 Com. and \$654,300 Pfd. stock of the Boston & Maine RR Co. The Boston RR Holding Co. was in Oct, 1914, placed in the hands of Frank P. Carpenter, Manchester, N. H.; Henry B. Day, Charles P. Hall, Newton, Mass.; James L. Doherty and Marcus P. Knowlton, Springfield, Mass., as Trustees, for the purpose, amongst others, of disposing of its holdings in Boston & Maine RR stock. (See also under Boston RR Holding Co.). These trustees were also elected directors of the Boston & Maine RR in Oct, 1914.

Committee for Leased Lines.—On June 7, 1915, a committee was formed, consisting of one member for each of the following named leased lines: The Boston & Lowell RR Corp., Philip Dexter; Fitchburg RR, Gordon Abbott; Connecticut River RR, Richard Olney; Concord & Montreal RR, B. A. Kimball; Northern RR, A. W. Sulloway; Manchester & Lawrence RR, Calvin T. Page; Lowell & Andover RR, C. F. Young. The purpose of this committee was to secure the necessary legislation and to look after the interests of the leased roads throughout the reorganization.

Preferred Stockholders' Committee.—The following committee was appointed in March, 1916, to look after the interests of the Pfd. stock exclusively in the reorganization: Jasper Whiting, Louis A. Frothingham, Wallace B. Donham, with Harry C. Benner as Sec., 89 State St., Boston. Circulars requesting proxies were addressed to Pfd. stockholders on March 13, 1916.

Reorganization Committee.—A reorganization committee in connection with the below plan was formed in Feb, 1916, consisting of Henry B. Day of the Federal Trustees, Charles P. Hall and Charles S. Cook as representatives of the Boston & Maine RR Co.; Gordon Abbott, Alvah Crocker and Moses Williams, Jr., representing the Fitchburg RR and Philip Dexter and Charles Francis Adams, representing the Boston & Lowell RR.

Proposed Merger Plan.—Directors of company issued a circular to stockholders, dated Feb 11, 1916, reviewing the financial structure of the system and pointing out that it entailed fixed charges for rentals, etc., altogether out of proportion to the amount of stock issued as well as the net earnings available for charges. In this circular it was suggested that any new plan of reorganization should involve the reduction of these fixed charges by the consolidation of several of the leased lines and the substitution of Pfd. stock of the consolidated company for the interests owned by the stockholders of the leased roads. Under the suggested plan stockholders of the leased roads would be paid substantially the same amount in First Pfd. dividends as they were then receiving as rentals. The plan was conditioned upon new cash to the amount of \$17,062,000 being provided by the sale of that amount of First Pfd. stock additional. This First Pfd. stock was not to be cumulative until after three years. By this means the oppressive rentals being paid for leased lines by the Boston & Maine were to be discontinued and their place taken by contingent liabilities, viz., dividends on Pfd. stock.

Details of Plan.—The plan provided for the formation of a new corporation under the name of Boston & Maine RR Co., to acquire the property of the old company and that of subsidiary lines, including the Hampden RR. The new corporation was to first issue \$17,062,000 6% First Pfd. stock (to be cumulative after three years), \$3,149,800 6% non-cumulative Second Pfd. and \$39,505,100 Com. The Second Pfd. and Com. stock was to be issued and fully paid upon transfer of property of old corporation. First Pfd. was to be issued for cash at par, the plan being conditioned upon \$17,062,000 of new cash being paid in. Preference was to be given stockholders in the old corporation, rights being assignable. Arrangements were to be made by which stockholders might secure loans with which to make the purchase. Stockholders of the Boston & Maine RR were to be obliged to make contribution either by direct payment of money in the form of a subscription of 40% of their holdings to the new First Pfd. stock, or by payment in cash of \$5 per share or by giving up one-fifth of their stock. In addition to these amounts of stock additional First Pfd. and Second Pfd. were to be issued to stockholders of the subsidiary lines in accordance with the schedule given below, making in all a total of \$57,539,900 First Pfd., \$4,549,800 Second Pfd. and \$39,505,390 Com. The bonded debt of the new corporation would be \$99,202,000. To fund the floating debt of the various subsidiary companies and to make necessary improvements the new corporation would issue \$15,000,000 5% bonds. The following is a schedule according to which the various stock issues were to be made:

Directors of the Fitchburg RR Co. and also of the Boston & Lowell RR Corp. agreed to recommend the acceptance of this plan to their stockholders and in a circular advised its adoption

Receivership.—When it was found that a friendly reorganization could not be accomplished, except on terms that would not furnish the necessary relief to the properties as a whole, receivership, which had been postponed again and again, became inevitable, and on Aug 29, 1916, James H. Hustis, President of the company, was appointed Temporary Receiver by the United States District Court for the District of Massachusetts.

On Sept 5, 1916, the board of directors addressed a letter to the stockholders explaining their action as follows:

"We have hitherto had occasion to say to you repeatedly that, in the opinion of this board, a reorganization of the Boston & Maine system offered the only practicable way in which the road could be effectively relieved from its financial difficulties. Better credit, new capital and a safer ratio of fixed charges to income have appeared to us to be indispensable to the permanently successful operation of the system as a whole, and we have believed that these could be adequately obtained only by a consolidation of its component parts into one strong corporation. Hence we have done all we could to bring about such a reorganization by friendly negotiations and to avoid a receivership. A majority of our board has been willing to make concessions to the leased lines to accomplish this result, feeling that the ultimate gain would justify the present sacrifice.

"But with deep regret, we are obliged to report that our efforts have failed. It became apparent before the meeting of our board on Aug 22 that a friendly reorganization, outside of a receivership, could not be accomplished on any fair basis.

"In this state of things, it became necessary for us to determine what it was our duty to do. It seems hardly necessary for us to say that this board, which has fought off a receivership for nearly two years, could bring itself to accept such an outcome only with the greatest reluctance.

"But upon the most careful consideration we could give to the matter there seemed to be nothing else to do. That the road could not pay its maturing obligations was perfectly clear. The \$13,306,060 of short-term notes of the Boston & Maine, and the \$2,300,000 of notes of the Vermont Valley RR endorsed by the Boston & Maine were sure to be overdue on the first day of September. On the same day claims were sure to be made against the Boston & Maine on \$2,000,000 of notes of the Connecticut River RR. To meet these claims, amounting to about \$17,600,000, the road had \$8,107,717.26 of cash on hand and \$2,389,930 of so-called quick assets, which could probably be realized on at short notice only by a considerable sacrifice. Nor could the available cash be properly applied in part payment of these claims, for it is obvious that a road without credit must carry a considerable cash balance to meet its current operating obligations, and debts of this character to the amount of approximately \$3,000,000 must be paid between now and the first of January. It is clear, of course, that if all these claims were permitted to become overdue and were not extended, the company would probably be immediately overwhelmed with attachments of its property, which it would have no means of removing, and which would probably seriously impede, if not prevent, its operation of the road. Sound judgment required us to take such action as would protect the road against such attachments.

"Furthermore, your officers realize that upon them is put the responsibility of seeing that the company performs its full duty of service to the public. The physical limitations of the road as a transportation agency are a matter of public record. We do not feel that under present conditions it can satisfactorily care for the business which is offered to it, much less take care of the probable growth of its traffic. Our sense of responsibility requires us to say that it is the duty of the company to put itself in a position where it can fully perform these public functions.

"It is claimed by some that we should have sought a further extension of these notes. But it seemed clear to us that we ought not to do so unless we saw in such a move some reasonable hope of permanent relief. Under the law, such notes can be extended only for short periods, not exceeding one year, and there seems to be no reasonable expectation that they could be taken care of in that time out of earnings. Funding them by the issue of stock or bonds is, of course, impossible in the present condition of the road's credit. Were we to obtain one extension it would only lead up to another, and merely perpetuate present conditions with no likelihood of permanent relief.

"It must be remembered that we have already extended many of these notes seven times. A majority of our board have thought it wise to do this as long as there was a reasonable hope of a friendly reorganization which would take care of them permanently. In fact, the prospect of such a reorganization has been the chief argument which has persuaded the noteholders to extend. And there is every reason to suppose that many of them would refuse to extend further, now that there is no longer hope of such reorganization. There has never been an extension yet in which some have not refused to extend, and the number of refusals would probably be very greatly increased when it is apparent that one extension can only lead to another, and that no extension by part of the noteholders will do any good unless the number and amount of those who refuse be such that the company can justly pay them in full without seriously impairing the security of the other creditors.

"But even if practically all the holders of these notes stood ready to extend, it would not materially affect the desirability of a receiver. In the absence of any hope of a friendly reorganization, the argument in favor of extension is that if given time the road may be able to pay these notes out of its own earnings. But if the present favorable conditions continue long enough to enable the road to pay this debt, it is evident that the radical difficulty with the present system will remain and our troubles will recur whenever we strike a few bad years. Assuming that if it were possible for the road to work itself out of its financial difficulties by its own efforts, it is clear that it would

take time to do so and that in the meantime it should be protected from the ruinous attacks of creditors seeking to get ahead of each other in the collection of their claims. In short, if there is anything in the claim that the company can rehabilitate itself if given a chance, a receivership offers the best opportunity to try the experiment under the most favorable conditions.

"Whatever view may be taken, therefore, as to the future of the road—whether it is believed that its only safety lies in a fair and just consolidation, or that it should be left to its own resources—a receivership, conducted under the direction of the court, seems equally necessary and desirable, and seems to us to guarantee equitable treatment to all parties. Believing this, we approved of the petition for a receivership brought by the Inter-continental Rubber Co. and filed in the United States District Court for the District of Massachusetts on Aug 22, 1916, and at the meeting held that day our board unanimously voted to instruct counsel to admit the allegations of the petition and consent to the appointment of a receiver. We did this because it commended itself to our judgment as the best thing to do for the interests of all concerned under the circumstances, and in taking this action we were actuated by the desire to safeguard your interests to the best of our ability. We firmly believe that time will show that we acted wisely."

At a stockholders' meeting, held on Sept 19, 1916, by a vote of 326,135 in favor and 8,457 against, the action of the directors in consenting to an order of the Court appointing a receiver, was ratified and approved.

Receivership Sustained.—Judge Morton in U. S. District Court at Boston on Jan 5, 1917, decided to sustain the receivership, pending final determination of the questions of law involved. Minority stockholders for five weeks had opposed a continuance of the temporary receivership.

Interest Defaulted, Etc.—The Company has defaulted in the payment of the semi-annual interest due Sept 1, 1916, on the \$10,000,000 4% 20-year bonds which mature Sept 1, 1926. The interest due Oct 1, 1916, on the \$11,700,000 4½% bonds, due April 1, 1929, has also been defaulted. It is not the intention, however, to default in the payment of interest and rentals due the leased roads.

RAILROADS LEASED TO BOSTON & MAINE RR CO.

BOSTON & LOWELL RR CORP. (Operated under Lease).—Inc. June 8, 1830, in Mass.; main line, Boston to Lowell, completed June 26, 1835. Leased to Boston & Maine RR for 99 years from April 1, 1887, at rental of 7% on stock for first 10 years and 8% thereafter, together with interest on bonds and \$7,000 per annum for organization expenses.

The Manchester & Keene RR is owned by this company, jointly with the Concord & Montreal RR Co. The Connecticut & Passumpsic Rivers RR, Nashua & Lowell RR, Northern RR, Peterborough RR, Stony Brook RR and Wilton RR are leased directly to the Boston & Lowell RR for 99-year periods, and their leases have been assumed by the Boston & Maine RR. The Concord & Claremont RR and Peterborough & Hillsborough RR are controlled by the Northern RR, through stock ownership; and the Massawippi Vy Ry is leased for 999 years to the Conn. & Passumpsic Rivers RR. The Boston & Lowell RR Corp. controls the St. Johnsbury & Lake Champlain RR Co. through ownership of a majority of both common and preferred stocks, but the road is operated by its own organization.

The Boston & Maine RR has assumed all the obligations of the Boston & Lowell RR in respect of the leases of the several railroads named below. It is also provided that in the event of the termination of the lease of the Boston & Lowell RR to the Boston & Maine RR, the former shall assume the remaining term of the lease of the Concord & Montreal RR.

Stockholders' Committee.—In Feb, 1916, F. L. Higginson, C. E. Colling, C. F. Adams and Philip Dexter were requested to act as a stockholders' committee for the stockholders of company, to promote the plan for reorganization of the Boston & Maine RR system.

Proposed Merger Plan.—See under Boston & Maine RR.

CONCORD & MONTREAL RR (Operated under Lease).—Inc. Aug 14, 1889, in N. H.; consolidation of Concord RR Corp and Boston, Concord & Montreal RR; the constituent companies retaining, however, their nominal corporate existence in order to safeguard certain leases and contracts which cannot legally be vested in the consolidated corporation. So long as said corporations exist, the Concord & Montreal RR is obligated to pay to the Concord Corp, \$500 per annum, and also to the Boston, Concord & Montreal RR Co., \$300 a year, for corporate expenses. The railroads owned, leased and controlled by the Concord & Montreal RR are leased, under date of June 29, 1895, to the Boston & Maine RR for 91 years, from April 1, 1895, at rental of 7% on capital stock, the lessee assuming all liabilities of the Concord & Montreal RR. The lease further provides, that in the event of the termination of the lease of the Boston & Lowell RR Corp. to the Boston & Maine RR, the former shall become entitled to the remaining term of the lease of the Concord & Montreal RR. The Whitefield & Jefferson RR, 34 miles, was absorbed on Jan 1, 1904, and the Nashua, Acton & Boston RR, 20 miles, was purchased at foreclosure sale, March 5, 1906. The Nashua & Acton RR, which was organized as successor to the Nashua, Acton & Bos-

ton RR, is controlled by the Concord & Montreal RR through ownership of entire capital stock.

The Manchester & Keene RR is owned jointly with the Boston & Lowell RR Co. and the Franklin & Tilton RR jointly with the Northern RR Co.; the other lines are operated under lease.

Proposed Merger Plan.—See under Boston & Maine RR.

Leased Lines.—The following lines are leased to the Concord & Montreal RR Co., and by it sub-leased to the Boston & Maine RR: Concord & Portsmouth RR to Jan 1, 1961; Franklin & Tilton RR to April 1, 1986; New Boston RR to June 19, 1992; Pemigewasset Valley RR to Jan 2, 1982; Suncook Valley RR on 60 days' notice by either party.

FITCHBURG RR (Operated under Lease).—Inc. originally in Mass., March 3, 1842. The present company, incorporated in Mass., N. H., N. Y. and Vt., is the outcome of various absorptions and consolidations. Leased to Boston & Maine RR for 99 years, from July 1, 1900, at annual rental of 1% on Com. stock, when held by the public, 5% on Pfd. stock, and \$7,000 for expenses of organizations, lessee assuming all obligations of the company. Any benefits arising from reduced rates of interest consequent upon refunding of lessor's debt shall inure to the lessor company.

The Troy & Bennington RR is leased to the Fitchburg RR in perpetuity, at rental of \$15,400 per annum, and the Vermont & Massachusetts RR is leased for 999 years, from Jan 1, 1874, at rental of 6% on stock, interest on bonds and \$3,000 for expenses of organization.

Merger Committee.—Directors of the Fitchburg RR in Feb, 1916, advised the stockholders in a circular that they favored any plan which might be devised for the readjustment of the finances of the Boston & Maine RR and in connection therewith, the surrender of the leases and the exchange of the capital stock of the leased lines for new Pfd. stock of the consolidated Boston & Maine RR. The committee on merger, appointed by the company, consisted of Gordon Abbott, Alvah Crocker and Moses Williams, Jr., with F. W. Denio as secretary, 17 Court St., Boston.

BUFFALO, ROCHESTER & PITTSBURG RAILWAY CO.

(See Accompanying Map)

History.—Incorporated March 11, 1887, in N. Y. and Pa.; consolidation of Pittsburg & State Line RR (of Pa.) and Buffalo, Rochester & Pittsburg RR (of N. Y.), successors to the Rochester & Pittsburg RR, which was sold under foreclosure in Oct, 1885. The Lincoln Park & Charlotte RR, Lincoln Park to Charlotte, N. Y., 10.3 miles, was merged in fiscal year 1901-2. The lines of the system extend from Buffalo and Rochester, N. Y., to the Pennsylvania bituminous coal fields and Pittsburg, with various branches. The Allegheny & Western Ry, Clearfield & Mahoning Ry and Mahoning Valley RR are leased in perpetuity, the two former at rental of interest on bonds and dividends of 6% on capital stocks, and the latter at fixed rental of \$15,000 per year. In Sept, 1910, the entire \$120,000 capital stock of the Silver Lake Ry was acquired, and on Oct 1, 1910, the road was legally merged in the Buffalo, Rochester & Pittsburg Ry.

Mahoning Investment Co.—Pursuant to authority given at the annual meeting held on Nov 19, 1906, the directors on Dec 13, 1906, sold and transferred to the Mahoning Investment Co. (see *Industrial and Public Utility Volume*) the 39,995 shares of stock of the Rochester & Pittsburg Coal Co., previously owned by the B., R. & P. Ry Co. By this transaction the B., R. & P. Ry Co. transferred to the Mahoning Investment Co. all its right, title and interest in and to the said 39,995 shares of stock of the Rochester & Pittsburg Coal Co., and also any and all rights to dividends hereafter accruing thereon, as well as the voting power, subject, however, to the trust agreement of April 21, 1890, and to the mortgage dated Sept 1, 1887. This company received from the

Mahoning Investment Co. its full-paid capital stock to the amount, at par, of \$4,125,000, being the consideration for said sale, and distributed the same on Dec 27, 1906, among the holders of its Pfd. and Com. stock in the proportion of 25% to the respective holdings of each stockholder of record on Dec 20, 1906.

Ontario Car Ferry Co., Ltd.—This company, whose entire \$500,000 capital stock is owned jointly by the B., R. & P. Ry Co. and the Grand Trunk Ry Co., operates a car ferry across Lake Ontario, between Charlotte, N. Y., and Coburg, Can. Dividends of 5% per annum are paid by this company.

Adrian Realty Co.—This company was organized June 30, 1908, in Pa., with a capital of \$50,000, to acquire and hold real estate. The B., R. & P. Ry Co. owns \$49,600 of the stock, and up to June 30, 1916, had advanced \$192,000 to further carry out the purposes of its organization.

Subsidiary Water Companies.—In order to maintain water rights in Pennsylvania and protect the supply of good water, independent companies were created during the year ending June 30, 1913, and capitalized as follows: Ketner Water Co., \$92,000 stock and \$50,000 6% bonds; Kyle Water Co., \$85,000 stock and \$170,000 6% bonds; Cloe Water Co., \$55,000 stock and \$65,000 6% bonds; Cummings Water Co., \$60,000 stock and \$10,000 6% bonds—total, \$292,000 stock and \$295,000 6% bonds. The entire amount of these securities was issued to the B., R. & P. Ry to reimburse it for the reservoirs and other property transferred, valued at \$419,000.

Trackage Agreement with Lake Shore & Michigan Southern Ry.—Under date of Oct. 1, 1909, an agreement was entered into with Lake Shore & Michigan Southern Ry (now merged with the New York Central RR), as lessee of the Jamestown, Franklin & Clearfield RR, by which trackage rights were granted over the line of the B., R. & P. Ry Co. from Falls Creek to Clearfield, Pa., 30.65 miles. By the terms of this agreement the B., R. & P. Ry Co. is to receive \$42,000 per annum, equivalent to 4% annually on one-half the estimated value of the line over which trackage is granted. The agreement extends over a period of 25 years, and is to continue thereafter unless cancelled by two years' notice from either party.

CANADIAN PACIFIC RAILWAY CO.

(See Accompanying Map)

History.—Incorporated Feb 18, 1881, in Canada for the purpose of taking over the undertaking of the Dominion Government with respect to the construction of a railroad connecting the seaboard of British Columbia with the railway system of eastern Canada. The company purchased the Canada Central Ry, 270 miles, in June, 1880, and the western section of the Quebec, Montreal, Ottawa & Occidental Ry, 120 miles, in March, 1882. The North Shore Ry, 159 miles, was acquired in 1886, and the Dunmore to Lethbridge section of the Alberta Ry & Coal Co., 105 miles, in 1897. Other lines and extensions have been built at various times, the completed mileage absolutely owned, as of June 30, 1916, aggregating 7,960 miles. The Atlantic & North West and Manitoba South Western Colonization railways have been taken over under perpetual lease; the terms of the other leased lines being given in the separate statements therefor hereunto appended. The Canadian Pacific main line extends from Montreal to Vancouver, 2,899.1 miles; the total mileage worked by the C. P. proper as of June 30, 1916, being 13,377.2 miles.

To aid in the construction of the railway, the company received a cash subsidy of \$25,000,000 from the Dominion Government, and its railway, rolling stock and other property, as well as its capital stock, are to be free from taxation by the Dominion Government for all time.

The Railway System comprises a transcontinental line extending from St. John, N. B., via Montreal, Quebec, Port Arthur, Winnipeg, etc., to Vancouver, B. C., on the Pacific Coast, together with branches to Edmonton, Prince Albert, Calgary, and other points. The company owns and operates through the Canadian Pacific Ocean Services, Ltd., a large fleet of steamboats (some 76 in number); also owns and operates a chain of sixteen hotels, its own elevators, parlor and sleeping cars, and conducts its own express, telegraph and news service. A fleet of fifteen ocean liners, with an approximate tonnage of 100,000 tons, maintains steamship communication between Montreal and Liverpool, England, on the Atlantic, and between Vancouver, B. C., and Asiatic ports on the Pacific. The company has a contract with the Imperial Government for the carriage of the mails between Liverpool and Hong Kong.

Canadian Pacific Ocean Services, Ltd.—The directors have had under consideration for some time the desirability of transferring to a steamship company the steamships engaged in traffic on the Atlantic and Pacific Oceans, so as to more effectually separate the railway and steamship finances and operations. To that end, a company has been organized under the laws of Great Britain, known as the Canadian Pacific Ocean Services, Ltd., with an authorized capital of £2,000,000 sterling, having for its purpose, amongst other things, the acquisition and operation of ocean steamships and the interchange of traffic with the company's railway lines and others. The requisite extension of the company's charter powers has been secured to enable it to hold stock and securities of the Canadian Pacific Ocean Services, Ltd., and to guarantee payment of the principal and interest of such securities as may be issued, with consent of the Canadian Pacific Ry. Co. shareholders. It is proposed that the Canadian Pacific Ocean Services, Ltd., shall purchase and take over the company's interest in all of the steamships and their appurtenances engaged in ocean traffic, as well as those of the Allan Line SS. Co., which has been under company's control for some time. A moderate estimate of the value of the steamship property involved in the transaction, after making due allowance for depreciation, is \$23,500,000. As a consideration for the steamships and their appurtenances sold and delivered and for the capital stock of the Allan Line Steamship Co., carrying with it all that company's steamship and other properties, there was received by the Canadian Pacific Ry Co., as fully paid, the capital stock of the Canadian Pacific Ocean Services, Ltd., namely, £1,962,910, being all excepting the shares necessary to qualify the directors of the Steamship Company, and in addition, 5% First Debentures or Debenture Stock of the Canadian Pacific Ocean Services, Ltd., to the amount of £2,865,860 sterling. The stockholders on Oct 6, 1915, passed a resolution approving action of the directors in the formation of the Canadian Pacific Ocean Services, Ltd.

In consequence of the extraordinary conditions created by the present war, the directors considered it advisable to postpone the effective date of the agreement entered into between the Canadian Pacific Ry Co. and the Allan Line Steamship Co. and the Canadian Pacific Ocean Services, Ltd., authorized by resolution passed at the 1915 annual meeting, for the acquisition by the last named company of the capital stock of the Allan Line now held by the Canadian Pacific Ry and of the vessels of the Canadian Pacific Ry Co. named in the resolution. The directors have, however, thought it

desirable to enter into an agreement with the Canadian Pacific Ocean Services, Ltd., dated Dec 7, 1915, under which the vessels of both fleets are operated by that company as managers and agents. In view of the possible changes in the conditions pertaining to ocean traffic, the directors consider that it may be advisable, in the company's interests, that in giving effect to the proposals previously approved a somewhat different plan should be adopted, and a resolution was approved by stockholders at the annual meeting on Oct 4, 1916, granting authority to the directors to carry out the transaction with the Ocean Services or some other company created for that purpose, of which company the Canadian Pacific Ry Co. will have full ownership and control in such manner and on such terms as seem to them proper.

Land Sales.—The sales of agricultural land during the year ended June 30, 1916, aggregated 390,715 acres, for \$6,126,108, being an average of \$15.68 per acre. Included in this area were 8,046 acres of irrigated land, which brought \$54.67 per acre, so that the average price of the balance was \$14.86 per acre.

Controlled Lines.—The Canadian Pacific Ry. Co. controls the Duluth, South Shore & Atlantic Ry Co., and the Minneapolis, St. Paul & Sault Ste. Marie Ry Co. through ownership of a majority of their capital stocks, and guarantees principal and interest of the Consolidated bonds of the former, and interest on the outstanding bonds of the latter.

In April, 1909, the M., St. P. & S. S. Marie Ry Co. acquired a controlling interest (about 51% of the common stock) of the Wisconsin Central Ry Co., and by agreement with the owners of a majority of the Pfd. stock of that company, effected an exchange of Leased Line Certificates for about 90% of the Pfd. stock of that company. The lines of the Wisconsin Central Ry have been, since July 1, 1909, operated by the Soo Line under lease, the Soo thereby obtaining entrances to the cities of Chicago and Milwaukee, which in conjunction with the C. P. lines makes possible through trains from Chicago to Vancouver, Spokane, Seattle and North Pacific coast points. The Wisconsin Central has completed a line into Superior and Duluth, which constitutes the shortest route between Chicago and Duluth.

The Esquimalt & Nanaimo Ry and the Montreal & Atlantic Ry are operated by the C. P. Ry under working agreements, but their earnings are not included in the general income account of that company.

Leased Lines.—The following named companies are operated under 999-year leases at rentals equal to interest on outstanding securities and at not over 4% on securities to be issued, such interest to be guaranteed by the Canadian Pacific Ry Co.: Kingston & Pembroke Ry, Alberta Central Ry, St. Mary's & Western Ontario Ry, Shuswap & Okanagan Ry, Campbellford, Lake Ontario & Western Ry, New Brunswick Coal & Ry, Quebec Central Ry, and Kettle Valley Ry of B. C. For terms of the leases, see statements appended.

Dominion Atlantic Ry.—This company is leased to the Canadian Pacific Ry Co. for 999 years, and the latter company has the statutory authority to acquire the outstanding securities of the Dominion Atlantic Ry Co., viz., £500,000 First Debenture Stock, £400,000 Second Debenture Stock and £292,500 Extension Debenture Stock, the interest upon which is guaranteed by the Canadian Pacific Ry Co., whose stockholders in Oct, 1912, voted authorizing the directors to issue Canadian Pacific Consolidated Debenture Stock to such an amount as may be necessary for the purpose of acquiring the aforesaid securities, not exceeding in the aggregate £1,232,500. As of June 30, 1916, the Canadian Pacific Ry Co. owned \$1,101,849 Ordinary, \$1,310,202 Preferred, \$924,667 2nd Debenture and \$1,423,500 Extension Debenture stock.

Quebec Central Ry.—For the purpose of securing a shorter and more expeditious route between Quebec and points in New England, served by the Canadian Pacific Ry Co.'s friendly connection the Boston & Maine RR, it was deemed advisable to lease the Quebec Central Ry, forming the connection between Sherbrooke and Levis, together with branch lines from Beauce Junction to St. Sabine, and from Tring to Megantic, all in the Province of Quebec, at a rental based upon the interest on the outstanding First, Second and Third Mortgage bonds, and 4% dividends on the outstanding stock for four years from July 1, 1912, and 5% thereafter.

Lake Erie & Northern Ry.—A lease for 999 years, from Dec 1, 1914, of the Lake Erie & Northern Ry., extending from a point at or near Port Dover on Lake Erie through Simcoe, Waterford, Brantford and Paris, Ont., to a connection with Canadian Pacific Ry at Galt, a distance of approximately 51 miles, at an annual rental equivalent to interest of 4% on bonds issued or to be issued by Lake Erie & Northern Ry, with consent of Canadian Pacific Ry Co. was approved by stockholders of the latter company on Oct 7, 1914. This line provides access to territory not formerly served

by Canadian Pacific Ry, and is equipped for operation by electricity, in connection with the Galt, Berlin and Waterloo branch.

There was also approved a lease of Southampton Ry, from a point on Gibson branch of Canadian Pacific Ry, between Millville Station and railway bridge crossing Northeast Nackawick Stream to a point in vicinity of Pokiok Bridge in County of York, all in New Brunswick, a distance of approximately 13 miles, for a term of 99 years, on basis of rental of 40% of gross earnings; a lease of that portion of Fredericton & Grand Lake Coal & Ry from a point on Intercolonial Ry. at or near Gibson, in County of York, to a point at or near Minto, in County of Sunbury, to connect with present line of New Brunswick Coal & Ry., a distance of approximately 31 miles, for a term of 999 years, on basis of rental of 40% of gross earnings; and a lease from Glengarry & Stormont Ry Co. of whole of railway which that company has been by law authorized to construct, whether constructed or to be constructed, from a point on Canadian Pacific Ry. at or near station known as St. Polycarpe Junc., in the County of Soulanges, Quebec, to town of Cornwall, in County of Stormont, Ontario, a distance of approximately 27 miles, for a term of 99 years from date of completion of said railway, on basis of rental of 40% of gross earnings.

New Brunswick Coal & Ry. Lease.—The Canadian Pacific Ry. Co. in Dec., 1914, gave notice that it would apply to the Canadian RR Commission for the sanction of a lease dated Oct. 8, 1914, entered into with the Province of New Brunswick, respecting the railway known as the New Brunswick Coal & Ry.

Glengarry & Stormont Ry. Lease.—The Canadian Pacific Ry Co. gave notice June 5, 1915, that it would apply to the Board of Railway Commrs. of Canada for approval of a 99-year lease, dated June 1, 1915, of the Glengarry & Stormont Ry., extending from St. Polycarpe Junc., Soulanges County, Que., to Cornwall, Stormont County, Ont., about 27 miles.

Esquimalt & Nanaimo Ry.—In 1905, when the Canadian Pacific Ry. Co. acquired the Esquimalt & Nanaimo Ry, it also purchased the unsold lands on Vancouver Island belonging to that company, about 1,400,000 acres in area, at the price of \$1,330,000. Thus far 340,493 acres have been sold, and the remaining area is of great value, although some portions of it are so situated that they cannot well be utilized. There was the possibility that these lands might be subject to taxation if segregated from the Esquimalt & Nanaimo Ry, and, therefore, they were never taken into the accounts of the Canadian Pacific Ry Co. previous to June 30, 1913, but an agreement about taxes has been made with the Government of the Province of British Columbia, and the figures relating to them now appear in the annual statements.

Spokane International Ry.—The Canadian Ry Co. contributed one-eighth of the construction cost of this road (in operation between Spokane, Wash., and East Port, Idaho, a distance of 141 miles), subject to a construction and traffic contract providing that the C. P. Ry Co. upon purchase of 12½% of the stock and bond issues should have an option on a further 52% of the stock at a price to be determined by agreement or arbitration on or before ten years from Jan. 1, 1907. The volume of traffic secured by this connection has become so important that a more permanent arrangement is very desirable. Directors have not as yet decided whether this could be best accomplished by acquisition of capital stock of Spokane International Ry Co., by a guarantee of interest on its bonds, or by some other means.

Toronto Terminals Ry.—To give effect to an agreement with the City of Toronto and to an order of the Board of Railway Commissioners requiring railway companies to provide a Union Passenger Station and Joint Terminals commensurate with passenger traffic of city, and to eliminate grade crossings by the elevation of their tracks in the Joint Terminals on water front, the Toronto Terminals Ry Co. has been organized with the sanction of Parliament, and a contract has been made between Canadian Pacific Ry Co., Grand Trunk Ry Co. of Canada, and Toronto Terminals Ry Co., for construction and operation of the Union Passenger Station and Terminals, which fixes rental to be paid by each company for use of facilities at 5% per annum on one-half the amount of Terminals Ry Co. securities outstanding at any time, provides for the joint and several guarantee by Canadian Pacific Ry Co. and Grand Trunk Ry Co. of Canada of the payment of both as to principal and interest of said securities, and establishes basis on which expense of operating station and terminals shall be divided between companies. The Dominion Government and City of Toronto will participate in expense of carrying out these works on a basis to be determined by agreement between the parties, or to be settled by the Railway Commissioners of Canada, but it is estimated that the portion of the cost to be borne by the Terminals Co. will be approximately \$12,000,000. This contract was approved by stockholders on Oct. 7, 1914.

Joint Guaranty.—Stockholders at the annual meeting on Oct 4, 1916, approved an agreement, dated Feb 1, 1916, between the New York Central, Michigan Central, and Canada Southern Ry Cos. and the Canadian Pacific Ry Co., and the Toronto, Hamilton & Buffalo Ry Co., which in addition to providing for the interchange of traffic passing over the latter company's lines, provides for the issuance by the Toronto, Hamilton & Buffalo Ry Co. of First Mortgage Consolidated bonds not exceeding in amount \$10,000,000, bearing interest at a rate not in excess of 5% per annum, to be issued only with the consent of the other companies, parties to the agreement, and to be unconditionally guaranteed as to principal and interest by these companies jointly and severally.

Exchange of Stock.—The relations between the Consolidated Mining & Smelting Co. of Canada, Ltd., and the West Kootenay Power & Light Co., Ltd., were such as to make it desirable, in the interest of both properties, that they should be under one control, and in order that this might be accomplished, the Canadian Pacific Ry Co. joined with the other shareholders in the West Kootenay Power & Light Co., Ltd., in exchanging its holding of Com. stock in that company for shares in the Consolidated Mining & Smelting Co., on a basis of \$75 of the stock of the Consolidated Company for each \$100 face value Com. stock of the West Kootenay Company.

MINNEAPOLIS, ST. PAUL & SAULT STE. MARIE RY CO.

(Controlled by Canadian Pacific Ry Co.)

History.—Incorporated June 11, 1888, in Minn.; consolidation and merger of the Minneapolis, Sault Ste. Marie & Atlantic Ry, Minneapolis & St. Croix Ry, Minneapolis & Pacific Ry and the Aberdeen, Bismarck & Northwestern Ry. Various branches were afterward built, and several short lines acquired, and in May, 1904, the Bismarck, Washburn & Great Falls Ry, extending from Bismarck to Underwood, N. D., 58 miles, was formally absorbed.

In Dec, 1905, the line from Thief River Falls, Minn., to Kenmare, N. D., 296.44 miles, was completed and put in operation; and during the fiscal year ended June 30, 1907, an extension from Garrison to Max, N. D., 14 miles, was opened for traffic, and new lines were completed in North Dakota, from Max to Plaza, 37 miles; Flaxton to Ambrose, 51 miles, and from Drake to Max, 40.77 miles. An extension of the Egeland line from Brumbaugh to Armourdale, 11.5 miles, was also placed in operation in 1907. During 1910, the company purchased the Cuyuna Iron Range Ry, comprising 46 miles of railway connecting with the main line at Lawler, Minn. The line from Moose Lake to Plummer, Minn., a distance of about 192 miles, was completed and put in operation in Oct, 1910. The Frederic Branch, connecting with the Brooten-Duluth line at a point near Duluth, providing a short line between the Twin Cities and Duluth, was put in operation Aug. 1, 1912. The line between Drake and Fordville, N. D., 130 miles, construction of which was begun in 1910 and temporarily discontinued on account of crop failures, was put in operation Sept 1, 1912. The line from Ambrose, N. D., to White-tail, Mont., a distance of 85 miles, was put in operation late in 1913. A line from Plaza west to the Missouri River, 33 miles, is under construction.

Belt Ry. Co. of Chicago.—During the year ended June 30, 1913, at a cost of \$240,000, the Company acquired 2,400 shares of the Belt Ry Co. of Chicago, thus placing it on a parity with the twelve other lines interested in that Company. The Belt Ry Co. operates extensive switching lines in the city of Chicago.

Control of Wisconsin Central Ry.—On April 1, 1909, this company acquired, at a cost of \$3,658,337.09, about 51% of the outstanding Com. stock of the Wisconsin Central Ry Co. By agreement with the owners of a majority of the Pfd. shares of that company, an exchange has been effected of Soo Line Leased Line Certificates for Wisconsin Central Pfd. shares, the latter being transferred to the M., St. P. & S. S. M. Ry Co., to become its property during the full term of a 99-year lease, which was made a concurrent part of the transaction. The total outstanding Wisconsin Central Pfd. stock was \$11,265,300, of which there had been deposited and exchanged \$11,176,800 as of June 30, 1916. By virtue of this lease, the Soo Line secures entrance to the cities of Chicago and Milwaukee, and in connection with the Canadian Pacific Ry makes possible through trains from Chicago to Vancouver, Spokane, Seattle and North Pacific Coast points. Since July 1, 1909, the Wisconsin Central lines have been operated as the Chicago Division of the system.

Control.—The Canadian Pacific Ry Co. acquired control of the Minneapolis, St. Paul & Sault Ste. Marie Ry Co. in 1888, and, as of June 30, 1916, owned \$6,361,800 of the Pfd. stock, \$12,723,500 of the Com. stock, together with \$3,993,000 of the First Consolidated Mtge. 4% bonds.

Fairmount & Veblen Ry.—During year ended June 30, 1915, company purchased the railroad and property of the Fairmount & Veblen Ry Co. (see 1915 Railroad Volume, page 976), extending from Fairmount, N. D., to Grenville, S. D., 87.17 miles, and commenced operation of the same July 1, 1915.

Minnesota Northwestern Electric Ry.—During year ended June 30, 1915, company purchased the railroad and railroad property of the Minnesota Northwestern Electric Ry Co., extending northeast from Thief River Falls, Minn., 18.67 miles. The Minnesota Northwestern Electric Ry Co. will continue to operate the property under lease from the Soo Line.

LEASED LINE CERTIFICATES.

4% Leased Line Certificates.—Authorized, \$12,500,000; outstanding, June 30, 1916, \$11,176,800; par, \$100. In March, 1909, company agreed to issue its "Leased Line Stock Certificates," at par, in exchange for shares of Pfd. stock of the Wisconsin Central Ry Co. Certificates are issued under an Agreement of Exchange for Wisconsin Central Ry Pfd. stock, dated April 1, 1909, made between the Minneapolis, St. Paul & Sault Ste. Marie Ry, the Wisconsin Central Ry and Jules S. Bache, Newman Erb, N. W. Jordan and J. Augustus Barnard, a committee, and the Bank of Montreal. Under this agreement, the Pfd. stock of Wisconsin Central Ry was exchangeable for Leased Line Certificates, at any time within two years from July 1, 1909, upon payment of a penalty of \$2 per share, and at any time after the expiration of said two years only on such conditions as fixed by the Minneapolis, St. Paul & Sault Ste. Marie Ry Co.

By the terms of these certificates, the M., St. P. & S. S. M. Ry Co. obligates itself to pay to the holders of such certificates 4% per annum, payable semi-annually, A & O 1, at Bank of Montreal, New York, Trustee, and to pay all taxes, liens or assessments of any description which might be levied, or which might accrue upon the Wisconsin Central Pfd. stock held by the trustee. The agreement remains in force until and includ-

ing April 1, 2008. The M., St. P. & S. S. M. Ry Co. covenants and agrees that during the term of the agreement, it will continue to hold and vote the said Pfd. shares in accordance therewith, and will not alienate, pledge or part with the same to any other party or parties than the owners of the certificates issued, and that it will not vote said shares, nor permit same to be voted at any stockholders' meeting of the Wisconsin Central Ry in any manner, as to cause or effect a rescission or breach of any covenant contained in the lease made April 1, 1909, between the M., St. P. & S. S. M. Ry Co. and the Wisconsin Central Ry Co., or vote the shares in any manner so as to permit the issue of any bonded obligations for the purpose of providing money to pay maintenance and operating expenses, taxes or fixed charges, or to discharge floating indebtedness created for any such purpose. The certificates are secured by pledge with the Bank of Montreal of the shares so exchanged. Transfer Agent: Bank of Montreal, New York. Registrar: Empire Trust Co., New York. Listed on New York and London Stock Exchanges.

CENTRAL TERMINAL RY (Controlled by M., St. P. & S. S. M. Ry Co.).—Inc. May 27, 1911, in Ill., to build a railroad from Forest Park to Chicago, Ill., with freight terminals at latter point, which were completed and put in operation April 1, 1914. Terminal property embraces a tract of land, one block wide, on the west side of the Chicago River, in Chicago, Ill. Property is made available by a contract with the

Baltimore & Ohio Chicago Terminal RR Co. for the use of that company's tracks to a connection with the M., St. P. & S. S. M. Ry Co.'s Chicago Division.

Capital Stock.—Authorized, \$2,000,000; paid in, \$1,380,000; par, \$100. All owned by Minneapolis, St. Paul & Sault Ste. Marie Ry Co.

Bonded Debt.—\$6,000,000 **Chicago Terminal First Gold Joint 4s**; dated Nov 1, 1911; due Nov 1, 1941; int. M & N 1, in New York and London. Coupon, \$1,000; principal may be registered, and registered, \$1,000 (exchangeable for coupon bonds), and \$5,000. Guaranty Trust Co., New York Trustee. Authorized issue, \$20,000,000. The unissued bonds are reserved for terminal extensions and improvements, at not exceeding 80% of cost. Subject to call on any interest date since May 1, 1916, as a whole at 105 and interest on 90 days' notice, and in part by lot for sinking fund at 102½ and interest. Sinking fund, beginning in 1916, sufficient to retire at or before maturity all bonds issued. Bonds must be called for redemption at 102½ each year beginning 1916, if not obtainable in the open market at that price or lower. These bonds are a direct, joint and several obligation of the Minneapolis, St. Paul & Sault Ste. Marie Ry Co. and the Central Terminal Ry Co., secured by direct first mortgage on the latter company's railway terminals at Chicago. Listed on the New York Stock Exchange. First publicly offered (\$6,000,000) in Nov, 1911, at 96½ and interest. Interest paid without deduction for Normal Income Tax.

Income Account, year ended June 30, 1916.—Earnings: Rents, \$315,973; interest and discount, \$8,982—total, \$324,955. Expenses: Interest on bonds, \$238,590; extinguished discount on bonds, \$17,640; taxes, \$43,890; general expenses, \$18,474—total, \$318,594. Surplus for year, \$6,361.

General office, Chicago, Ill.

WISCONSIN CENTRAL RAILWAY CO.

("SOO LINE," CHICAGO DIVISION.)

(Controlled by M., St. P. & S. S. M. Ry Co.)

History.—Incorporated Dec 27, 1897, in Wis.; successor, under plan of reorganization, as of July, 1899, to the properties of the Wisconsin Central Co., Wisconsin Central RR, Packwaukee & Mantello RR, Chicago, Wisconsin & Minnesota RR Co., Milwaukee & Lake Winnebago RR, and Central Car Co. Purchased the Marshfield & Southeastern RR, 33 miles, on May 1, 1901.

In July, 1906, the company acquired by deed all the property and franchises of the Lake Superior & Southeastern RR Co. and the Owen & Northern Ry Co., companies organized to build an extension from Owen through Ladysmith to Superior and Duluth, a distance of 160.5 miles. The line from Owen to Ladysmith, 45.5 miles, was built under the charter of the Owen & Northern Ry Co., and was completed for operation in Aug, 1906; the line from Ladysmith to Superior and Duluth, built under the charter of the Lake Superior & Southeastern RR was put in operation Jan 4, 1909. As of Jan 29, 1910, the property of the Abbottsford & North Eastern RR, the entire capital stock and outstanding bonds of which had for some years been owned, was formally conveyed to the Wisconsin Central Ry.

Control.—In Feb, 1909, the Minneapolis, St. Paul & Sault Ste. Marie Ry acquired a majority of the common stock of this company and, as of April 1, 1909, took over the

operation of its properties under 99-year lease. Since July 1, 1909, the Wisconsin Central lines have been operated as the Chicago Division of the system.

CAROLINA, CLINCHFIELD & OHIO RY

(See Accompanying Map)

History.—Incorporated Jan 26, 1905, in Va., as the South & Western RR.; name changed to present title on March 7, 1908. On June 1, 1908, the Lick Creek & Lake Erie RR was merged. The road affords an outlet for coal produced from about 285,000 acres of coal lands, located in Virginia, owned by the Clinchfield Coal Corp. Has completed an extension from Elkhorn City, Ky., on Chesapeake & Ohio Ry, to connection with Carolina, Clinchfield & Ohio Ry, near Dante, Va., 34 miles, which was placed in operation July 1, 1915.

Change in Control—Liquidation of Holding Company.—Prior to May, 1916, the entire capital stock of company, both Com. and Pfd., was held by the **Cumberland Corp.** (see *Railroad Manual* for 1916, page 269). On May 8, 1916, stockholders of the Cumberland Corp. voted to dissolve and to distribute the assets of the corporation. This was done in accordance with the plan shown below, the liquidation being completed May 17, 1916.

Dissolution Plan.—A circular, dated April 10, 1916, was sent to stockholders of the Cumberland Corp. stating that directors had had under consideration the question of dissolution and the distribution of assets, and with that end in view had appointed a committee to study the situation and make a recommendation. This committee consisted of Wallace B. Donham, Lewis B. Franklin, Isaac T. Mann, Robt. C. Ream, Walter T. Rosen and Thomas F. Ryan. This committee favored a dissolution and a stockholders' meeting was called for May 8, 1916, at which the same was authorized.

The assets of the corporation consisted of \$10,000,000 Pfd. and \$25,000,000 Com. stock of the Carolina, Clinchfield & Ohio Ry, and its indebtedness, including estimated expenditures of dissolution, amounted to \$5,937,500, of which \$5,000,000 consisted of Convertible Notes maturing on June 1, 1916. In order to meet this debt, Com. stockholders of the corporation were given the privilege of subscribing, share for share, to the Com. stock of the Carolina, Clinchfield & Ohio Ry at \$25 per share, thus netting the corporation over \$6,000,000. The Pfd. stock of the Carolina, Clinchfield & Ohio Ry was distributed to Pfd. stockholders of the corporation in the ratio of two shares of Pfd. of the Railway company to each three shares of Pfd. of the corporation held by them. This sale of Com. stock was underwritten by a syndicate formed with Blair & Co. as head, commission being \$1.25 per share. Com. stockholders subscribing to the Carolina, Clinchfield & Ohio Ry Com. stock were given the option of payment in full on May 15, 1916, and receiving either the stock or a certificate of deposit exchangeable for it, not later than June 1, 1916, or, in case they elected not to pay in full, they were privileged to make a deposit of \$8.33 on the said date, the balance to be paid on or before May 1, 1917, with 6% interest, the stock to which they were entitled being left as collateral for the loan. All certificates of stock and all subscriptions had to be deposited with the New York Trust Co., depository, not later than May 15, 1916.

Holston Corp.—On April 1, 1916, the company guaranteed the payment of principal and interest of \$1,500,000 Holston Corp. Realty & Collateral Trust Convertible 5% 10-Year Gold Notes, and acquired in April, 1916, the entire \$750,000 capital stock, of Holston Corp. from the Cumberland Corp. The Holston Corp. (see *Industrial Volume*) is the owner of valuable real estate at Kingsport, Johnson City, and Erwin, Tenn., at Altapass, N. C., and extensive terminal property at Charleston, S. C., upon which large expenditures have been made. It owns in addition considerable real estate at various points along the line of the railway, some of which will become important as sites for additional industries. It also owns \$1,500,000 par value Pfd. stock of Carolina, Clinchfield & Ohio Ry, acquired from the Cumberland Corp.

Black Mountain Ry.—On April 1, 1916, the company guaranteed payment of principal and interest of \$500,000 Black Mountain Ry Co. (see *General Index*) First Mortgage 5% Gold bonds, maturing in annual instalments of \$25,000 each, commencing April 1, 1917. It is considered that the earnings of Black Mountain Ry Co. will be sufficient to pay the interest on this issue of bonds, and the principal thereof.

Clinchfield Northern Ry of Ky.—First Mortgage bonds of Clinchfield Northern Ry of Ky., dated May 1, 1912, and maturing May 1, 1917, were received for account of that portion of the cost of the Elkhorn Extension, located in the State of Kentucky. The capital stock of the Clinchfield Northern Ry of Ky. is owned by Carolina, Clinchfield & Ohio Ry, which also has a lease of the property in Kentucky for 99 years.

Annual meeting, second Monday in March.

General office, Plainview, Ark.

CENTRAL RY OF CANADA (Independent).—Inc. in 1903, in Canada, as Ottawa River Ry; name changed to above in 1905. The company was formed to consolidate the Ottawa River Ry, Central Counties Ry, Great Eastern Ry, Ottawa Valley Ry, Carillon & Grenville Ry, and Ottawa River Navigation Co. Main line projected from Montreal via Ottawa to Port of Midland on Georgian Bay, 344 miles, with extensions to Toronto and Port Stanley, 316 miles, in all, 660 miles. The line from Montreal to Midland and 37 miles of branch lines were expected to be completed by Dec 31, 1915, but construction thereon was suspended during the period of the European war. The section from Montreal to Ottawa (110 miles) has been completed.

The company owns all the capital stock of the Carillon & Grenville Ry Co., Ottawa River Ry Co. (Ontario), Ottawa Valley Ry Co., Ottawa River Navigation Co. and 95% of the capital stock of Central Counties Ry Co., and also the undertaking of the Ste. Agathe Branch Ry, all of which are intended to be amalgamated with the company. These companies own, in addition to portions of the main line and branches, other assets and franchises which, except for 28 miles leased to the Grand Trunk Ry Co., are unencumbered. The lines so leased are the constructed branches included in the purchase of the Central Counties Ry, South Indian to Rockland, 15 miles, and Hawkesbury to Glenrobertson, 23 miles; the Grand Trunk Ry Co. pays the interest on the bonded debt on said 28 miles of £2,500 per mile. Included in the assets of the Carillon & Grenville Ry and the Ottawa River Navigation Co. are three steamers, wharves, piers, buildings, etc. Through the franchises and rights of the Central Counties Ry, the Ottawa River Ry (Ontario) and the Ottawa Valley Ry, the company has acquired valuable privileges and powers. Seven miles of the Ottawa Valley Ry are constructed between St. Andrews on the main line and Lachute. This line will be rebuilt and extended to connect with the line now under construction from Ste. Agathe southwards, and, when completed, will be about 47 miles in length. Terminal facilities at Montreal are to be provided by the Montreal Central Terminal Co.

Proposed Readjustment Plan.—The company having incurred large expenditures in the purchase of new lines and in making extensions, and not being able to meet certain liabilities on account of the fact that the principal subscribers to its bond issue had failed to make their payments, was obliged in April, 1916, to submit a scheme of arrangement to its creditors. This scheme provided that the interest on the below described First Mortgage bonds, both current or overdue, and all interest payable

up to and including Jan. 1, 1921, should be funded into First Mortgage bonds on that date. The secured and unsecured creditors of the company, with claims aggregating \$211,641, were to be paid in full by means of a new issue of Income bonds to be created, it being provided that secured creditors who refused to surrender their security should not sell or dispose of any bond held as collateral or take any proceedings in connection with any claim against the company prior to Jan. 1, 1919. This scheme also provided that all cash subsidies received by the company up to Jan. 1, 1921, should be used for the construction and equipment of the line, all subsidies after that date to be applied to the payment of interest on the First Mortgage bonds.

Plan Rejected.—At a meeting held Dec 21, 1916, bondholders decided not to accept the scheme of arrangement proposed by directors of company and the Trustee has been called upon to take steps for the appointment of a receiver.

Capital Stock.—Authorized, \$7,000,000; outstanding, \$2,328,350; par, \$100.

Bonded Debt.—\$1,706,814 First 5s; due Jan 1, 1964; int. quarterly J, A, J & O 1, in London, Montreal and New York at \$4.86 to the £. Denominations, \$100, \$500 and \$1,000, or £25, £100 and £200. City Safe Deposit & Agency Co., Ltd., London, Trustee. Authorized amount is limited to \$30,000 per mile constructed or under contract to be constructed or purchased. Of the present issue (£2,600,000), £500,000 were offered to the holders of the old outstanding First 5s, dated July 1, 1911, and due July 1, 1960, and were to be applied in redemption thereof; £1,225,000 were offered in London in April, 1914, and £875,000 have been reserved for offer in New York and Montreal. Subject to call at 105 and interest on or after July 1, 1920, or if paid on reorganization or amalgamation or from land sales.

These bonds are a first lien on the railway, about 343 miles now being constructed between Montreal and Midland on Georgian Bay, and 95 miles of branches (partly constructed), total, 438 miles, and equipment on all land grant subsidies in respect of the mortgaged property and (for security of interest only) on all cash subsidies or bonuses received or to be received from the Government of Canada or the Provinces of Ontario and Quebec; also on the entire capital stock of Carillon & Grenville, Ottawa Valley and Ottawa River Ry companies, and the Ottawa River Navigation Co., and on 95% of the capital stock of Central Counties Ry Co., which companies, in addition to portions of said railway, own other assets and franchises which, with exception of 38 miles belonging to Central Counties Ry Co., are unencumbered. First publicly offered (£1,225,000) in April, 1914, at £90 per £100 bond.

The interest due July 1, 1913, on the bonds dated July 1, 1911, held by the general public was met, but some holders agreed to wait and were paid in Jan, 1914. The Jan 1, 1914, interest was funded into the new bonds. As of April, 1916, the liabilities of company in connection with above issue of bonds including overdue interest from July 1, 1914, amounted to £386,485 (\$1,880,894); these liabilities were funded—see a previous paragraph.

CHARLESTON TERMINAL CO (Joint Control).—Inc. in 1903, in S. C.; consolidation of the East Shore Terminal Co. and the Commercial Wharf & Cotton Press Co., sold under foreclosure July 14, 1903. Subsequently the property of the South Carolina Terminal Co. was purchased, including wharves and warehouses equipped for the handling and storage of fertilizers, cement, and salt. Company now owns 10 wharves, 30 warehouses, about 30 acres of land, 4 cotton compresses, etc., on the water front of the City of Charleston, these being connected by its own railroad with the other railroads entering the city. Length of line owned: 1.52 miles; total track, 13.17. Gauge, standard. Equipment: Locomotives, 4.

The principal business of the Co. is the transportation of freight between the various railroads and the piers, together with a general wharfage business and the compressing and storing of cotton. The Atlantic Coast Line RR and the Southern Ry under a traffic agreement turn over to the Charleston Terminal Co., for terminal handling, all their Charleston traffic in carload lots, paying for such services an amount which will yield to the Charleston Terminal Co., with its other income, a revenue sufficient to meet the interest upon its bonds, the companies mentioned guaranteeing equally to make good any deficiency.

Capital Stock.—Authorized and issued, \$200,000; par, \$100. Owned in equal amounts by the Atlantic Coast Line RR Co. and the Southern Ry Co.

Bonded Debt.—\$800,000 First Gold 4s; dated July 1, 1903; due July 1, 1953; int. J & J 1, at Guaranty Trust Co., New York, Trustee. Coupon (principal may be registered), \$1,000; and registered, \$1,000 and multiples; interchangeable. Authorized \$1,000,000, the unissued bonds being reserved for acquisitions and improvements. A first lien on entire property of company. Under the traffic agreement referred to in a preceding paragraph these bonds are virtually guaranteed as to interest by the Atlantic Coast Line RR Co. and the Southern Ry Co. The Atlantic Coast Line RR Co. owns \$250,000 of the issue. Interest paid without deduction for Normal Income Tax.

CHESAPEAKE & OHIO RAILWAY COMPANY.

History.—Incorporated Aug, 1868, in Va., as Chesapeake & Ohio RR Co.; consolidation of Covington & Ohio RR and Virginia Central RR Cos. Property was sold under foreclosure on April 2, 1878, and reorganized under present title on July 1, 1878. On Oct 1, 1888, the company was again reorganized, this time without foreclosure, and the road extended to Cincinnati. The Richmond & Alleghany RR was absorbed in 1890, and on Oct 26, 1903, the Greenbrier Ry and Guyandot Valley RR were formally merged. On Jan 1, 1905, the Quinnimont RR was acquired, and on Feb 1, 1905, the Kanawha & Pocahontas RR was absorbed. As of June 1, 1906, the Chesapeake & Ohio Ry of Ky., the Big Sandy Ry and the Kinniconnick & Freestone RR were consolidated under the name of the Chesapeake & Ohio Ry. Co. of Ky., which, on July 1, 1907, was formally conveyed to the parent company. The Passenger & Belt Ry, at Lexington, Ky., 4.2 miles, was merged in the Chesapeake & Ohio Ry Co. during the fiscal year 1907-8, the Coal River Ry on Dec 21, 1909, the Raleigh & Southwestern Ry, Raleigh, W. Va., on Feb 28, 1910, and the Virginia Air Line Ry, on July 12, 1912. The Island Creek RR, 6.6 miles, was leased April 5, 1912. During 1912-13, the Piney River & Paint Creek RR, 6.6 miles, and the Price Hill Division of the White Oak Ry, 2.3 miles, were leased jointly by Co. and Virginian Ry, and are operated by the Chesapeake & Ohio Ry. Stockholders on Oct 19, 1915, authorized the acquisition of the property of the Logan & Southern Ry Co.

During the year 1905-6, the Chesapeake & Ohio Ry Co. disposed of its three-fifths interest in the stock of the Chesapeake & Ohio Steamship Co., Ltd., to the minority holders of the stock of that company in England, under a contract whereby the latter agreed to add additional steamers to the fleet, and to continue the service for a term of years.

Controlled Companies.—The Chesapeake & Ohio Ry Co. controls through stock ownership, and operates the properties of the Covington & Cincinnati Elevated RR & Transfer & Bridge Co., which, in turn, owns the entire Com. stock of the Cincinnati Inter-Terminal RR. It also owns the entire capital stock of the Chesapeake & Ohio Ry Co., of Indiana, formerly the Chicago, Cincinnati & Louisville RR, and all the capital stock of the Western Pocahontas Corporation, controlling about 30,000 acres of valuable coal and timber lands on the line of the Pine Creek Extension. The Chesapeake & Ohio Ry also owns \$8,825,900 of the total issue of \$11,000,000 capital stock of the Hocking Valley Ry. In Jan, 1911, the Chesapeake & Ohio Ry Co. acquired the entire \$400,000 capital stock of the Kanawha Bridge & Terminal Co., owning the bridge across the Kanawha River at Charleston, W. Va., together with certain terminal properties; the bridge being the connecting link between the lines of the Chesapeake & Ohio Ry and those of the Kanawha & Michigan Ry.

Sale of Kanawha & Michigan Ry Stock.—In March and April, 1910, the Chesapeake & Ohio Ry Co. purchased certain shares of stock of the Kanawha & Michigan Ry Co. from the Lake Shore & Michigan Southern Ry Co. and others, at a cost for the 40,292 shares owned by the Company of \$2,909,884.50, upon the par value of which dividends had been received at the rate of 5% per annum, with an additional 1% paid during the fiscal year 1913. Under a decree handed down March 14, 1914, by the circuit judges in equity, in the United States District Court for the Southern District of Ohio, Eastern Division, in the case of United States of America vs. Lake Shore & Michigan Southern Ry Co. et al., the sale of this stock was ordered. The Lake Shore & Michigan Southern Ry Co. owned a like amount of this stock and the court held that this ownership by the two companies of a majority of the stock of the Kanawha & Michigan Ry Co. was in violation of the Federal anti-trust law. Accordingly, the Chesapeake & Ohio Ry Co. sold its holdings of stock of The Kanawha & Michigan Ry Co. to the Toledo & Ohio Central Ry Co. as of June 1, 1914, for \$4,029,200, with interest from June 1, 1914, to the date of consummation of the sale and transfer of the stock, payment having been made \$2,000,000 in cash and the remainder in a note of the Toledo & Ohio Central Ry Co., maturing Sept 1, 1915, guaranteed by the Lake Shore & Michigan Southern Ry Co. and otherwise fully secured. The transaction was completed Oct 7, 1914, netting the Chesapeake & Ohio Ry Co. a profit of \$1,119,315. Inasmuch as this stock of The Kanawha & Michigan Ry Co. was deposited under the Chesapeake & Ohio Ry Co.'s First Lien and Improvement Mortgage, the proceeds of this sale have been deposited with the Trustee under that mortgage and can be expended for improvements and investments which are permitted under the terms of that mortgage.

The directors decided to use this fund in financing with it the construction of new lines—see following paragraph.

Chesapeake & Ohio Northern Ry.—Inc. May 22, 1914, in Ky., with \$50,000 capital stock, to provide a connection from the Chesapeake & Ohio Ry Co.'s main line at or near Portsmouth on the Ohio River to the main line of the Hocking Valley Ry Co., at or near Columbus, O. This project involved the construction of a new bridge over the Ohio River east of Portsmouth, O., and also the construction of a new line 30.4 miles in length, from Lineville, Ky., to a connection with the Norfolk & Western Ry at Waverly, O. From Waverly, O., to Valley Crossing, O., a distance of about 62 miles, trackage rights have been secured from the Norfolk & Western Ry. This new construction, including the bridge, is estimated to cost \$4,500,000, of which \$4,029,200 was available, being the proceeds of the sale of the Kanawha & Michigan Ry Co. stock. It is expected that the building of the new line will be completed in time to handle coal shipments for the Great Lakes at the opening of navigation in the spring of 1917. By this means an additional outlet is provided for coal originating on the Chesapeake & Ohio Ry Co., and a coal tonnage equivalent to that formerly received from the Kanawha & Michigan Ry Co. will be restored to the Hocking Valley Ry. The Ohio Public Utilities Commission in Oct, 1915, authorized the Chesapeake & Ohio Northern Ry to issue \$3,500,000 stock at par and \$1,000,000 First Mortgage 30-year 5% bonds at 94½, to be used in paying for construction of its proposed line. During the year ended June 30, 1916, the Chesapeake & Ohio Ry Co. acquired \$1,849,600 additional stock of the Chesapeake & Ohio Northern Ry Co., making a total of \$1,897,500 owned.

Interests in Other Companies.—The Chesapeake & Ohio Ry owns a one-sixth interest in the \$2,670,000 capital stock of the Richmond-Washington Co., the proprietary company of the only direct line between Washington, D. C., and Richmond, Va.; \$475,000 of the \$1,425,000 capital stock of the Louisville & Jeffersonville Bridge Co. (the remaining shares being held by the Cleveland, Cincinnati, Chicago & St. Louis Ry Co.), and \$120,000 of the \$1,500,000 outstanding capital stock of the Old Dominion Steamship Co.

CAPITAL STOCK AND DIVIDENDS.

Authorized, \$155,000,000 (increased April 22, 1916, from \$100,000,000 to provide for the conversion of the below-described Convertible Secured 30-year Gold 5s); outstanding, \$62,795,800, consisting of \$62,792,600 Com., \$3,000 First Pfd. and \$200 Second Pfd.; par, \$100. Stock transferred at Company's office, New York. Registrar: Central Trust Co., New York. Listed on New York, Richmond, Va., London and Amsterdam Stock Exchanges.

The capital stock, after reorganization in 1888, consisted of \$40,000,000 Com., \$12,000,000 First Pfd., and \$12,000,000 Second Pfd. Since 1892 all but \$3,200 of the Pfd. stock has been exchanged for Com. stock and General Mortgage 4½% bonds.

On April 22, 1916, stockholders voted to increase the total authorized issue of capital stock to \$155,000,000, of which \$37,200,000 is reserved for exchange of an equal amount of 20-Year Convertible Gold 4½s of 1930, convertible at option of the holders into Com. stock at par, up to and including Feb 2, 1920, and \$53,573,400 to provide for the conversion of \$40,180,000 30-year convertible gold 5s of 1946, convertible at various rates up to April 1, 1936, as stated on a subsequent page. Prior to 1930, the Company may not create or issue any stock having preference or priority over the Com. stock, or pay any dividend in stock of the Company, or distribute any stock of the Company by way of stock dividend.

Dividends on Com. stock have been paid as follows: 1% per annum from 1899 to 1908, both inclusive; 3% in 1909; 4¾% in 1910; 1911 to June 30, 1913, at rate of 5% per annum; Sept 30, 1913, to June 30, 1914, 1% quarterly; none in Sept, 1914; Dec 31, 1914, 1%; none thereafter until Dec. 30, 1916, when 2% was paid. Dividends were formerly paid quarterly on the last days of March, June, Sept and Dec, at Company's office, New York.

Subject to call as an entire issue only at 107½ and interest on any interest date on twelve weeks' notice.

Authorized, \$30,000,000; issued, \$11,000,000, of which \$7,302,000 are pledged as part security for the First Lien & Improvement Mtge. Proceeds of the \$11,000,000 issued bonds were used as follows: \$7,500,000 to release the temporary \$9,750,000 General Equipment & Improvement bonds, dated Aug 1, 1907, said bonds having been pledged to secure \$7,500,000 6% collateral notes due July 1, 1910, called for payment July 1, 1909; \$1,500,000 were used for the payment of 50% of the principal of equipment obligations maturing between July 1, 1908, and Dec 31, 1909, and \$2,000,000 were used for the general purposes of the company. No more of these bonds can be issued so long as any of the convertible 4½% 20-year bonds of 1930 are outstanding, unpaid and unconverted. The balance of authorized amount of bonds (\$19,000,000) was reserved for the following purposes: \$5,600,000 to pay or reimburse the company for 50% of the principal of equipment obligations heretofore issued and maturing on and after Jan 1, 1910, and \$13,400,000 for construction or purchase, after Jan 2, 1909, of additions to and extensions and branches of, for tunnels, bridges and equipment for, and reduction of grades and curves upon the railroads subject to the Mortgage, and for the purchase or improvement, subsequent to said date, of real estate, terminals, etc., appurtenant to said railroads.

Security.—The bonds are a lien, subject to existing mortgages and equipment or conditional sale agreements, on all lines, equipment, etc., owned by the company at date of mortgage, upon all securities now or hereafter hypothecated under prior mortgages

and upon \$100,000 (entire issue) Norfolk Terminal & Transportation Co. stock. The lien of the mortgage also attaches to all property, subject to prior liens existing thereon, acquired or constructed by the company, subsequent to the date of execution thereof by means of any of the general funding and improvements bonds or their proceeds. Unless expressly authorized by the mortgage, there will be no increase in the capital stock of any of said companies, nor the issue or guaranty of any bonds of these companies (except under existing mortgages), nor the creation of any other indebtedness by them except for current operating expenses, nor the creation of any mortgage or other lien upon their properties, unless the same is to be pledged under the general funding and improvement mortgage or an underlying mortgage. Listed on New York Stock Exchange. Interest paid without deduction for Normal Income Tax.

CHESAPEAKE & OHIO NORTHERN RY (Controlled by Stock Ownership).—

Inc. May 22, 1914, in Ky., to provide a connection from the Chesapeake & Ohio Ry Company's main line at or near Portsmouth on the Ohio River to the main line of the Hocking Valley Ry Co., at or near Columbus, O. This project involves the construction of a new bridge over the Ohio River, east of Portsmouth, O., and also the construction of a new line 30.4 miles in length, from Limeville, Ky., to a connection with the Norfolk & Western Ry at Waverly, O. From Waverly, O., to Valley Crossing, O., a distance of about 62 miles, trackage rights have been secured from the Norfolk & Western Ry. This new construction, including the bridge, is estimated to cost \$4,500,000. The bridge over the Ohio River is now under construction and will have a total length of 3,435 ft., consisting of two spans of 775 ft. each, with necessary approaches. It is expected that the new line will be completed in time to handle coal shipments for the Great Lakes at the opening of navigation in the spring of 1917.

Capital Stock.—Authorized, \$3,500,000; issued, \$1,897,500; par, \$100. All owned by the Chesapeake & Ohio Ry Co., which has agreed to acquire for cash at par \$3,000,000 stock of the company and such additional stock as may be necessary to enable the Chesapeake & Ohio Northern Ry to complete the road and bridge.

HOCKING VALLEY RAILWAY CO. (THE)

(Controlled by Chesapeake & Ohio Ry Co.)

History.—Incorporated Feb 25, 1899, in Ohio; successor to the railroad properties of the Columbus, Hocking Valley & Toledo Ry, sold under foreclosure Feb 24, 1899.

The coal properties formerly owned by the Columbus, Hocking Valley & Toledo Ry Co., were, at its dissolution, conveyed to the Buckeye Coal & Ry Co., all of whose capital stock is owned by the Hocking Valley Ry Co. The Hocking Valley Ry Co. owns the entire capital stock of the Ohio Land & Ry Co., and all its bonds. The properties of the Buckeye Coal & Ry Co. and the Ohio Land & Ry Co. are operated under lease by the Sunday Creek Coal Co. The equities in the stocks of the Buckeye Coal & Ry Co. and the Ohio Land & Ry Co. were on April 30, 1908, conveyed to the Central Trust Co., New York, as Trustee for the stockholders of the Hocking Valley Ry Co.

Proposed New Company.—In July, 1915, as a result of a court decree ordering the segregation of coal lands and railroad properties, the Hocking Valley Ry Co. and the Chesapeake & Ohio Ry Co. entered into a contract (approved by U. S. Court at Cincinnati, Nov 10, 1916) to sell 2,500 shares of stock of the Buckeye Coal & Ry Co. and 2,066 shares of the Ohio Land & Ry Co. for a price stated to be \$50,000 cash. It was also stated that the contract involved the formation of a new company, "The Hocking Coal Lands Co.," which would take over \$1,327,000 20-year Purchase Money 6% bonds of the Ohio Land & Ry Co. in exchange for its Income Mortgage bonds to the amount of \$700,000.

The Hocking Valley Ry Co. held the \$8,421,000 Collateral Trust 3% bond of the Middle States Construction Co., which was secured by deposit of all of the capital stock of the Toledo & Ohio Central Ry Co.; the latter, in turn, owning all the capital

stock of the Zanesville & Western Ry Co. In compliance with the orders of the Circuit Court of Franklin County, Ohio, the Hocking Valley Ry Co. in 1910 sold to the Lake Shore & Michigan Southern Ry Co. for the sum of \$10,197,875, 45,100 shares of the capital stock of the Kanawha & Michigan Ry Co., and the bond of the Middle States Construction Co., exchangeable into all of the outstanding stock of the Toledo & Ohio Central Ry.

The Hocking Valley Ry Co. owns the entire stock and bonds of the Wellston & Jackson Belt Ry Co.

Interest in Toledo Terminal RR Co.—During year 1913-14, The Hocking Valley Ry Co. acquired 3,872 shares of capital stock of Toledo Terminal RR Co., under an agreement with the eight other interested companies (see Toledo Terminal RR statement) providing that the companies holding the stock will be responsible (jointly but not severally) for any deficiency in working expenses and in interest on \$4,000,000 First Mortgage 4½% bonds of the Toledo Terminal RR Co., in proportion to the amount of that company's stock held by each of proprietary companies. The Hocking Valley Ry. Co.'s proportion is 9.68%.

Sale of Sunday Creek Co. Stock.—Judge Warrington in the U. S. Dist. Court at Cincinnati on Nov 7, 1914, approved the sale of the stock of the Sunday Creek Co. (now Sunday Creek Coal Co.), held by the Hocking Valley Ry Co. and Toledo & Ohio Central Ry Co. (\$3,237,500 and \$513,700, respectively), in accordance with the decision of the Court made March 14, 1914, to John S. Jones of Chicago, Ill., for a sum not made public, but stated to be "not less than \$50,000."

New Connection with Chesapeake & Ohio Ry.—The Chesapeake & Ohio Ry Co. has formed a new company, The Chesapeake & Ohio Northern Ry Co. to build a bridge over the Ohio River at Limeville, Ky., and to construct a line thence to a junction with the Norfolk & Western Ry, near Waverly, Ohio, 30.4 miles, and has obtained trackage rights over the Norfolk & Western Ry from Waverly, O., to Valley Crossing, near Columbus, where it will connect with the lines of the Hocking Valley Ry Co. This new connection was expected to be ready for operation by the spring of 1917, and will replace the former Kanawha & Michigan Ry connection.

Control.—In March, 1910, the Chesapeake & Ohio Ry Co. acquired from the other trunk lines (the Baltimore & Ohio RR, the Erie RR, the Lake Shore & Michigan Southern Ry, and the Pittsburg, Cincinnati, Chicago & St. Louis Ry) their holdings of the Com. stock of the Hocking Valley Ry Co., and as of June 30, 1916, the C. & O. Ry Co. owned \$8,825,900 of the \$11,000,000 outstanding stock.

Guaranteed Bonds.—The Hocking Valley Ry Co., jointly with the Toledo & Ohio Central Ry Co., guaranteed in 1901 5% First Mortgage Bonds of the Kanawha & Hocking Coal & Coke Co., due 1951 (\$2,842,000 outstanding), and in 1902 5% First Mortgage Bonds of the Continental Coal Co., due 1952 (\$1,569,000 outstanding).

In *quo warranto* litigation in Ohio, to which the bondholders were not parties, the purported guaranties of this company upon the bonds last mentioned have been declared *ultra vires* and the performance of the contracts pursuant to which both guaranties were made has been enjoined by the Federal Court in that State. The enforceability of these alleged guaranties by the bondholders is in litigation. It was announced in Dec, 1916, that all bonds deposited with the bondholders' committees of the two above issues had been sold to the New York Central RR Co.

CHICAGO & NORTH WESTERN RAILWAY CO.

History.—Incorporated June 7, 1859, in Ill. and Wis.; successor to Chicago, St. Paul & Fond du Lac RR, Chicago, Ill., to Fond du Lac, Wis., 119.80 miles, sold under foreclosure, July 1, 1859. Various other railroads have been acquired and extensions constructed, principally by proprietary companies, from time to time, the company now operating an extensive system of railroads extending from Chicago throughout the Northwest to connections with the Pacific lines in the Dakotas, and also to Omaha, Neb., and other points in Wyoming, Nebraska and Iowa.

The Fremont, Elkhorn & Missouri Valley RR, 1,371.38 miles, whose entire capital stock was owned by this company, was formally absorbed in Feb, 1903, and \$7,725,000 of its bonds not owned by the Chicago & North Western Ry Co. were assumed by the latter. The Sioux City & Pacific RR line was acquired on Aug 28, 1901, and its bonds assumed.

On Jan 30, 1909, the C. & N. W. Ry Co. acquired by purchase, the Manitowoc, Green Bay & North Western Ry, extending from Manitowoc to Eland Junction, Wis., and from Pulaski to Gillett, Wis., a total of 113.68 miles, and the Milwaukee & State Line Ry, extending from near Lake Bluff, Ill., to St. Francis, Wis., 50.24 miles. The Lee County Ry and the Sioux City, Dakota & North Western Ry were acquired during the year 1910-11, the Milwaukee, Sparta & North Western Ry, which had previously absorbed the Princeton & Western Ry on April 1, 1912, and the Des Plaines Valley Ry and St. Paul Eastern Grand Trunk Ry on March 1, 1913. The St. Louis, Peoria & North Western Ry conveyed its entire property to the C. & N. W. Ry Co. on Dec. 15, 1913. These railroads were constructed in the interest of the Chicago & North Western Ry, and operated by it under lease up to the time of absorption.

The Chicago, St. Paul, Minneapolis & Omaha Ry (see separate statement) is controlled by the Chicago & North Western Ry Co. through ownership of \$9,540,000 common and \$5,380,000 preferred stock, but its operations are conducted independently.

The Chicago & North Western Ry operates under lease the lines of the De Pue, Ladd & Eastern RR, Belle Fourche Valley Ry, James River Valley & North Western Ry, Macoupin County Extension Ry and Iowa Southern Ry, and owns the entire capital stock of the Wolf River Valley Ry, which is operated as a proprietary line. It also owns all the capital stock of the Albany Rail Road Bridge Co., owning bridge rights across the Mississippi River at Clinton, Iowa.

The Chicago & North Western Ry also controls through stock ownership, the following companies, statements of which will be found appended: Missouri Valley & Blair Ry & Bridge Co., Pierre & Fort Pierre Bridge Ry, Pierre, Rapid City & North Western Ry, Sioux City Bridge Co. and Wyoming & North Western Ry.

During 1910-11, the C. & N. W. Ry acquired by purchase 20% of the outstanding capital stock and 20% of certain obligations of the Indiana Harbor Belt RR.

A tract of land fronting on the Calumet River south of 118 St., in Chicago, containing approximately 116 acres, was acquired by the C. & N. W. Ry during the year ended June 30, 1913. This land is adjacent to tracks controlled by the Indiana Harbor Belt RR and its acquisition will provide a location for facilities needed by the C. & N. W. Ry in that district.

Macoupin County Extension Ry.—Organized in interest of the C. & N. W. Ry in May, 1913, to construct a railway from a connection with Macoupin County Ry near Benld in a general southerly direction for a distance of about 9 miles to reach certain coal fields under development in Macoupin and Madison Counties, Ill. This road was completed during 1913-14 from Benld to Staunton, a distance of 4.36 miles, and was leased to the C. & N. W. Ry Co. for 25 years from Jan 1, 1914.

Iowa Southern Ry.—Organized in interest of the C. & N. W. Ry in Jan, 1913, to construct a railway from a connection with the C. & N. W. Ry in Monroe County, Iowa, in a general southwesterly direction in that county for a distance of about 25 miles. As of June 30, 1916, 12.25 miles of this railway were completed from a connection with the C. & N. W. Ry at Miami, Ia., to company's coal fields in Monroe County. This railway was leased to the C. & N. W. Ry Co. for 25 years from July 1, 1914.

CHICAGO GREAT WESTERN RAILROAD CO.

History.—Incorporated Aug 20, 1909, in Ill.; successor under plan of reorganization dated June 1, 1909, to the Chicago Great Western Ry, sold under foreclosure on Aug 21 of the same year. For details of Plan of Reorganization, see **Manual** for 1909, page 258. The Chicago Great Western Ry was itself a reorganization, on a stock basis, of the Chicago, St. Paul & Kansas City Ry. The company operates the so-called Corn Belt Route, extending from Chicago westerly to Oelwein, Ia., and radiating from Oelwein northerly to St. Paul and Minneapolis; southwesterly to Des Moines, St. Joseph and Kansas City, and westerly to Omaha. The Hayfield-Manly line, 49 miles, together with the Hampton-Waverly line, 42 miles, were sold to the Mason City & Fort Dodge RR Co. in 1902, and taken over for operation by that company as of Jan 1, 1904. On Dec 21, 1911, the property and franchises of the De Kalb & Great Western Ry were acquired by the Chicago Great Western RR Co.

The Mason City & Fort Dodge and Wisconsin, Minnesota & Pacific RRs are controlled by the Chicago Great Western RR Co. through ownership of their entire capital stocks, and the roads are operated under 100-year agreements, all net earnings over fixed charges accruing to the Chicago Great Western RR Co. The company also owns the entire capital stocks of the St. Charles Hotel & Park Co., Iowa Townsite Co., Iowa Development Co. and Leavenworth Terminal Ry & Bridge Co. The Mason City & Ft. Dodge RR Co. owns the entire capital stocks of the Omaha Grain Terminals, Independent Elevator Co. and Webster County Coal & Land Co.

Case Terminated.—Effective Feb 1, 1916, the company resumed possession of the line between Mankato and Randolph, Minn., 68.96 miles, which it had leased to the Minneapolis, St. Paul, Rochester & Dubuque Electric Traction Co. in July, 1914.

CAPITAL STOCK AND DIVIDENDS.

Authorized, \$46,000,000 Com. and \$50,000,000 4% cumulative Pfd.; issued June 30, 1916, \$45,246,913 Com. and \$44,137,402 Pfd.; par, \$100. Of the issued stock, \$36,400 Com. and \$269,500 Pfd. was held in treasury June 30, 1916. Of the \$3,116,000 Pfd. stock issued during 1913-14, 1914-15 and 1915-16, \$3,108,000 was issued in part exchange for \$6,216,000 Wisconsin, Minnesota & Pacific RR Co. First 4s due 1950, and the balance, \$8,000, was held for delivery in exchange for the remaining \$16,000 of these bonds outstanding. Pfd. stock was entitled to non-cumulative dividends at the rate of 4% per annum to June 30, 1914, and since that date to cumulative dividends at the same rate. It also has preference as to principal and accrued dividends in the event of dissolution or liquidation. The company has the right to redeem the Pfd. stock at par and accrued dividends if and when permitted by law. No additional mortgage can be placed upon the property, nor can the Pfd. stock be increased without the consent of the holders of a majority of the Pfd. stock outstanding. The stock was formerly held in a 5-Year voting trust which expired Sept 1, 1914, and was not renewed. Transfer Agent: J. P. Morgan & Co., New York. Registrar: Bankers Trust Co., New York. Listed on New York and London Stock Exchanges.

Dividends.—The directors on Nov 1, 1915, declared an initial dividend of 1% on Pfd. stock, payable Dec 1, 1915, to stock of record Nov 10, 1915; May 1, and Oct 2, 1916, 1% each. None on Com.

BONDED DEBT, INCLUDING SUBSIDIARY COMPANIES.

TOTAL, \$37,899,000, AS OF JUNE 30, 1916.

\$25,383,000 First Gold 4s; dated Sept 1, 1909; due Sept 1, 1959; int. M & S 1, at J. P. Morgan & Co., New York. Coupon (principal may be registered), \$1,000 and registered, \$1,000 and multiples; interchangeable. The Co. may also, at its option, issue sterling bonds, in denominations of £100 or £200 each, principal and interest payable in London, or bonds of 500 francs each, payable in Paris. The holder of any of the bonds payable in foreign currency will have the right to exchange for a \$1,000 bond at any time at the office of the company in New York, on payment, in the case of a £200 bond, of \$30 in gold, and in the case of ten bonds of 500 francs each, of \$40 in gold; and also, in each instance, the difference between accrued interest on the bonds so surrendered and accrued interest on the bonds issued in exchange for such bonds. Guaranty Trust Co., New York, Trustee.

Purposes of Issue.—Authorized, \$75,000,000; \$28,000,000 being issued under terms of the Reorganization Plan; \$18,232,000 were reserved to retire, from time to time, an equal amount of outstanding bonds of controlled companies, viz.: \$12,000,000 Mason City & Fort Dodge First 4s and \$6,232,000 Wisconsin, Minnesota & Pacific RR First 4s, and the remainder (\$28,768,000) were reserved for additions, improvements, etc., on resolution of the Board of Directors or of the Executive Committee, to be sold at not less than their fair market value, to provide not in excess of actual cash cost of such additions, improvements, etc. Of the \$28,816,000 issued bonds, \$3,433,000 were owned by company as of June 30, 1916, leaving \$25,383,000 in the hands of the public. The mortgage has no sinking fund redemption provisions.

Security.—The bonds are secured by a first lien on the entire property, including 756 miles of main track, connecting Chicago with Kansas City and with St. Paul and Minneapolis; all the company's terminal properties and rights in Chicago, Kansas City, St. Paul, Dubuque and elsewhere; all equipment owned and acquired; all trackage rights, leasehold estates and stocks of subsidiary companies, and all property acquired with the proceeds of bonds to be issued under this mortgage, including the Mason City & Fort Dodge RR and the Wisconsin, Minnesota & Pacific RR, all of whose stocks are deposited as partial security for the above issue of bonds.

The bonds are additionally secured by pledge of the entire capital stocks (\$19,205,400 Com. and \$13,635,752 Pfd.) of the Mason City & Fort Dodge RR Co.; the \$5,893,400 capital stock of the Wisconsin, Minnesota & Pacific RR Co., and capital stocks of other companies, viz.: \$7,000 capital stock of Minn. Transfer Ry; \$103,600 capital stock of St. Paul Union Depot Co.; \$1,000 capital stock of St. Joseph Union Depot Co.; \$6,200 capital stock of Iowa Transfer Ry; \$25,000 capital stock of Iowa Development Co.; \$10,000 capital stock of Iowa Townsite Co.; \$22,700 capital stock of St. Charles Hotel & Park Co., and \$12,500 capital stock of Iowa Sugar Co. The \$6,216,000 Wisconsin, Minnesota & Pacific RR Co. First 4s, due 1950 (out of a total issue of \$6,232,000), acquired by the issuance of Pfd. stock and First Mortgage bonds have also been deposited hereunder.

In case of default under the First Mortgage, the registered holders of four-fifths in amount of the First Mortgage bonds may authorize the Trustee to acquiesce in a plan of reorganization which may determine and provide for the interest of other creditors and lienors and of shareholders of the Railroad Company, and may authorize the creation of new liens upon the property prior and superior to the lien of the First Mortgage; but no First Mortgage bond then outstanding may be changed as to the amount of principal, date of payment, or rate or date of payment of interest. Listed on New York Stock Exchange. First publicly offered (\$18,500,000) in Dec, 1909, at 92 and interest. Interest paid without deduction for Normal Income Tax.

Also a first lien on the entire property and assets of the company, including the contract with the Union Pacific RR Co. for traffic rights between South Omaha stock yards and Council Bluffs, rights secured under the lease and traffic contract with the Chicago Great Western RR Co., and additionally secured by deposit with the Trustee of the \$400,000 stock of the Webster County Coal & Land Co. and the \$100,000 stock of the Omaha Grain Terminals, and on all equipment owned and acquired by the Mason City & Fort Dodge RR Co. Listed on Amsterdam Stock Exchange. First publicly offered (\$12,000,000) in June, 1905, at 92 and interest. Interest paid without deduction for Normal Income Tax.

\$500,000 Minneapolis Terminals First Gold 3½s; dated Jan 1, 1900; due Jan 1, 1950; int. J & J 1, at Bank of Montreal, New York. Coupon, \$1,000; principal may be registered. Minneapolis Trust Co., Minneapolis, Minn., Trustee. No sinking fund but bonds are subject to call at 105 and interest. A first lien on the Minneapolis Terminals purchased from the Wisconsin Central Ry Co., including a freight house, 80 feet wide and 417 feet in length, three stories, located on a tract of ground 95 feet wide and 1,000 feet in length, fronting upon Hennepin Square, and a freight yard on Boom Island, Minneapolis, embracing 22.79 acres of ground, 7.56 miles of trackage, and round house, coaling and water stations. This mortgage was taken over by the Chicago Great Western RR Co. in purchasing the property. Normal Income Tax deducted from interest.

\$16,000 Wisconsin, Minnesota & Pacific RR First Gold 4s; dated Oct 1, 1900; due Oct 1, 1950; int. A & O 1, at J. P. Morgan & Co., New York. Coupon, \$1,000; principal may be registered. Bankers Trust Co., New York, Trustee. The interest on these bonds is not an obligation of the Chicago Great Western RR Co., unless it is earned under the terms of and as provided in the lease. Authorized and issued, \$6,232,000, of which the Chicago Great Western RR Co. had acquired \$6,216,000, as of June 30, 1916, leaving \$16,000 outstanding. No sinking fund. A first lien on 277.43 miles of road as follows: Red Wing, Minn., to Osage, Ia., 118.2 miles; Mankato to Red Wing, Minn., including Faribault branch, 95.7 miles; Winona to Simpson, Minn., 54.2 miles; Clay Banks branch, 2.0 miles; Red Wing branch, 0.9 mile; Bellechester branch, 6.43 miles; rights secured under the lease and traffic contract with the Chicago Great Western RR Co.; also on equipment. Listed on London and Amsterdam Stock Exchanges. *Oct. 1, 1912, and subsequent interest in default (see below).*

Exchange of Bonds.—To June 30, 1916, \$6,216,000 of the \$6,232,000 outstanding bonds had been acquired by the Chicago Great Western RR Co., the acquired bonds being deposited by that Company with the Trustee of its First Mortgage, dated Sept 1, 1909, to be kept alive and held under such mortgage pursuant to the terms thereof. For such acquired bonds, the holders thereof received from the Chicago Great Western RR Co. 50% of the par value of such bonds in the First Mortgage bonds of the Chicago Great Western RR Co. at par, and another 50% in the Pfd. stock of said Company at par. It is the present intention, for a limited time, upon delivery to the Chicago Great Western RR Co. of the \$16,000 outstanding bonds of the Wisconsin, Minnesota & Pacific RR Co., to deliver to the holders thereof a like pro rata amount of the above mentioned securities. This exchange of bonds was arranged by the Protective Committee for the holders of Wisconsin, Minnesota & Pacific RR Co. bonds. The Committee consists of the following: James N. Wallace, Chairman; Sidney C. Borg, R. Walter Leigh, Charles W. Cox and Leonard B. Schlesinger, Central Trust Co. of New York, Depositary. Franklin L. Babcock, Secretary, 54 Wall St., New York.

Default in Interest.—*The Oct 1, 1912, interest was defaulted, and in connection therewith the following statement was published: "The present operation of the Wisconsin, Minnesota & Pacific RR by the Great Western grows out of a lease made to the former Great Western Co. in 1901, eight years before the organization of the present Great Western Co. The lease provided in substance that against the earnings of the leased property there should be charged the expenses of maintaining and operating the leased property and the taxes upon the property, and that the net earnings, if any, should be applied by the lessee to the payment of interest on the Wisconsin, Minnesota & Pacific bonds as it matured, the surplus in any period above interest, if any, to be regarded as a trust fund in the hands of the lessee to*

cover subsequently accruing interest. The lessee agreed to pay such interest only to the extent of the accumulated net earnings of the Wisconsin, Minnesota & Pacific.

"The present Great Western Co. is the successor in title of the former company under a judicial sale made by the United States Court at St. Paul in Aug, 1909, which required the purchaser to assume and adopt the above mentioned lease and to stand in the place of the former Great Western Co. in respect thereof; but the decree in no way increased the liability of the purchaser over that of the old company. The gross earnings of the Wisconsin, Minnesota & Pacific RR have been insufficient to cover expenses of operation and maintenance, taxes and interest on the Wisconsin, Minnesota & Pacific bonds. The experience of the last three years, during which the present Great Western Co. has operated the Wisconsin, Minnesota & Pacific RR under the lease, has confirmed the experience of the receivers of the former Great Western Co.; that is, that the Wisconsin, Minnesota & Pacific RR is unable to earn its interest charges. The fact is that the Wisconsin, Minnesota & Pacific is a drain upon the earnings of the main lines owned by the Great Western Co., and it will not make further advances to pay interest on the Wisconsin, Minnesota & Pacific bonds, as it is under no obligation to do so."

CHICAGO, INDIANAPOLIS & LOUISVILLE RAILWAY CO.

(Controlled Jointly by Louisville & Nashville RR and Southern Ry Cos.)

(See Accompanying Map)

History.—Incorporated March 31, 1897, in Ind.; reorganization of the Louisville, New Albany & Chicago Ry Co., sold under foreclosure March 10, 1897. Operates what is known as the "Monon Route" from Chicago, Ill., via Monon, Ind., to Indianapolis, Ind., and Louisville, Ky., with branches, a total of 622 miles.

In Aug, 1902, the Louisville & Nashville RR and the Southern Ry companies jointly acquired 93% of the \$10,500,000 Com. stock and 77% of the \$5,000,000 Pfd. stock of company, on the basis of \$78 per share for the Com. and \$90 for the Pfd., in their joint 50-year 4% Collateral Trust bonds.

Merger of Subsidiaries.—Stockholders of the company voted at the annual meeting on Sept 20, 1916, to merge the Chicago & Wabash Valley Ry, the Indianapolis & Louisville Ry and the Indiana Stone RR. The stock of these three companies was practically all owned by the Chicago, Indianapolis & Louisville Ry Co. The merger became effective Dec 31, 1916.

Acquisition of Chicago & Wabash Valley Ry.—During year ended June 30, 1914, the company acquired 3,474 shares of the total outstanding issue of 3,500 shares of the Chicago & Wabash Valley Ry Co. stock, and all of the First Mortgage bonds of said company. This railway consists of a single line of main track extending from McCosyburg, Ind., located in Jasper County, where it connects with the main line of the Chicago, Indianapolis & Louisville Ry, in a generally northwesterly direction for a distance of 36 miles to a point about 5 miles east of the south end of Cedar Lake. The line constructed and in operation at the time the stock and bonds were acquired consisted of 36 miles of main track. This line is now being reconstructed by placing new ties and 75 lb. rail. The rail used is that taken from the present main track of the Chicago, Indianapolis & Louisville Ry and replaced with 100 lb. rail. It is the intention to connect the north end of this track with the present main line of Chicago, Indianapolis & Louisville Ry sometime in the future.

Interest in other Companies.—As of June 30, 1916, the Chicago, Indianapolis & Louisville Ry Co. owned \$1,000,000 (one-fifth) of the capital stock of the Chicago & Western Indiana RR; \$240,000 (one-twelfth) of the capital stock of the Belt Ry of Chicago, and a one-third interest in the Kentucky & Indiana Terminal RR Co., of Louisville, Ky., guaranteeing the bonds of the latter company, principal and interest, jointly and severally, with the Baltimore & Ohio RR and Southern Ry Cos. It also owned on that date all the stock (\$15,000) and the \$253,000 bonds of the Indiana Stone RR Co., and leased its lines for 99 years from Sept 1, 1899.

Indianapolis & Louisville Ry.—This road, the entire capital stock of which was owned on June 30, 1916, by the C., I. & L. Ry Co., was completed during the year 1907, and the main line turned over to this company on Oct 1, 1907, and the Vicksburg branch on Dec 1, of same year, for operation under lease.

Monon Coal Co.—The stock control of this company rests with the Chicago, Indianapolis & Louisville Ry Co. and associated interests.

BONDED DEBT.—TOTAL, \$19,654,160, AS OF JUNE 30, 1916, EXCLUDING \$4,280,000 BONDS HELD IN TREASURY. •

\$15,000,000 Refunding 50-Year Gold Bonds (Series "A," "B" and "C"); Series "A" and "B", dated July 1, 1897; Series "C", dated April 1, 1910; all due July 1, 1947; int. J & J 1, at J. P. Morgan & Co., New York. Series "A" and "B" coupon, \$1,000; principal may be registered; and, Series "C", coupon, \$1,000; and fully registered, \$1,000 and multiples. Series "C", coupon and registered bonds are interchangeable. Central Trust Co., New York, Trustee. Authorized issue, \$15,000,000. A supplement to the Refunding Mortgage was executed under date of April 1, 1910, providing for the issue of the, at that time, reserved bonds, in a new series, to be known as Series "C," bearing interest at the rate of 4% per annum. Under this provision \$5,300,000 of the bonds were sold to retire an equal amount of Louisville, New Albany & Chicago Ry Main Line First Mortgage bonds, due July 1, 1910, and the Chicago & Indianapolis Division 6% bonds, due Aug 1, 1911. Of the bonds outstanding, \$4,700,000 carry 6% interest, \$5,000,000 carry 5% interest and the remaining \$5,300,000 4% interest. A first lien on the entire railroad owned, 508.79 miles, and also, subject to the below described equipment trusts, a lien on the rolling stock and equipment. Additionally secured by pledge of \$1,000,000 capital stock of the Chicago & Western Indiana RR, and \$240,000 capital stock of the Belt Ry of Chicago. All series are listed on the New York Stock Exchange. Interest paid without deduction for Normal Income Tax.

It is stipulated in the agreement under which the majority interest in the capital stock of Company was acquired by the Louisville & Nashville RR and the Southern Ry companies that the Chicago, Indianapolis & Louisville Ry Co. shall not execute or issue

any bonds, except for refunding of existing obligations, for betterments or improvements, for acquisition of additional property, or other lawful purposes.

\$3,250,000 First & General Gold 5s, Series "A"; dated May 1, 1916; due May 1, 1966; int. M & N 1, at J. P. Morgan & Co., New York. Coupon (principal may be registered), \$500 and \$1,000, and registered, \$1,000 and multiples; interchangeable. Guaranty Trust Co., New York, and Wm. L. Taylor, Indianapolis, Trustees. Authorized, \$40,000,000; issued, \$4,530,000 Series "A," of which \$1,280,000 held in treasury, June 30, 1916. Of the unissued bonds (which are issuable in series at an interest rate not exceeding 6%), \$16,998,800 are reserved for refunding the following obligations: \$15,000,000 Refunding bonds, due July 1, 1947; \$1,172,000 Indianapolis & Louisville Ry First 4s, due Jan 1, 1956, and \$826,800 (60% of total amount) equipment obligations; and the remaining \$18,471,200 for additions, betterments, improvements, etc. As the General Mortgage 5s, due July 1, 1919, were called for payment and redeemed on July 1, 1916, these bonds are a first lien (a) on the line of the Chicago & Wabash Valley Ry, 36 miles, through pledge of all the outstanding \$500,000 First & Extension Mortgage bonds; upon completion of the necessary corporate proceedings, the First and General bonds will become a direct lien on this property; (b) on the line of the Indiana Stone RR, 9.22 miles, through pledge of all the \$253,000 First Mortgage bonds; (c) on \$478,000 of the \$1,650,000 First Mortgage bonds of the Indianapolis & Louisville Ry, secured by first mortgage on 64.17 miles of road; and (d) on 500 shares (entire stock) of the Terminal & Warehouse Co. of Louisville. Also a direct second mortgage, subject only to the Refunding mortgage, which is a closed first lien on (1) all the lines of the Chicago, Indianapolis & Louisville Ry, aggregating 512 miles of road; (2) on valuable leasehold interests in terminal facilities in Chicago, Louisville and Indianapolis and in the Kentucky & Indiana Bridge over the Ohio River; (3) on 10,000 shares of the capital stock of Chicago & Western Indiana RR Co. and 2,400 shares of the capital stock of the Belt Ry Co. of Chicago, and (4) on all rolling stock and equipment owned by the company, including its equity in all equipment held under equipment trusts. First publicly offered (\$3,250,000) in May, 1916, at 93¼ and interest, yielding about 5.40%.

Note: The \$1,500,000 General 5s, dated June 20, 1914, and due July 1, 1919, described in the 1916 Railroad Manual, together with \$150,000 additional issued since that date, were called for redemption at 100½ and interest on July 1, 1916.

CHICAGO, MILWAUKEE & ST. PAUL RY CO.

History.—Incorporated May 5, 1863, in Wis., as the Milwaukee & St. Paul Ry; name being changed to present title, under authority of the Legislature of Wisconsin in Feb, 1874, at which time the mileage of the system was 1,399 miles. Absorbed the Western Union RR, 212.75 miles, in 1874, and on Oct 1, 1890, purchased the entire \$6,158,250 capital stock of the Milwaukee & Northern RR, covering 362 miles of road. Other lines have been added to the system, from time to time, by acquisition and construction; control of the Wisconsin Western RR being obtained in 1903, and of the Duluth, St. Cloud, Glencoe & Mankato Ry in 1906. An extension from Colton to Renner, S. D., 13.95 miles, was opened for traffic in Nov, 1906, and in Aug, 1907, a line from Chamberlain on the Missouri River to Rapid City, S. D., 219 miles, built under the charter of the White River Valley Ry, was put in operation. In Dec, 1912, the Idaho & Western Ry was merged.

Acquisition of Chicago, Milwaukee & Puget Sound Ry.—The Chicago, Milwaukee & Puget Sound Ry was constructed as an extension of the lines of railway of the Chicago, Milwaukee & St. Paul Ry Co. The construction of the main line and branches of that Company having been substantially completed, it was deemed advisable, both

on account of economy and efficiency in operation and of convenience to the public, to take over the lines of that company and make them a part of the St. Paul System. Accordingly that Company conveyed all of its railway, property and franchises to Chicago, Milwaukee & St. Paul Ry Co. by deed dated Dec 24, 1912, and on Jan 1, 1913, the St. Paul went into possession, under that deed, and since that date has operated said lines of railway as part of its system and as the owner thereof.

Acquisition of Idaho & Washington Northern RR.—During the year ended June 30, 1914, the company acquired the majority of the capital stock and all of the outstanding bonds and notes of the Idaho & Washington Northern RR (see statement in 1916 RR Manual, page 230) in exchange for its 4% bonds. The railroad of that company extended from a connection with Chicago, Milwaukee & St. Paul Ry's Coeur d'Alene branch at McGuire's, Idaho, to Metaline Falls, Wash., a distance of 105 miles, with a branch extending from Coleman to Cragstone Junc., a distance of about 6 miles. The property of the Idaho & Washington Northern RR was sold at foreclosure sale on Jan 25, 1916, and purchased by the Chicago, Milwaukee & St. Paul Ry Co. for about \$5,000,000. The latter company on Jan 7, 1916, had applied to the Wisconsin RR Commission for authority to issue \$5,369,000 bonds to provide for this purchase.

Acquisition of the Great Falls Terminal Ry.—The railway of the Great Falls Terminal Ry Co. was constructed at Great Falls, Mont., as a terminal facility of the Great Falls-Lewistown line. There are 3.45 miles of this railway, all of which has been electrified. It was deemed advisable, both on account of economy and efficiency in operation, to take over these terminals and make them a part of the St. Paul System. Accordingly the Great Falls Terminal Ry Co. conveyed all of its railway property and franchises to Chicago, Milwaukee & St. Paul Ry Co. by deed dated Nov 5, 1914, since which date the latter company has operated such railway as a part of its system and as the owner thereof.

Seattle, Port Angeles & Western Ry.—This road, the outstanding capital stock of which is all owned by the Chicago, Milwaukee & St. Paul Ry Co., was incorporated in Wash. on Jan 19, 1915, with \$3,000,000 authorized capital stock, and has in operation a line of railway extending from Discovery Junc., Jefferson County, Wash., westerly through Port Angeles to Majestic, a point in Clallam County, Wash., a distance of 62.4 miles. The line from Port Angeles to Majestic, 24 miles, was completed and placed in operation in Jan, 1915. The line from Discovery Junc. to Port Angeles, 38.4 miles, was completed and placed in operation in May, 1916. An extension of approximately 6 miles from Majestic, to Twin River, started in April, 1916, was about 25% completed June 30, 1916. This line taps the rich timber country of the Olympic Peninsula and is proving to be an excellent feeder for the St. Paul System.

Electrification.—Electrical operation of the Rocky Mountain Div., between Deer Lodge and Three Forks, Mont., a distance of 112.2 miles was started in Dec., 1915, and between Three Forks and Harlowton, Mont., a distance of 114.2 miles in Apr., 1916. By May 21, 1916, there had been received the required number of electric locomotives to operate the entire Rocky Mountain Div., with the exception of two local passenger trains. Work on the Missoula Div., between Avery, Ida., and Deer Lodge, Mont., was expected to be completed by the end of 1916.

Snoqualmie Tunnel.—The Snoqualmie tunnel through the Cascade Mountains, about 12,000 ft. in length, was completed on Aug 4, 1914, and placed in operation on Jan 17, 1915. The opening of this tunnel shortens the main line of the Coast Division 3.6 miles, eliminates interruptions from snow slides, and also eliminates 6.4 miles of ruling grade.

Indiana Harbor Belt RR.—In July, 1911, a 20% interest each in this company's capital stock was purchased by both the "St. Paul" and Chicago & North Western Ry Co. from the Lake Shore & Michigan Southern Ry Co. and the Michigan Central RR Co.

Coal Properties.—Through control of the St. Paul Coal Co. and the Excelsior Coal Co. the Chicago, Milwaukee & St. Paul Ry Co. has acquired 1,190 acres of coal lands and mining rights for other 1,250 acres in Marion and Monroe Counties, Iowa, and the ownership of 347 acres and mining rights for 27,300 acres in Bureau, LaSalle and Putnam Counties, Illinois.

Capital Expenditures, year ended June 30, 1916.—Additional equipment purchased or built during year, \$3,925,576; less original cost of equipment destroyed, sold or taken down during the year, \$967,490—net, \$2,958,086; purchase of Idaho & Washington Northern RR., \$5,629,784; new branch lines and extensions, \$152,363; new additional main tracks and reducing grade and perfecting line, \$1,179,475; other additions and betterments, \$9,309,126—total, \$19,228,834. Less property retired or converted, \$1,262,916. Balance, \$17,965,918.

Coupon (principal may be registered), \$100, \$500 and \$1,000, and registered, \$500, \$1,000, \$5,000 and other multiples of \$500. Coupon and registered bonds (except \$100 coupon bonds) are interchangeable. United States Trust Co. and Edward W. Sheldon, New York, Trustees. Authorized issue, \$200,000,000; issued, \$181,664,500, of which \$154,489,500 have been exchanged for a like amount of Chicago, Milwaukee & St. Paul Ry General & Refunding bonds due Jan 1, 2014, and \$1,000,000 were held in Insurance Fund June 30, 1916, leaving \$26,175,000 outstanding. Mortgage is closed and no more of these bonds can be issued. Assumed by the Chicago, Milwaukee & St. Paul Ry Co., and are a first lien on the property formerly owned by the Chicago, Milwaukee & Puget Sound Ry Co., including 2,008.34 miles of track extending from Mobridge, S. D., to Maple Valley, Wash., with branches. Also secured on terminal properties at Spokane, Seattle and Tacoma, Wash., and Butte, Mont., and on equipment costing \$22,500,000. Provided for in the General & Refunding Mortgage dated Nov 1, 1913. Listed on the New York and London Stock Exchanges. First publicly offered (\$25,000,000) in March, 1911, at 95½ and interest. Interest paid without deduction for Normal Income Tax.

(16) \$47,218,800 General & Refunding bonds (\$18,089,000 Series A 4½s and \$29,129,800 Series B Convertible 5s); Series A dated Nov 1, 1913; Series B, Feb 1, 1915; due Jan 1, 2014; int. A & O 1, at company's office, New York. Series A: Coupon (principal may be registered), and registered, \$1,000; interchangeable; Series B: Coupon (principal may be registered), \$100, \$500 and \$1,000, and registered, \$1,000, \$5,000 and \$10,000; interchangeable. Guaranty Trust Co., New York, and Alexander J. Hemphill, Trustees. The authorized total issue is limited to an amount which, together with all outstanding prior debts of the company, after deducting therefrom the bonds reserved under the provisions of the indenture to retire prior debts at maturity, shall never at any time exceed three times the then outstanding capital stock of the company, with the additional proviso that, when the aggregate amount of the bonds issued and the bonds reserved for the refunding purposes shall equal three times the capital stock outstanding on Nov 1, 1913, additional bonds may only be issued at par to the extent of 75% of the cost of the work done or property acquired. Bonds are issuable in series bearing interest at not exceeding 6% per annum. To June 30, 1916, a total of \$179,489,500 bonds had been issued, of which \$132,259,200 bonds without designated interest rate were held in treasury, and \$11,500 Series B 5s were held in Insurance Fund, leaving \$47,218,800 outstanding (\$18,089,000 Series A 4½s and \$29,129,800 Series B 5s). Of the issued bonds, \$154,489,500 were issued in exchange for a like amount of First Mortgage bonds of the Chicago, Milwaukee & Puget Sound Ry Co., which are pledged under the General & Refunding mortgage as additional security; the remaining \$25,000,000 were issued for additions and improvements. Under

the terms of the mortgage, there were reserved \$184,421,000 bonds to retire a like amount of prior liens and \$132,007,200 bonds to retire outstanding debentures and convertible bonds which are equally secured by the General & Refunding mortgage with the bonds issued and to be issued thereunder. Further bonds may be issued from time to time for improvements, betterments or purchase of additional railroads, terminals, rolling stock, and for other corporate purposes under restrictions and limitations provided in the mortgage.

Convertibility.—The Series "B" bonds are convertible at option of holders into Com. stock at par (with an adjustment of accrued interest and current dividends), at any time on or before Feb 1, 1926. Series "A" bonds are not convertible. Mortgage provides that bonds of any series issued may be made convertible into capital stock, Com. or Pfd., upon terms to be stated in the bonds.

Security.—These bonds are secured by direct lien on all the railroad properties of the company including 9,747.03 miles directly owned, 109.74 miles jointly owned, and 351.17 miles operated under trackage rights, valuable terminal properties in Chicago, Milwaukee, Seattle, Tacoma, Spokane and other cities, and upon the entire equipment of the company, subject to \$184,421,000 prior liens for the retirement of which at or before maturity General & Refunding Mortgage bonds are reserved. The prior liens may not be extended and no further issues may be made under them, with the exception of the General Mortgage dated May 1, 1889, under which bonds may be issued for refunding purposes only, so that eventually the General & Refunding Mortgage bonds will become an absolute first mortgage. Also secured by pledge of \$154,489,500 Chicago, Milwaukee & Puget Sound Ry Co. First Mortgage bonds described above, which cover 2,008.34 miles of road. Listed on New York Stock Exchange (Series A and B). First publicly offered (\$30,000,000 Series A) in June, 1914, at 96½ and interest. \$29,141,300 Series B bonds were offered to stockholders of record Jan 29, 1915, at par, to extent of 12½% of their holdings. Normal Income Tax deducted from interest.

(17) \$30,568,469.83 Gold 4s; dated Dec 1, 1915; due June 1, 1925; int. J & D 1, at company's office, New York. Coupon, \$1,000; principal may be registered. United States Mortgage & Trust Co., New York, Trustee. Authorized, \$48,176,000. The outstanding bonds were issued in exchange for a like amount of European Loan bonds of 1910, described in paragraph 13, above. The indenture provides that the principal amount of the bonds shall not exceed the aggregate principal amount of European Loan bonds of 1910, deposited with the Trustee as security therefor. Subject to call as a whole, but not in part, at par and interest on June 1, 1922, or on any interest date thereafter, upon not less than 8 weeks' notice. Listed on New York Stock Exchange. Normal Income Tax deducted from interest.

There was also outstanding, as of June 30, 1916, \$1,000 Southwestern Division First 6s, due July 1, 1909, and \$8,000 Dakota & Great Southern Ry First 5s, due Jan 1, 1916.

PUGET SOUND & WILLAPA HARBOR RY GUARANTEED TRUST CERTIFICATES.

The Company guarantees the principal and interest of \$2,999,500 Puget Sound & Willapa Harbor Ry Co. 5-Year 5% Trust Certificates; dated June 1, 1913; due June 1, 1918; int. J & D 1, in New York City, to holders of record May 20 and Nov 20. Registered, \$100 and multiples. United States Trust Co., New York, Trustee. Authorized issue, \$3,000,000. Subject to call as a whole at 102½ and interest on any interest date upon 30 days' notice. These certificates were issued by the United States Trust Co. and represent ownership of \$2,999,500 capital stock of the Puget Sound & Willapa Harbor Ry Co. being the entire issue except five shares for qualifying trustees. This stock is deposited with the Trust Company under a trust agreement which provides that the Chicago, Milwaukee & St. Paul Ry Co. shall purchase the stock at \$100 per share on June 1, 1918, on which date the trust certificates are payable unless sooner redeemed. The Puget Sound & Willapa Harbor Ry Co. is successor to the Pacific & Eastern Ry Co. of Wash., which Co. operated a line of road with its terminus on the Willapa River near Raymond, Wash. This road has been extended to a junction with the main line of the Chicago, Milwaukee & St. Paul Ry Co. in Thurston County, Wash., and to extensive terminals in the town of Raymond on Willapa Harbor. The Puget Sound & Willapa Harbor Ry Co. has no funded debt, and the agreement provides that none

shall be created during the life of these certificates. First publicly offered (\$2,999,500) in June, 1913, at 98¼ and interest. Interest paid without deduction for Normal Income Tax.

Annual meeting, second Tuesday in Jan.

General office, Chicago, Ill.

CHICAGO, PEORIA & ST. LOUIS RR CO.

Incorporated Dec 6, 1909, in Ill., and on Jan 1, 1913, took possession of the property of the Chicago, Peoria & St. Louis Ry Co. of Illinois (see *Manual* for 1912, page 325), sold under foreclosure of the Consolidated Mortgage, on Nov 18, 1912, and bid in for \$750,000 by the Reorganization Committee. Owns the entire \$50,000 capital stock and \$50,000 bonds of the Alton Terminal Ry, owning terminals at Alton, Ill., and 25% of the \$1,000,000 capital stock of the Peoria & Pekin Union Ry Co. (see *General Index* therefor).

Receivership.—The Circuit Court at Springfield, Ill., on July 31, 1914, appointed Bluford Wilson of Springfield, Ill., Pres. of the road, and William Cotter of New York, receivers for company.

Default—General & Refunding Bondholders' Committee.—Owing to default in June 1, 1914, interest on the General & Refunding 4½s, the below named committee urged deposit of these bonds with Bankers Trust Co., New York, depository. Committee: Frederick J. Lisman, Chrm., and Alfred Shepherd, with Graham Adams as Sec., 30 Broad St., New York, and White & Case, Counsel. The agreement provides that in case of a vacancy in the membership of the committee the successor of Frederick J. Lisman shall be designated by F. J. Lisman & Co., New York, and the successor of Alfred Shepherd by the directors of the Car Trust Realization Co., Ltd., Great Britain. The committee may add to its number. The agreement gives the committee the customary powers for the protection of the bondholders and provides that any plan of reorganization presented by the committee shall become binding on all depositors when assented to by certificates representing 51% of the bonds deposited hereunder, but that each dissatisfied depositor shall be allowed thirty days in which to withdraw; if the holders of more than 49% in principal amount of the outstanding certificates of deposit shall so dissent, the plan will not become effective. Time for deposit was limited to Dec 15, 1914, since which date no deposits have been received, except upon such conditions as committee has imposed. A substantial majority of the bonds has been deposited.

Default—Prior Lien Bondholders' Committee.—Default having been made in payment of Sept 1, 1914, interest on the Chicago, Peoria & St. Louis Ry of Ill. Prior Lien 4½s, the below named committee urged deposit of these bonds with the Equitable Trust Co., New York, depository of committee. Committee: Sidney C. Borg of Simon Borg & Co.; Henry E. Cooper, V-P of the Equitable Trust Co., New York; Thomas Denny of Denny, Pomroy & Co.; Robert Struthers, Jr., of Wood, Struthers & Co., with J. N. Babcock, Sec., 37 Wall St., New York, and Leventritt, Cook & Nathan, as Counsel. Time for deposit was limited to Nov 30, 1914, since which date no deposits have been received except on terms imposed by committee. *All accrued interest to Sept 1, 1916, was subsequently paid.*

CHICAGO, ROCK ISLAND & PACIFIC RAILROAD CO.

History.—Incorporated July 31, 1902, in Ia., to acquire control of The Chicago, Rock Island & Pacific Ry Co. and other lines of railway and railway property in the State of Iowa and in other States and Territories. The company issued its capital stock to The Rock Island Co. in exchange for the Com. and Pfd. stocks of that company, and with such Com. and Pfd. stock of The Rock Island Co. and its own 4% gold bonds and Collateral Trust 5% bonds, acquired a majority of the capital stock of The Chicago, Rock Island & Pacific Ry Co. and the Com. stock of the St. Louis & San Francisco RR Co., the latter of which was sold on Dec 1, 1909, to B. F. Yoakum and associates, and on Feb 1, 1910, the 5% bonds issued against the acquisition of same were redeemed. The funds used by the C., R. I. & P. RR Co. for the redemption of its outstanding Collateral 5% bonds were provided in part by the cash purchase price received from the St. Louis syndicate and in part by the sale of \$7,500,000 new bonds. The latter matured on the same date as the former 5s (Sept 1, 1913), and bear the same rate of interest. They were purchased by The C., R. I. & P. Ry Co., and are carried in the treasury of that company. The issue has been replaced by a similar issue due Sept 1, 1917. Up to June 30, 1914, \$71,353,500 of the outstanding \$74,877,200 capital stock of The C., R. I. & P. Ry Co. had been acquired.

Interest Default—Sale of Collateral.—The Chicago, Rock Island & Pacific Ry Co. having failed to declare a dividend on its Com. stock in 1914, the Chicago, Rock Island & Pacific RR Co., the holding company, was left without resources with which to pay the May, 1914, coupons on the Collateral Trust 4s due 2002. In view of the impending default in this interest a bondholders' protective committee, consisting of James N. Wallace, (Chm.); Chas. Hayden, James Brown, Bernard M. Baruch, Henry Evans, Frederick Strauss, with Joline, Larkin & Rathbone and Cravath & Henderson as Counsel, and C. E. Sigler as Secretary, 54 Wall St., New York, was formed and, in order to secure concerted action, requested deposit of the bonds with Central Trust Co., New York, Depositary. The formation of this committee and the deposit of bonds was protested by N. L. Amster of Boston, who, subsequently, in the interests of the undeposited bonds, formed a second protective committee consisting of himself as Chairman; L. Lafin Kellogg, Geo. Warren Smith, Warren C. Crane, Frank W. Bauder, Courtlandt Linkroum, Alfred K. Keppelmann, Edwin S. Dickerson and Geo. G. Prentice.

Owing to default in the payment of the May, 1914, interest on the Collateral Trust 4s, the Central Trust Co., New York, as Trustee of these bonds brought foreclosure suit on Sept 3, 1914, in the U. S. District Court and a foreclosure decree was signed Oct 10, 1914, by Judge Mayer, who directed that the stock of the Chicago, Rock Island & Pacific Ry Co., pledged as collateral for these bonds, be sold at auction in the interests of the bondholders by Bronson Winthrop, as Special Master. In connection with this sale the "Wallace" protective committee (which ultimately represented a majority of the bonds), announced a plan of reorganization which provided for the purchase in a single block of the stock pledged (which had a total par value equal to the face value of the outstanding bonds), and for the distribution of it to the depositing bondholders on the basis of ten shares of stock of a par value of \$100 each for each \$1,000 bond, the depositing bondholders to pay the non-depositing bondholders their share of the proceeds of the sale of the stock and to receive the excess stock in proportion to their holdings. This plan of selling the stock *en bloc* was opposed in the Courts by the minority bondholders represented by N. L. Amster, who contended it was unfair to them. The Circuit Court of Appeals on Nov 19, 1914, reversed Judge Mayer's decision, giving it as their opinion that the undepositing minority bondholders had a right to be made party defendants to the foreclosure suit. Eventually an arrangement was made between the two committees (the Wallace Committee and the Amster Committee), which allowed the stock to be sold. This arrangement was made an order of Court on Dec 21, 1914, and provided that while the stock might be sold *en bloc*, all the shares applicable to the undeposited bonds should be turned over to a Special Master appointed by the Court and be distributed to the bondholders who had not deposited their holdings, these bondholders to pay their proportion of the committee and foreclosure expenses, amounting to 44½ cents per share (54½ cents after Jan 21, 1915). On Dec 22, 1914, this stock (\$71,353,500) was sold to the "Wallace" Committee for \$7,135,350, equivalent to \$10 a share. This sale was confirmed by Judge Mayer on Jan 6, 1915.

Distribution to Holders of 4% Bonds—Option on Excess Stock.—Special Master Bronson Winthrop gave notice Jan 14, 1915, to holders of the 4% Collateral Gold bonds due 2002 (not deposited with "Wallace" Committee), as follows: (1) That he was then prepared to pay through the Central Trust Co., New York, out of the proceeds of the sale, the pro rata amount to which the bonds were entitled (namely \$98.50 per \$1,000

bond with coupon of May 1, 1914, attached), upon presentation of the bond for stamping; or (2) upon surrender of said bonds at his office, 32 Liberty St., New York, or at Central Trust Co., New York, prior to Feb 27, 1915, together with the payment by the holder of \$4.45 per bond on or before Jan 21, 1915 (\$5.45 after Jan 21), said holder would be entitled to receive, in lieu of a cash distribution, ten shares (\$1,000) of stock of the Chicago, Rock Island & Pacific Ry. (3) Bondholders wishing to exercise the right to subscribe for excess stock had to exchange their bonds for stock prior to Feb 9, 1915, and had to give notice in writing prior to Feb 9, 1915, to the Special Master of their desire to make such subscription (payment therefor at or about \$10.42 per share to be made on or before March 5).

The Wallace Committee gave on Jan 14, 1915, substantially the following notice: Holders of certificates of deposit may, not later than March 25, 1915, surrender their certificates of deposit in negotiable form to Central Trust Co., 54 Wall St., New York, and, on payment of \$4.45 for each \$1,000 of bonds represented by such certificates, receive: (a) Stock of Chicago, Rock Island & Pacific Ry Co. to an amount at par equal to face amount of bonds represented by such certificates. (b) Warrants entitling them to take and pay for, not later than March 25, 1915, their pro rata of excess stock at \$10.42 per share, this price including interest and cost of Federal and State Transfer Tax stamps. Failure to make surrender and payment on or before March 25, 1915, will forfeit all rights under the plan and agreement of Oct 1, 1914, and holders of certificates of deposit will not be entitled thereafter under any circumstances to the return of the deposited bonds or to the delivery of stock.

Right to Subscribe for About 134% Excess Stock.—The Wallace Committee, in March, 1915, gave notice to holders of warrants issued to depositors on the surrender of certificates of deposit for gold bonds of 2002 (trust deed foreclosed) that on or before March 25, 1915, they would be entitled upon surrender of their respective warrants to Central Trust Co., New York, to purchase at the rate of \$10.42 for each share (par value \$100) \$17.25 of stock of the Chicago, Rock Island & Pacific Ry Co. for each \$1,000 bond of Chicago, Rock Island & Pacific RR Co., in respect of which their warrants were issued. Of the \$71,353,500 4s of 2002, \$65,504,000 were deposited with the Wallace Committee as of Feb 26, 1915, when the time for deposits expired, and \$4,667,000 additional were turned in by the Special Master, making a total of \$70,171,000 bonds entitled to be exchanged for stock of the Railway Company on payment of the assessment. Only deposits made by Feb 9, 1915, entitled the depositor to subscribe for excess stock.

Report Approved.—Judge Mayer on June 28, 1916, in the Federal District Court, at New York, approved of the report of Walter C. Noyes, Receiver, in the suit brought by the Central Trust Co. The report shows collections aggregating \$778,101; disbursements totaling \$104,031, and \$674,070 still in the hands of the Receiver. Receiver Noyes was directed to pay out of the moneys in his possession to the Central Trust Co. the sum of \$606,500 as a dividend upon the deficiency judgment which was to be used in the redemption of the gold bonds of 2002, and their coupons at the rate of \$8.50 for each \$1,000 of principal and 16-2-3c. for each \$20 coupon.

Claim Allowed.—Judge Mayer on June 28, 1916, is said to have allowed the claim of Receiver Dickinson of the Chicago, Rock Island & Pacific Ry Co. for \$6,381,098, based on the 5% bonds, due 1917, but to have disallowed his claim for \$1,388,000 interest thereon.

Further Distribution to Bondholders.—The owners of all the \$71,353,500 bonds of 1902, due 2002, including those holders who elected to receive stock in the Chicago, Rock Island & Pacific Ry Co., in exchange for their bonds, were entitled to participate in the distribution announced in June, 1916, by Receiver Walter C. Noyes. The distribution which was made at the Central Trust Co., New York, on presentation of the bonds for appropriate notation, amounted on each \$1,000 bond, if accompanied by the appurtenant coupon which matured May 1, 1914, to \$8.50, or if not accompanied by the coupon which matured May 1, 1914, to \$8.33½, all cash. Holders of coupons which matured May 1, 1914, presented separately from the bonds were entitled to receive 16½c. for each \$20 coupon. The amount of this distribution was \$606,500. A further small distribution is probable at some future time.

Compromise.—Judge Mayer in the U. S. District Court at New York on Feb 21, 1916, ratified an agreement under which Daniel G. Reid, Wm. H. Moore, Roberts Walker, Francis L. Hine and Edward S. Moore, directors, were to pay \$750,000 to Receiver Noyes in settlement of their alleged liability to the road through the loss on the purchase and sale of its control of the St. Louis & San Francisco RR and the payment of \$525,000 contested dividends between 1910 and 1913. It was pointed out by the Court that the offer was voluntary and not the result of any receivership suit.

Receivership.—Judge Julius M. Mayer in the U. S. District Court at New York on Jan 19, 1915, upon motion by Central Trust Co., the Trustee under the 4% collateral Mortgage recently foreclosed, appointed Ex-Circuit Court Judge Walter C. Noyes receiver for company.

Capital Stock.—Authorized and issued, \$145,000,000; par, \$100. The stock was formerly all owned by the Rock Island Co., but that company was liquidated in April, 1916, (see *General Index*). Dividends have been paid as follows: 1.34% for year 1904-5; 0.34% for year 1905-6; 0.052% for years 1906-7, and 1907-8; Sept 23, 1909, 0.034%; 0.34% for year 1910-11; 0.069% for year 1911-12; 0.22% for year 1912-13; July 1, 1913, 0.048%; none since.

BONDED DEBT.

The company issued \$71,353,500 Collateral Trust 4% bonds, dated Aug 1, 1902, and due Nov 1, 2002, of an authorized issue of \$75,000,000. These bonds were secured by deposit with the Central Trust Co., New York, as Trustee, of an equal amount of stock of the Chicago, Rock Island & Pacific Ry Co., but the mortgage was foreclosed in Oct, 1914, and the collateral securing the same distributed in Jan, 1915, to holders of the Collateral Trust bonds, as stated above.

\$7,500,000 Gold 5s; due Sept 1, 1917. All owned by The C., R. I. & P. Ry Co. These bonds were issued to retire a like amount of 5% bonds due Sept 1, 1913. Subject to call at par and interest on any interest date.

Officers: J. J. Quinlan, *Pres., Treas. & Asst. Sec.*, New York; F. W. Sargent, *Sec. & Asst. Treas.*, Des Moines, Ia. **Director:** J. J. Quinlan, New York.

Annual meeting, third Thursday in Oct., at Des Moines, Ia.

Offices, Des Moines, Ia., and New York.

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY CO. (THE).

(See *Accompanying Map*)

History.—Incorporated June 2, 1880, in Ill. and Ia.; consolidation of the (first) Chicago, Rock Island & Pacific RR Co. and various proprietary lines. The company has steadily increased its mileage by the acquisition and absorption of various subsidiary companies. In 1902, a majority of the capital stocks of the Burlington, Cedar Rapids & Northern Ry and the Rock Island & Peoria Ry were acquired, and in 1903 all but a small minority of the stocks of these companies were exchanged for stock of The C., R. I. & P. Ry Co., and their lines were deeded to and taken over for operation by that company. The Choctaw, Oklahoma & Gulf RR is leased to this company for 999 years from March 24, 1904, at rental covering interest on the "Choctaw" bonds; all of the capital stock of the "Choctaw" company being owned by The C., R. I. & P. Ry Co. The Chicago, Rock Island & Gulf Ry Co. is controlled by The C., R. I. & P. Ry Co. through ownership of practically its entire capital stock, but is operated independently, and its accounts are included in the annual report of the Rock Island Lines and in the statistics following. On Dec 31, 1910, the entire property of the Chicago, Rock Island & El Paso Ry Co. was conveyed to The C., R. I. & P. Ry Co., which owned the entire outstanding stock and bonds.

Bondholders in Control.—On Dec 22, 1914, the control of the Chicago, Rock Island & Pacific Ry Co. passed into the hands of the holders of the Chicago, Rock Island & Pacific RR Co. Collateral Trust 4s.—See that company's statement.

Distribution of Stock.—See under Chicago, Rock Island & Pacific RR.

Receivership.—On April 20, 1915, the American Steel Foundries brought a bill of complaint against The Chicago, Rock Island & Pacific Ry Co. in the District Court of the United States, for the Northern District of Illinois, Eastern Division, praying the Court to appoint receivers to take charge of and operate the properties of the Railway Company under the jurisdiction of said Court, whereupon Judge George A. Carpenter appointed Jacob M. Dickinson and Henry U. Mudge, as Receivers of all the railroads, lands, properties, assets, rights and franchises of The Chicago, Rock Island & Pacific Ry Co. Similar application was made the same date by ancillary bill in the United States District Court for the Western District of Missouri, which Court made the same appointment as to the Eighth Judicial Circuit, embracing all the property of the company, except that in Ill., Tenn. and La. Ancillary applications were made at Shreveport, in the Fifth Circuit, and Memphis, in the Sixth Circuit, and the United States District Courts for the Western District of Louisiana and the Western District of Tennessee, respectively, made ancillary appointments in conformity with the order entered at Chicago. On Sept 18, 1915, an ancillary appointment of Messrs. Dickinson and Mudge was made by the United States District Court for the Southern District of New York,

in the Second Judicial Circuit. On Sept 30, 1915, Mr. Mudge resigned as receiver, and Mr. Dickinson was continued as sole Receiver by order of Judge Carpenter at Chicago, and is now operating the property as sole Receiver thereof.

PROTECTIVE COMMITTEES.

(1) *Minority Stockholders' Committee.*—In April, 1915, N. L. Amster, who had recently been elected a director in behalf of the minority stockholders, and who maintained that the receivership was unnecessary, formed a committee to protect the minority stockholders, consisting of N. L. Amster, Chrm.; Warren C. Crane, Alfred J. Keppelmann, Frank W. Bauder, New York; Edwin S. Dickerson, Philadelphia; George G. Prentice, New Haven; Peter G. Ten Eyck, Albany; Geo. Warren Smith of Maine and Courtlandt Linkroum of New Jersey; Secretary, Alfred J. Keppelmann, 67 Milk St., Boston.

(2) *Committee for the Choctaw Securities.*—In April, 1915, notice was given to holders of the \$5,500,000 Choctaw, Oklahoma & Gulf RR General (now first) 5s, due 1919, \$5,411,000 Choctaw, Oklahoma & Gulf RR Consolidated 5s, due 1952, and \$3,525,000 Choctaw & Memphis RR First 5s, due 1949, that at the request of holders of large amounts of these bonds, the following had consented to act as a committee for the protection, if necessary, of these issues: E. B. Morris, C. S. W. Packard, Chas. E. Ingersoll, Thos. S. Gates and Edward B. Smith. Holders were asked to communicate with either Edward B. Smith & Co., Philadelphia and New York, or the Girard Trust Co., Philadelphia. Deposit of these bonds has not been asked as yet. When and if required in the future, deposit will be made with Girard Trust Co., Philadelphia.

(3) *Committee for 20-Year Debenture 5s.*—In April, 1915, the following committee was appointed to protect the interests of the 20-Year Debenture 5s of 1912: Seward Prosser, Chrm., A. Barton Hepburn, Edwin G. Merrill, James Speyer, New York; and E. K. Boisot, Chicago, with B. W. Jones as Sec., 16 Wall St., New York, and Bankers Trust Co., New York, depositary, and First Trust & Savings Bank, Chicago, sub-depositary. Deposit of bonds was not asked at time of formation of committee, but when the interest due July 15, 1915, on the Debentures was not paid, holders were urged to deposit their bonds with the above mentioned depositaries. The committee arranged for an advance of the interest due July 15 to any holder of a certificate of deposit. The July interest, however, was paid on and after Sept 20, 1915, funds being derived from the sale of \$500,000 6-months 6% Receivers' Certificates. A large amount of the Debentures has been deposited. Default having been made in the Jan 15, 1916, interest, holders of undeposited bonds were urged to deposit the same immediately. Certificates of deposit for Debenture bonds have been listed on the New York Stock Exchange. On Nov 30, 1916, the committee requested the Bankers Trust Co., New York, as Trustee of the Debentures, to declare the principal due, which was accordingly done.

(4) *Stockholders' Protective Committee.*—In May, 1915, a stockholders' protective committee was formed, which was stated to be entirely independent of other interests in the property, consisting of Chas. Hayden, Chrm.; James S. Alexander, W. Emlen Roosevelt, W. J. Matheson and A. F. Van Hall, with M. M. Ferguson as Sec., 25 Broad St., New York, and Carter, Ledyard & Milburn and K. R. Babbitt, as counsel. This committee has not called for deposit of shares and stated that it would not do so until some plan of reorganization has been formulated, so that stockholders when depositing may fully understand the condition of company's affairs and the details of the proposed plan.

(5) *Committee for First & Refunding 4s.*—In May, 1915, Harris, Forbes & Co., New York, announced the formation of a committee to protect the holders of First & Refunding Mtge. 4% bonds, which now includes Chas. A. Peabody, Chrm.; Allen B. Forbes, Wm. A. Day, Alexander J. Hemphill, Albert W. Harris, Percy A. Rockefeller and John H. McClement (representing foreign holders), with E. C. Granbery, as Sec., 56 William St., New York, L. C. Krauthoff as counsel, the Guaranty Trust Co., New York, as depositary, and the Harris Trust & Savings Bank, Chicago, as sub-depositary. This committee did not request deposit of bonds until Oct, 1915, when the committee then thought that conditions and developments affecting the interests of the holders required such a deposit.

(6) *Joint Reorganization Committee.*—At a meeting held June 20, 1916, representatives of the Hayden and Amster stockholders' committees and the Debenture committee organized the following committee, which was to prepare a new plan of reorganization: Seward Prosser, Chairman; James Speyer, Chas. Hayden, N. L. Amster, E. K. Boisot and S. Davies Warfield, with White & Case, Samuel Untermyer and K. R. Babbitt as counsel, and B. W. Jones, 16 Wall St., New York, Secretary. Bankers Trust

Co., New York, and First Trust & Savings Bank, Chicago, Depositories. Certificates of Deposit for stock have been listed on the New York Stock Exchange.

(7) *Branch Line Bondholders' Committees.*—In connection with the filing of a bill of foreclosure by the holders of the \$111,140,000 outstanding First & Refunding Mtge. 4% bonds, the following branch line security holders' committees were formed: (1) For the St. Paul & Kansas City Short Line RR. First Mtge. 4½% Gold bonds: Eugene Meyer, Jr., Chairman, H. E. Andrews, Philip Livermore, W. D. Wood, with A. A. Cook as counsel and H. W. Morse, Sec., 26 Broad St., New York. New York Trust Co., New York, depository; British Linen Bank, 38 Threadneedle St., London, Eng., agent of depository. (2) For the Rock Island, Arkansas & Louisiana RR. First Mortgage 4½% Gold bonds: Henry Ruhlender, Chrm.; Andrew J. Miller, Timothy S. Williams, with Alfred A. Cook, New York, as counsel, and C. C. Harmstad as Sec., 176 Broadway, New York. Title Guarantee & Trust Co., New York, depository.

Interstate Commerce Commission Report.—The Interstate Commerce Commission at Washington on Aug 17, 1915, made public the report of its investigation into the alleged mismanagement of the property. The report mentions various transactions which it says resulted in the following losses: Expenses of maintaining and housing holding companies, more than \$290,000; 'Frisco deal, approximately, \$6,500,000; Alton deal, approximately, \$6,370,000; Trinity & Brazos Valley Ry deal, more than \$4,500,000; Consolidated Indiana Coal Co. and Dering Coal Co., at least \$1,300,000; contributions or gratuities to officers and directors, about \$1,000,000; Venner transaction, \$217,000; miscellaneous and unexplained expenditures, \$72,523.

"These items," the Commission adds, "show an aggregate loss to the railway company of more than \$20,000,000. In addition thereto it is to be noted that prior to June 30, 1914, the railway company paid to financial institutions in connection with the issuance of bonds commissions aggregating more than \$1,600,000 and suffered discounts of more than \$17,700,000."

Restitution Suits.—The restitution suit to recover \$7,500,000 from former directors on account of St. Louis & San Francisco RR. deal, was filed in the Supreme Court at New York on Sept 29, 1915, by Receiver Dickinson. The defendants named are Daniel G. Reid, Wm. H. Moore, R. A. Jackson, W. H. Graham, Ogden Mills, E. S. Moore, F. L. Hine, G. G. McMurtry and G. T. Boggs.

Damage Suit.—The Colorado & Southern Ry Co. on Dec 20, 1916, filed three suits in the Supreme Court against the Chicago, Rock Island & Pacific Ry Co., on claims alleged to be due and payable, viz., (a) \$5,889,718 for half the cost of building the Trinity & Brazos Valley Ry and the unpaid installments of interest thereon; (b) \$40,312 for unpaid proportion of principal and interest of Trinity & Brazos Valley Ry Equipment Trusts, Series "A"; (c) \$50,454 for reimbursement of interest paid on Galveston Terminal Ry bonds.

PAYMENTS DISCONTINUED.

Since the receivership the following payments heretofore made have been discontinued:

	Per Annum.
C. R. I. & P. proportion of interest on Peoria Ry Terminal Co. First Mortgage bonds....	\$18,880
Trinity & Brazos Valley Ry Co., interest on First cost of line.....	248,278
Trinity & Brazos Valley Ry Co., Annual Instalment of Car Trust Notes.....	25,000
Interest thereon.....	Varying Amounts.
Galveston Terminal Ry Co., interest.....	33,180
Consolidated Indiana Coal Co., interest.....	125,000
Consolidated Indian Coal Co., sinking fund (approximately).....	40,000
Consolidated Indiana Coal Co., other advances (approximately).....	140,000
C. B. & Q. trackage rental, Harlem to Rushville (approximately).....	75,000
Union Terminal Ry Co. of Saint Joseph, Mo.....	31,250
Interest on 20-Year Gold Debentures.....	1,000,000

The issues involved in these suspended payments have not been finally determined, and therefore, entries have been made upon the books of the company charging against income account for the year, \$1,606,618 to provide for the accrual of said payments during the year, in the event the final determination shall require such payments to be made. The entire amount thus accrued to June 30, 1916, aggregated \$1,878,614.

In addition to the above there has been saved in salaries paid to general officers something over \$75,000 per year. There was also a reduction of approximately \$25,000 made in the expenses of the New York office. Other savings have been effected through cancellation and changes in contracts.

SYNOPSIS KENDRICK REPORT ON CHICAGO, ROCK ISLAND & PACIFIC RAILWAY.

According to the report of J. W. Kendrick to the Receiver of the Rock Island five years will be required to effect a thorough rehabilitation of the system. The full amount of the savings or economies suggested will not be realized until the last year, that is the year ending June 30, 1921. The major part of the capital expenditures should be made during the first three years or up to June 30, 1919, and the money so required is estimated to be \$27,000,000, divided among the various accounts as follows:

ESTIMATED CAPITAL EXPENDITURES TO JUNE 30, 1919.

Grade revision, new lines, sidings and second track.....	\$6,008,000
New freight locomotives.....	1,000,000
Improvements to existing equipment—cars and engines.....	3,442,000
Rails	750,000
Ballast and bank widening.....	3,587,000
Tie plates	3,000,000
Yards and terminals.....	2,207,000
Track motor cars.....	176,000
Bridges	280,000
Track elevation and grade separation.....	3,392,000
Fences	309,000
Telegraph and telephone.....	275,000
Signals	291,000
Miscellaneous	2,487,000
Total	\$27,204,000

It is believed that this amount of money, judiciously expended, will result in putting the Rock Island in good physical condition and by the exercise of close supervision it is estimated that the net annual saving in operating expenses for the fiscal year ending June 30, 1919, will amount to about \$5,050,000. Four thousand freight cars have been purchased by the Receiver and by the expenditures recommended in connection with equipment reinforcement and betterment, some 5,000 additional freight cars will be put into serviceable condition and will result in an estimated reduction in Hire of Equipment charges amounting to \$700,000 per annum. By the cancellation and modification of certain leases there should also be a reduction in rentals amounting to \$319,000. The expenditures will cause an increase in interest on funded and unfunded debt in 1919 over 1915 of \$1,588,000.

Applying these estimates to the year ending June 30, 1919, and assuming that the gross operating revenue increases at the same rate it has during the past five years, the income account for the year ending June 30, 1919, will be as follows:

INCOME ACCOUNT 1919.

Railway operating revenue.....	\$74,550,000
Operating expenses	50,918,000
Operating ratio	68.3%
Net revenue from railway operation.....	23,632,000
Taxes and uncollectible revenue.....	3,986,000
Total railway operating income.....	19,646,000
Other income	1,368,000
Total income	21,014,000
Hire of equipment, Dr.....	\$556,000
Rent of other equipment.....	453,000
Joint facilities and other rents.....	1,304,000
Rent for leased roads.....	332,000
Interest on funded and unfunded debt.....	13,724,000
Other income charges.....	342,000
Total deductions	16,711,000
Balance of income.....	\$4,303,000

During 1920 and 1921 \$4,000,000 should be expended annually for Additions and Betterments and by the end of the fiscal year 1921 it is believed all of the estimated economies should be realized. On this basis the operating ratio for 1921 will be 64.1 per cent. and the income account will be as follows:

INCOME ACCOUNT 1921.

Railway operating revenue.....	\$76,350,000
Operating expenses	48,940,000
Operating ratio	64.1%
Net revenue from railway operation.....	27,410,000
Taxes and uncollectible revenue.....	4,286,000
Total railway operating income.....	23,124,000
Other income	1,368,000
Total income	24,492,000
Hire of equipment, Dr.....	\$556,000
Rent of other equipment.....	453,000
Joint facilities and other rents.....	1,304,000
Rent for leased roads.....	332,000
Interest on funded and unfunded debt.....	14,124,000
Other income charges.....	342,000
Total deductions	17,111,000
Balance of income.....	\$7,381,000

Report on Property.—The Amster Stockholders' Committee has had an independent investigation of the physical and financial condition of the road made by Harrington Emerson whose report was made public on Feb 9, 1916. Mr. Emerson believes the road should be able during the next six or seven years to earn 6% per annum on its \$75,000,000 capital after paying out of earnings for all necessary improvements.

Mr. Emerson says: "It is quite obvious that, except for refunding and other financial obligations which I understand are unusually light for a railroad system the size of the Rock Island, the property does not need any new capital. "There is no reason why economies that have proved workable on other railroads will not work on the Rock Island." He has subdivided Mr. Kendrick's estimates into four groups, and suggests that the program in the Kendrick findings, divided into the four groups be carried out in these periods: Group A, during 1916 and 1917; group B, in 1917 through to 1919, and groups C and D, beginning in 1918, and carried along gradually as earnings justify.

Foreclosure Bills.—The Peabody First & Refunding Bondholders' Committee on Sept 9, 1916, filed its foreclosure bill against the company in the U. S. District Court at Chicago. Judge Geiger on Aug 15, 1916, entered an order permitting the committee to file its petition. A suit was filed in the Federal Court at Chicago, on Jan 12, 1917, against the Company and its Receiver on behalf of the Bankers Trust Co., New York, Trustee of the 5% Gold Debentures to foreclose the trust deed on account failure to pay interest of these bonds. A judgment of \$21,560,513 was awarded the Bankers Trust Co. on Jan 23, 1917 by a jury in the Federal Court at Chicago in the latter suit.

REORGANIZATION PLAN.

The Joint Reorganization Committee (Neward Prosser, Chrm.; Nathan L. Amster, Emile K. Boisot, Charles Hayden, James Speyer and S. Davies Warfield) on Nov 14, 1916, gave notice that it had prepared a Plan and Agreement for the reorganization of Company, dated Nov 14, 1916, which had been approved by the Committee for Debenture bonds and the two committees representing the stockholders of which Nathan L. Amster and Charles Hayden are respectively Chairmen. Holders of stock and debenture bonds desiring to participate in the Plan had to deposit their securities with the Bankers Trust Co., New York, or the First Trust & Savings Bank, Chicago, Depositories, on or before Jan 5, 1917. The details of the Plan are practically the same as those announced some time ago, but which had been delayed by the filing of the foreclosure bill of the Peabody Bondholders' Committee and by the general railroad situation. An outline of the Plan follows:

NEW COMPANY—NEW STOCK ISSUES.

The Plan provides that the railroad and other properties of company are either to be retained in the present company, subject to a readjustment of securities as provided, or are to be vested in a new company or the railway company otherwise reorganized, as may be determined by the Joint Reorganization Committee. The new company will have \$75,000,000 Com. stock, \$30,000,000 7% (cumulative up to 5%) Pfd. stock and \$20,000,000 6% (cumulative up to 5%) Pfd. stock; par, \$100. The amounts to be presently issued are: \$74,359,722.50 Com., \$29,743,889 7% Pfd., and \$20,000,000 6% Pfd. stock. The Joint Reorganization Committee may, however, in its discretion, determine that the authorized amounts of 6% Pfd. stock or 7% Pfd. stock, or both, shall exceed the above amounts by not more than \$15,000,000 for both; and any part of such Pfd. stock not required for the purposes of the Plan may be placed in the treasury of the new company for its general corporate purposes.

The 7% Pfd. stock shall have preference in priority over the 6% Pfd. stock as to dividends to the extent of 1% in any fiscal year, which shall be first declared before any dividend shall be declared upon the 6% Pfd. stock; but after declaration of such 1% both classes of Pfd. stock shall rank *pari passu* as to further dividends declared. Dividends on the 7% Pfd. shall be cumulative up to 5% from such date as may be fixed by the Joint Reorganization Committee. Dividends on the 6% Pfd. shall be cumulative up to 5% from July 15, 1916. The Joint Reorganization Committee may, in its discretion, by unanimous vote, upon or after consummation of the Plan, pay in cash, either out of the funds provided for under the Plan or otherwise, all or any part of the amount that would otherwise then have accumulated by way of dividend on 6% Pfd. stock or on 7% Pfd. stock, or on both. In lieu of the 7% and 6% Pfd. stock, if in judgment of the Joint Reorganization Committee it shall be expedient so to do, there may be issued Income Debentures by the new company which shall have substantially the same priority and so forth as stipulated for the Pfd. stock.

Pfd. Stock Redemption.—Notice was given on Dec 4, 1916, that the Joint Reorganization Committee had modified the Plan by providing that the whole, but not part of the 7% Pfd. stock may at any time be purchased or redeemed on any dividend date at \$105 per share and accrued dividends, and that either independently or contemporaneously, the whole, but not a part of the 6% Pfd. stock may be likewise purchased or redeemed on any dividend date at \$102 per share and accrued dividends.

EXCHANGE OF SECURITIES—PAYMENT BY STOCKHOLDERS.

The present \$20,000,000 Debenture bonds are to be exchanged for an equal amount of 6% Pfd. stock. The coupons maturing Jan 15 and July 15, 1916, on the Debentures are to be paid in cash upon consummation of the Plan. Holders of the present capital stock on surrender of the certificates of deposit for the same and payment of \$40 in cash in respect to each share of stock, will receive \$100 par value of new Com. stock and \$40 par value of 7% Pfd. stock of the new company. This payment will provide about \$30,000,000 cash for the purposes of the new company. Payments in respect to each share of stock deposited must be made as follows: \$10, 30 days after first publication of notice requiring payment thereof; \$10, 15 days after the first publication of notice requiring payment thereof, but not sooner than 30 days after the Plan has been declared operative, and \$20, 15 days after first publication of notice requiring payment, but not sooner than 90 days after the Plan has been declared operative.

SYNDICATE PURCHASE—CASH REQUIREMENTS.

For the purpose of cash requirements, the Joint Reorganization Committee has entered into an agreement with Speyer & Co. and Hayden, Stone & Co., New York, whereby these bankers will purchase, for \$29,743,889, less a commission of 3%, the \$29,743,889 par value 7% Pfd. stock and the \$74,359,722 par value of Com. stock of the new company which is to be issued. The money to be raised will be applied substantially as follows:

To the payment or acquisition of:	
Two-year collateral secured gold notes.....	\$7,500,000
Central Trust Co. collateral secured loan.....	2,500,000
Hayden, Stone & Co. collateral secured loan.....	1,600,000
Receivers' certificates, Series A.....	5,488,000
Receivers' certificates, Series B.....	1,100,000
	\$18,188,000
For reorganization requirements and future working capital.....	11,555,889
	\$29,743,889

As a result of paying off the Receivers' certificates and the collateral-secured loans there will be presently released to the new company approximately \$26,000,000 First & Refunding bonds, besides other bonds, which will become available for general corporate purposes and future improvements. From this \$26,000,000 to be released the plan contemplates the sale of approximately \$15,000,000 face amount of the First & Refunding bonds so that the new company will be in a position to meet the \$12,500,000 First Gold 6s maturing July 1, 1917, and \$1,494,000 Choctaw Serial Collateral bonds falling due May 1, 1917, without resorting to the cash raised from the sale of the Pfd. stock to the shareholders.

The plan leaves undisturbed \$257,758,383 of secured obligations and equipment trusts of the company and its subsidiary corporations; and through the exchange of the Debentures into Pfd. stock and the payment of the various obligations to be met out of the cash requirements of the Plan the fixed charges of the company will be reduced from \$12,277,096 to \$10,022,696, an annual reduction of \$2,054,400.

The total amount of fixed charge obligations now outstanding aggregates \$295,946,383, as against \$257,758,383 under the Plan. The total amount of stock now outstanding is \$74,359,722, as against \$124,103,611 under the Plan.

Leased Roads.—The C., R. I. & P. Ry Co. owns \$1,487,900 of the \$2,600,400 Com. stock and \$575,100 of the \$1,524,600 Pfd. stock of the Keokuk & Des Moines Ry Co. and operated its lines under lease on terms shown in the statement for that company appended. Since July 1, 1915, under order of the Court, the Keokuk & Des Moines Ry has been operated as a separate property and the Receiver is making no payments on account of the guaranteed interest of \$137,500 per annum on the Keokuk & Des Moines Ry Co. bonds, such interest being paid, if earned, by that company. The Peoria & Bureau Valley RR is also operated under lease, as is also the White & Black River Valley Ry (the latter through the Choctaw, Oklahoma & Gulf RR) and the operations of these leased roads are included with those of the C., R. I. & P. Ry. On Dec 1, 1911, the company leased for 999 years, the Rock Island & Dardanelle Ry, extending from Dardanelle to Ola, Ark., 13.93 miles. On Nov 1, 1913, the company leased for 99 years the St. Paul & Kansas City Short Line RR, a line extending from Mason City through Des Moines to Allerton, Ia., about 194 miles, the consideration being an amount sufficient to pay the organization expenses of lessor and all taxes, assessments and interest on bonded debt. On Feb 1, 1914, leased for 999 years the Rock Island, Stuttgart & Southern Ry extending from Mesa to Stuttgart, Ark., 21 miles, the consideration also being an amount sufficient to pay organization expenses of lessor, all taxes, assessments and interest on bonded debt. Since July 1, 1914, the property of the Morris Terminal Ry Co., acquired in 1905 and consisting of 6.23 miles of yard tracks and sidings serving various industries located on its line at Morris, Ill., has been treated as a part of the Rock Island Lines and its operating revenues, expenses, etc., are included in the figures in this report. Prior to July 1, 1914, it was treated as a separate property.

Unsuccessful Lease.—On March 19, 1916, the lines of the company from Muscatine to Montezuma, Ia., Thornburg to What Cheer, Ia., and Iowa City to Iowa Junc., Ia., 104.17 miles, were leased to the Muscatine & Iowa City Ry Co. for a term of 50 years. That company immediately took charge of the leased property and began operation thereof. The venture did not prove successful, and on July 1, 1916, that company passed into Receiver's hands. Effective with the close of business on Aug 11, 1916, the Receiver of the company took back said lines, and resumed the operation thereof the same as prior to the execution of the lease, and as a part of the road of the Chicago, Rock Island & Pacific Ry Co.

Interests in Other Companies.—The Chicago, Rock Island & Pacific Ry Co. owns one-fifth of the \$40,500 capital stock of the Iowa Transfer Ry Co.; one-half of the \$1,000,000 capital stock of the Peoria Ry Terminal Co.; \$2,400,600 (a majority) of the capital stock of the Consolidated Indiana Coal Co., and a proportionate amount, with

other proprietary companies, in the stock of the Terminal RR Association of St. Louis, together with proportionate interests in numerous Terminal and Union Depot companies, as shown in statement of "Securities Owned," on subsequent pages.

Arkansas & Memphis Ry, Bridge & Terminal Co.—During the year ended June 30, 1913, this company was incorporated for the purpose of building a double track steel bridge across the Mississippi River at Memphis, Tenn. Construction of the bridge, together with certain terminal facilities, in and near Memphis, Tenn., was completed and the bridge opened for trains on July 15, 1916. The bridge is equally owned by The Chicago, Rock Island & Pacific Ry Co., St. Louis, Iron Mountain & So. Ry Co., and St. Louis Southwestern Ry Co. This bridge represented an investment at June 30, 1916, of \$4,649,033. The funds to meet these expenditures and to pay for the completion of the bridge after the close of year ended June 30, 1916, were provided by the three proprietary companies, namely, the Chicago, Rock Island & Pacific Ry Co., the St. Louis, Iron Mountain & Southern Ry Co. and the St. Louis Southwestern Ry Co., through the issuance of \$10,200 par value capital stock, one-third of which was paid in full by each of the three companies, and \$6,000,000 par value of First Mortgage Gold bonds maturing March 1, 1964, jointly guaranteed, both as to principal and interest, by endorsement of the three proprietary companies. Said bonds are pledged as collateral for a three-year loan of \$5,000,000, maturing Jan 2, 1918.

Rock Island, Stuttgart & Southern Ry.—During the year ended June 30, 1913, the C., R. I. & P. Ry Co. acquired all the outstanding stock of this Company, extending from Mesa to Stuttgart, Ark., approximately 21 miles. The stockholders of The C., R. I. & P. Ry Co. voted Jan 31, 1914, to lease the property of this company for 999 years from Feb 1, 1914.

Rock Island, Arkansas & Louisiana RR.—The C., R. I. & P. Ry Co. owns all the outstanding stock of this company, which has in operation a line from Haskell, near Little Rock, Ark., to Eunice, La., together with branch lines from Tinsman to Crossett, Ark., and Malvern to Camden, Ark. The C., R. I. & P. Ry Co. guarantees the principal and interest of \$453,600 notes of the R. I., Ark. & La. RR Co., the proceeds of which were used to purchase on Oct 14, 1911, 21.97 miles of railroad from the Little Rock & Hot Springs Western RR. For bondholders' committee, see a subsequent page.

Rock Island-Frisco Terminal Ry.—The funds for construction of the freight depots and yards of this company were provided jointly by The C., R. I. & P. Ry Co. and the St. Louis & San Francisco RR Co., each company receiving securities of the Terminal Company in reimbursement of its advances. \$3,390,000 of 5% bonds have been issued by the Terminal Company, and are guaranteed jointly by The C., R. I. & P. Ry Co. and the St. Louis & San Francisco RR Co.

St. Paul & Kansas City Short Line RR.—The Chicago, Rock Island & Pacific Ry Co. owns the entire capital stock of this company, which has acquired practically all the stock, bonds and other indebtedness of the St. Paul & Des Moines RR Co., and has completed a line from Allerton, Ia., on the Chicago-Kansas City line of the C., R. I. & P. Ry northward to Carlisle, Ia., near Des Moines, 68 miles, with the right to operate from Carlisle into Des Moines, including terminals in the latter city. The line from Allerton to Carlisle was opened for local service July 2, 1913, and through passenger and freight train service was inaugurated Sept 14, 1913. The line gives the Rock Island Lines the shortest and most direct route between Kansas City and St. Paul and Minneapolis. The company's issue of \$12,621,145 First 4½s, due Feb, 1941, is guaranteed by The C., R. I. & P. Ry Co. The stockholders of the C., R. I. & P. Ry Co. voted Oct 10, 1913, to lease the St. P. & K. C. S. L. RR for 99 years from Nov 1, 1913. For bondholders' committee, see a subsequent page.

Rock Island-Memphis Terminal Ry.—Inc. Aug 18, 1913, in Tenn., with an authorized capital stock of \$50,000, and an authorized bonded indebtedness of \$3,000,000. The Chicago, Rock Island & Pacific Ry Co. has acquired all the issued stock (\$1,000) and bonds (\$1,300,000) in return for advances made for construction of a freight terminal in Memphis, together with about three miles of track. Company has also made preparations for the construction of a freight yard and terminal for passenger and switch engines.

Rock Island-Omaha Terminal Ry.—Inc. May 28, 1914, in Neb., with an authorized capital stock of \$10,000 and an authorized bonded indebtedness of \$2,000,000. The Chicago, Rock Island & Pacific Ry Co. has acquired all the stock and \$600,000 bonds in return for advances made for the purchase of land for a freight terminal at Omaha, Neb.

(1) \$94,941,000 First and Refunding Gold 4s; dated April 1, 1904; due April 1, 1934; int. A & O 1, at First National Bank, New York. Coupon (principal may be registered), and registered, \$500 and \$1,000; interchangeable. Central Trust Co., New York, and David R. Francis, St. Louis, Mo., Trustees.

Purposes of Issue.—Authorized, \$163,000,000, of which \$82,025,000 reserved for the retirement of prior mortgages of The C., R. I. & P. Ry. Co. and subsidiary companies; \$27,475,000 for improvements, betterments and equipment, at not exceeding the rate of \$2,500,000 per calendar year, beginning Jan 1, 1904; \$13,500,000 for purchase of bonds of other companies at 75% of the purchase price, hereafter acquired and deposited as additional security under the mortgage; \$25,000,000 to be used for acquisition of additional property, including stocks and bonds; \$15,000,000 to reimburse treasury for funds already expended in construction and acquisition of new lines. The following are the prior liens for the retirement of which the \$82,025,000 lot was reserved: \$38,400,000 Chicago, R. I. & Pac. Ry General Mtge. bonds of 1988; \$8,405,000 Burl., Cedar Rapids & North. Ry Consolidated First Mortgage bonds; \$5,500,000 Choctaw, Oklahoma & Gulf RR Consolidated Mortgage bonds; \$22,410,000 The Chic., R. I. & Pac. Ry bonds of 1902; \$4,500,000 6% notes of 1905 of John Scullin and D. R. Francis; \$450,000 Rock Island & Peoria Ry Consolidated First Mortgage bonds of 1925; and \$2,360,000 Choctaw, Oklahoma & Gulf RR Equipment Trust Notes, Series A, B and C.

The mortgage contains a clause to the effect that at the discretion of the Board of Directors any unapplied bonds remaining unissued under the section authorizing \$13,500,000 for the purchase of bonds of other companies may be transferred for use for future improvements, betterments and equipment. To June 30, 1916, \$2,525,000 had been so transferred, making a total of \$30,000,000 for improvements, betterments and equip-

ment. The bonds bear interest at such rates, not exceeding 4% per annum as from time to time shall be determined by the board of directors or executive committee of the company and designated in bonds when issued. All bonds issued to June 30, 1916, bear interest at 4%.

To June 30, 1916, there had been issued the following: To reimburse treasury for expenditures for construction and acquisition of new lines, \$15,000,000. Against the acquisition of additional property, including stocks and bonds, \$24,370,000, viz.: The Chicago & Alton RR stock, \$10,000,000; Rock Island Improvement Co. equipment gold bonds, \$10,400,000; also Rock Island Improvement Co. property bonds and mortgages, Crawford County Mining Co. stocks and bonds, The Chic., R. I. & Gulf Ry First Mortgage bonds issued for line Irving to Carrollton, Tex., certificates of indebtedness of The Trinity & Brazos Valley Ry, Tucumcari & Memphis Ry First Mortgage bonds and other securities, \$3,970,000. For the retirement of prior liens, the underlying bonds for which have been deposited with the trustees, \$40,794,000, viz.: The Chic., R. I. & Pac. Ry General Mortgage bonds of 1888, \$11,000,000; Burlington, Cedar Rapids & Northern Ry Consolidated First mortgage bonds of 1934, \$6,500,000; The Chic., R. I. & Pac. Ry bonds of 1902 series B, C, D, E, F, G, H, I, J, K & L, \$16,434,000; 6% notes of 1905 of John Scullin and D. R. Francis, \$4,500,000; and Choctaw, Oklahoma & Gulf RR Equipment Trust Notes, Series A, B and C, \$2,360,000; for improvements, betterments and equipment, \$30,000,000; for 75% of purchase price of bonds of other companies heretofore acquired and deposited as additional security, viz.: Peoria Ry Terminal Co. First and Refunding bonds, and Rock Island, Stuttgart & Southern Ry First Mortgage bonds, \$976,000. Total, \$111,140,000, of which \$16,199,000 were pledged as collateral for other loans as of June 30, 1916.

Security.—The bonds are a first lien on 1,178.95 miles of railroad and appurtenances, either directly or through pledge of capital stock or First Mortgage bonds, or both, of the companies owning same; on terminal property at St. Paul, Minneapolis and Kansas City, and on new equipment and shops at Silvas, near East Moline, Ill. The lines constituting the 1,178.95 miles follow, those owned in fee being marked (a) and through pledge of capital stock or First Mortgage bonds being marked (b):

(20) RECEIVER'S CERTIFICATES.

\$2,500,000 5% Receiver's Certificates; dated July 3, 1916; due Jan 3, 1917. Authorized, \$2,500,000. Coupon, \$1,000, \$5,000 and \$25,000. These certificates were sold to provide funds for the payment of a like amount of Receivers' Certificates which matured July 3, 1916. They have the same priority as the certificates described above, but are prior in rank to the First & Refunding Gold 4s, due April 7, 1934, and to the 6% Receiver's Certificates, Series B, described below. Subject to call at par and interest at any time upon 60 days' notice. First publicly offered (\$2,050,000) in June, 1916, at 100¼ and interest. Normal Income Tax deducted from interest.

The Receiver was authorized by Federal Judge Carpenter at Chicago on Dec 18, 1916, to pay at maturity the above Receiver's Certificates with accrued interest.

\$500,000 6% Receivers' Certificates, Series B; dated Sept 16, 1915; due March 16, 1916, but extended to March 16, 1917. Coupon, \$1,000 and \$5,000, or multiples thereof. These certificates were sold at par to provide for the payment of the semi-annual interest, which matured July 15, 1915, on the \$20,000,000 20-Year 5% Debentures. They are junior to all outstanding securities except the Debenture bonds and the capital stock. Subject to call at par and interest at any time upon 60 days' notice. Normal Income Tax deducted from interest.

\$600,000 6% Receiver's Certificates, Series B; dated April 1, 1916; due Oct 1, 1916, but extended to April 1, 1917. Coupon, \$1,000 and \$5,000, or multiples thereof. Issued to provide for the payment of the April 1, 1916, interest on the First & Refunding Gold 4s. The certificates are prior in right and superior in equity to the 20-Year 5% Debentures, but subordinate to all mortgages and other liens and to all other Receiver's certificates heretofore or hereafter issued. Subject to call at par and interest at any time upon 60 days' notice. Normal Income Tax deducted from interest.

\$1,494,000 5% Receiver's Certificates; dated April 30, 1916; due April 30, 1917; int. Oct 31 and April 30, at office of Receiver, 14 Wall St., New York. Coupon, \$1,000 and \$5,000, or any multiple thereof, as determined by the Receivers. Central Trust Co., New York, Registrar. Authorized, \$1,494,000. Proceeds from sale of these certificates were used to redeem a like amount of 5% Receiver's Certificates, due April 30, 1916, which were originally issued to redeem a like amount of company's Series M Gold bonds of 1902, which matured May 1, 1915. These certificates were issued under authority of the District Court of U. S., for the Northern District of Illinois, Eastern Division, and are prior in right and superior in equity to the lien of the First & Refunding Mortgage, dated April 1, 1904, and Receiver's Certificates, Series B, dated Sept 16, 1915, and April 1, 1916. Subject to call at 101 and interest at any time upon 60 days' notice. These certificates were purchased by the Central Trust Co., New York. Normal Income Tax deducted from interest.

\$1,494,000 5% Receiver's Certificates; dated April 29, 1916; due April 29, 1917; int. Oct and April 29, at office of Receiver, Chicago, Ill. Coupon, \$1,000, \$5,000, or any multiple thereof. The proceeds from the sale of the certificates were used to redeem a like amount of company's Series N Gold bonds of 1902, which matured May 1, 1916. The certificates are prior in right and superior in equity to the lien of the First & Refunding mortgage, dated April 1, 1904, and Receiver's Certificates, Series B, dated Sept 16, 1915, and April 1, 1916. Subject to call at par and interest at any time upon 60 days' notice. Normal Income Tax deducted from interest.

NOTES.

(1) Pledged as collateral for \$4,790,000 three year gold notes issued by Arkansas & Memphis Ry Bridge & Terminal Co.

(2) Under date of May 25, 1915, the Court ordered the Receivers to make no further payments on account of this interest.

(3) The Receivers are making no payments of interest on the bonds of Galveston Terminal Ry Co., Peoria Ry Terminal Co. nor principal or interest on equipment notes of Trinity & Brazos Valley Ry Co.

(4) Effective July 1, 1915, the Court ordered the Receivers to cease to pay or credit the Keokuk & Des Moines Ry Co. any sums whatever under the lease dated Oct 1, 1878, but to operate the Keokuk & Des Moines Ry separately and apply the net income thereof, if sufficient, to the payment of the interest on its bonds.

(5) It is claimed that The Chicago, Rock Island & Pacific Ry Co. is obligated to pay to the Colorado & Southern Ry on May 1, 1935, one-half of the agreed total cost of the Brazos line, or, \$5,517,301.27, but this has been disavowed by the receivership.

RAILROADS LEASED TO THE CHICAGO, ROCK ISLAND & PACIFIC RY. CO. OPERATIONS INCLUDED IN GENERAL INCOME ACCOUNT.

KEOKUK & DES MOINES RY (Operated under Lease).—Inc. Dec 19, 1873, in Ia.; successor to the Des Moines Valley RR, sold under foreclosure Nov 10, 1873. Leased to C., R. I. & P. Ry Co. for 45 years from Oct 1, 1878, rental being 25% of gross earnings, including guaranty of interest, but not the principal, of the bonds. Since July 1, 1915, under order of the court, the road has been operated separately, and the Receiver of the C., R. I. & P. Ry is making no payments on account of the guaranteed interest of \$187,500 per annum on the K. & D. M. Ry Co. bonds. The Receiver has kept separate accounts of the earnings and expenses of the property since that date. The result from such separate operations for year ended June 30, 1916, was a deficit of \$77,659. Line of road: Keokuk to Des Moines, Iowa, 162.31 miles; sidings, 22.55 miles. Gauge, standard.

Petition to End Lease.—Bondholders' Committee.—The receivers of the Chicago, Rock Island & Pacific Ry having petitioned the Court to abrogate the lease under which the Keokuk & Des Moines Ry property was operated, and having asked the Court for authority to operate same as a separate entity, and as the Keokuk & Des Moines Ry has no working capital, and as it was not certain that under the separate operation it would show its interest charges earned, it was, therefore, deemed wise, in Aug, 1915, by the large bondholders, to organize a committee, composed of the following men, who represent a very substantial proportion of the issue: F. J. Lisman, Chrm., Capt. E. H. R. Green and Frank W. Matteson. Trustee of the estate of John Nicholas Brown, Providence, R. I. No deposit of the bonds has been called for, it being the committee's intention to watch the situation and take such action as may be deemed necessary hereafter.

Notice to Stockholders.—Herbert H. Clark, of the N. Y. Stock Exchange firm of Henry I. Clark & Co., 66 Broadway, New York, in circular dated Sept 23, 1915, asked stockholders to co-operate with him and other stockholders in resisting the attempt of the Receivers of the Chicago, Rock Island & Pacific Ry Co. to cancel the lease of the road to the Rock Island. Mr. Clark said that if the Court should authorize the discontinuance of the lease, not only would dividends be impossible, but a foreclosure of the First Mortgage would almost inevitably follow, because the leased property cannot be separately operated until it is financially and physically rehabilitated. If foreclosure should ensue, the holders' investment in the stock will be rendered absolutely valueless. A majority of the minority stockholders have placed their interests in the hands of Mr. Clark, it being stated in Oct, 1915, that he represented stockholders controlling more than 10,000 shares.

Capital Stock.—Authorized and outstanding, \$2,600,400 Com. and \$1,524,000 8% Pfd.; par, \$100. The C., R. I. & P. Ry Co. owns \$1,487,900 Com. and \$575,100 Pfd. Dividends have been paid in recent years on Pfd. as follows: 1899 and 1900, $\frac{1}{2}\%$ each; 1901 and 1902, 1% each; 1903, 2%; 1904, $1\frac{1}{2}\%$; Aug 1, 1908, $1\frac{1}{4}\%$; May 1, 1909, 1%; April 1, 1910, $2\frac{1}{2}\%$; April 1, 1911, $2\frac{1}{2}\%$; April, 1912, $2\frac{1}{2}\%$; April, 1913, $3\frac{1}{2}\%$; April 1, 1914, $3\frac{1}{2}\%$; April 1, 1915, $2\frac{1}{2}\%$; none since.

Bonded Debt.—\$2,750,000 First 5s; dated Oct 1, 1878; due Oct 1, 1923; int. A & O 1, at First National Bank, New York. Coupon (principal may be registered), and registered, \$100, \$500 and \$1,000. Farmers' Loan & Trust Co., New York, Trustee. Authorized, \$2,750,000. A first lien on the entire property. Interest guaranteed by lessee under the terms of the lease. Listed on N. Y. Stock Exchange. Normal Income Tax deducted from interest.

Income Account, year ended June 30, 1916.—Passenger earnings, \$284,482; freight earnings, \$314,840; gross earnings, \$656,886; operating expenses and taxes, \$488,762; net earnings, \$168,124; other income, \$5,035; total income, \$173,159; interest, rentals, etc., \$250,818; deficit for year, \$77,659.

ST. PAUL & KANSAS CITY SHORT LINE RR (Operated under Lease).—Inc. Feb 18, 1911, in Iowa, to acquire or construct a line from Mason City to Allerton, Iowa; and to construct or cause to be constructed or to acquire other lines of railroad, together with all appurtenances necessary for the operation of said lines of railroad, constructed and to be constructed. On Aug 9, 1911, purchased the railroads, properties and franchises of the St. Paul & Des Moines RR Co. (see Manual for 1912, page 818). The line from Allerton, on the Chicago-Kansas City Line of the C., R. I. & P. Ry Co., northward to Carlisle, Ia., near Des Moines, 65.70 miles, was opened for operation in July, 1913. On Oct 10, 1913, the stockholders of the C., R. I. & P. Ry Co. voted to lease the St. Paul & Kansas City Short Line RR for 99 years from Nov 1, 1913.

The completion of this line affords the C., R. I. & P. Ry the shortest route between Kansas City, Mo., Des Moines, Ia., and St. Paul, Minn., and opens up an excellent traffic producing territory. In operation, June 30, 1916: Clear Lake Junc. to Des Moines, Ia., 118.63 miles; Carlisle to Allerton, Ia., 64.64 miles; trackage, 10.70 miles—total, 193.97 miles. Gauge, standard.

Bondholders' Committee.—On Oct 16, 1916, the below-named committee asked for deposits of First Mortgage bonds of company with New York Trust Co., New York, depository, or with the British Linen Bank, 38 Threadneedle St., London, Eng., agent of the depository. Action having been commenced by holders of Chicago, Rock Island & Pacific Ry First & Refunding Mortgage Gold bonds, seeking foreclosure of the mortgage securing same, it was deemed likely, if the foreclosure was successful that the guaranty of these First Mortgage bonds by the C., R. I. & P. Ry might be impaired. Committee: Eugene Meyer, Jr., Chairman; H. E. Andrews, Philip Livermore, W. D. Wood, with A. A. Cook as Counsel and H. W. Morse, Sec., 26 Broad St., New York.

Capital Stock.—Authorized, \$45,000,000; outstanding, \$50,000; par, \$100. All owned by Chicago, Rock Island & Pacific Ry Co., except directors' shares.

Bonded Debt.—\$12,621,145 First Gold 4½s; due Feb 1, 1941—for description see Chicago, Rock Island & Pacific Ry statement on a preceding page.

Equipment Notes.—\$20,000 Des Moines, Iowa Falls & Northern Ry Equipment Gold 6s; dated Sept 2, 1907; due \$10,000 each Sept 1, 1917 and 1918; int. M & S 1, at Beacon Trust Co., Boston, Trustee. Coupon, \$500 and \$1,000. Secured on 3 locomotives, 10 stock, 25 box and 50 gondola cars, costing \$115,000. The funds to pay the outstanding notes are in the hands of Bankers Trust Co., New York. Interest paid without deduction for Normal Income Tax.

General Balance Sheet, June 30, 1916.—Capital stock, \$50,000; bonded debt, \$12,621,145; open accounts, \$157,731; profit and loss, \$102,108—total, \$12,930,984, representing cost of road and equipment.

CHICAGO UNION STATION CO. (Joint Control).—Inc. July 3, 1913, in Ill., as Union Station Co., to build and maintain a Union Passenger Station at Chicago, Ill.; name changed to present one May 7, 1915. The Chicago, Burlington & Quincy RR Co., the Chicago, Milwaukee & St. Paul Ry Co., the Pennsylvania Co. and the Pittsburg, Cincinnati, Chicago & St. Louis Ry Co. each own one-fourth of the capital stock and these four proprietary companies, under an agreement dated July 2, 1915, are obligated to use the property during the corporate existence of the Station company, which will be until July 3, 1963, and for such further time as the station and facilities may be used or the term of corporate existence of the Station company may be extended or renewed from time to time; each of said companies obligates itself to pay as rental a share of a sum of money sufficient to pay, among other things, the interest on the bonds and other capital obligations of the Station company, all taxes and special assessments, together with a proportion of the expenses of operation and maintenance. The Chicago & Alton RR Co. will also make use of the property under an agreement dated Sept 18, 1915, in which it has obligated itself to pay a portion of the rental and of the expenses of operation, maintenance and taxes. An ordinance was passed by the Chicago City Council, March 23, 1914, and accepted by the company Sept 23, 1914, granting the right to construct and operate a passenger station in Chicago between Jackson, Adams, Canal and Clinton Sts. The estimated cost is from \$50,000,000 to \$60,000,000. Construction of the station and facilities is under way.

Capital Stock.—Authorized, \$3,500,000 (decreased from \$50,000,000 in Aug, 1914); outstanding, \$2,800,000; par, \$100. Owned jointly by the four proprietary companies mentioned above.

CINCINNATI, BLUFFTON & CHICAGO RR.—Inc. March 9, 1903, in Ind., to build a railroad from Huntington to Union City, Ind., 75 miles, with a branch, 1.5 miles long—a total of 76.5 miles. The first portion of the road, Bluffton to Portland, 29 miles, was put in operation in 1904-5; the section from Huntington to Bluffton, 23 miles, was completed and opened for traffic on Jan 15, 1908.

Mileage and Equipment.—Line of road: Huntington to Portland, Ind., 52 miles. Gauge, standard. Rail, steel, 60, 70 and 80 lbs. Equipment: Locomotives, 4; passenger cars, 3; freight and other cars, 37.

Receivership.—On March 14, 1908, John C. Curtis, Gen. Mgr., was appointed Receiver in a creditor's suit, and the property was advertised to be sold under foreclosure on March 15, 1911, at upset price of \$800,000. The road has been offered several times at foreclosure sale without bidders, but the court on Sept 6, 1911, denied application to reduce upset price, holding that same is not too large.

Receiver's Sale.—The road was sold at receiver's sale on Oct 15, 1914, to Fred A. Dolph of Chicago, who represents a syndicate of creditors. The price to be paid is \$350,000. The Circuit Court extended the time for Mr. Dolph to make the final payment for the property until Jan 10, 1916. Mr. Dolph failed to make payment at that time and the property was readvertised for sale March 14, 1916. No sale took place, however, on the latter date and the receiver was to operate the property until the sale was fully consummated.

Reported Sale.—It was reported in Jan, 1917, that this road had been sold to J. M. Wilson of Cincinnati.

Capital Stock.—\$1,125,000; par, \$100. Issuable at the rate of \$15,000 per mile of completed road.

Bonded Debt.—\$1,500,000 First Gold 5s; dated Sept 1, 1903; due Sept 1, 1933; int. M & S 1, at Title Guarantee & Trust Co., New York, Trustee. L. C. Davenport, Bluffton, Ind., Co-trustee. Coupon, \$1,000; principal may be registered. Authorized, \$1,500,000. These bonds have not been sold but are deposited as collateral for loans. They were originally a first lien on the property, but the holders agreed to let the receiver's certificates constitute a prior lien on the property.

Receiver's Certificates.—\$195,178 6% Certificates; payment defaulted.

CINCINNATI, HAMILTON & DAYTON RY CO.

History.—Incorporated July 12, 1895, in Ohio, pursuant to an Agreement of consolidation dated June 6, 1895, between the Cincinnati, Hamilton & Dayton RR, the Cincinnati, Dayton & Ironton RR, and the Cincinnati, Dayton & Chicago RR, said Agreement of consolidation constituting the charter of the company, such charter being duly filed in the States of Indiana and Illinois. In 1902 control of the Indiana, Decatur & Western Ry, 262 miles, was acquired, and that company was subsequently consolidated with the Cincinnati, Hamilton & Indianapolis RR as the Cincinnati, Indianapolis & Western Ry, all of whose capital stock was owned by the Cincinnati, Hamilton & Dayton Ry Co. In Sept, 1903, the Findlay, Fort Wayne & Western Ry was acquired, and reorganized as the Cincinnati, Findlay & Fort Wayne Ry, all of whose capital stock is owned by the Cincinnati, Hamilton & Dayton Ry Co.

On Dec 4, 1905, Judge Judson Harmon was appointed receiver of the C., H. & D. Ry Co., together with the properties of the Pere Marquette RR Co. and the Toledo Ry & Terminal Co.

The finances of this company were adjusted, without foreclosure, under a plan dated June, 1909, and the company resumed possession of its properties on Aug 20, 1909. For history of Receivership and events leading up thereto, see Manual for 1911, page 319.

In Feb, 1911, the company sold to J. P. Morgan & Co., \$11,000,000 Com. stock of the Pere Marquette RR Co.

Reorganization and Separation of Cincinnati, Indianapolis & Western Ry.—This company, which was controlled by the Cincinnati, Hamilton & Dayton Ry Co. through ownership of all its capital stock and which had been operated by the Receivers of the latter company under agreement dated Aug 5, 1914, has been reorganized through foreclosure of its First & Refunding Mortgage dated Dec 1, 1902, and of the Indiana, Decatur & Western Ry First Mortgage, dated Nov 1, 1895. Property under the two mortgages was bid in at foreclosure sale on Sept 9, 1915, by the Cincinnati, Indianapolis & Western Ry Co. reorganization committee at the upset prices, aggregating for the two divisions, \$3,500,000. The reorganization committee issued a plan, dated June 4, 1915, according to which the property was reorganized, and the Cincinnati, Indianapolis & Western RR (see *General Index*) was incorporated in Nov, 1915, in Indiana, with \$15,000,000 capital stock, as successor to Cincinnati, Indianapolis & Western Ry. The latter company is entirely independent of the Cincinnati, Hamilton & Dayton Ry. The property was turned over to the new company by the Receivers Dec 1, 1915.

Receivership.—Judge Hollister in the U. S. Court at Cincinnati, on July 2, 1914, because of the defaults in interest payments below mentioned, appointed Judson Harmon and Rufus B. Smith as Receivers of the property on application by Bankers Trust Co., New York, Trustee.

Statement by Daniel Willard, President of Baltimore & Ohio RR, in Oct, 1914.

"Because of a series of unusual and unforeseen circumstances, the Cincinnati, Hamilton & Dayton road was not in a position to meet its various obligations as expected. The Baltimore & Ohio RR had assumed the responsibility of restoring the property following the flood in March, 1913. This has been done promptly in order that the vast commercial interests in the territory served by the Cincinnati, Hamilton & Dayton Ry might be relieved as promptly as possible, and has been done so thoroughly that I have no hesitation in saying that to-day the Cincinnati, Hamilton & Dayton Ry is physically in better condition than at any previous time in its entire history.

"The cost of this re-construction has not only been greater than was first thought probable, but the after effects of the flood have imposed such burdens on the C. H. & D. Ry that the directors of the Baltimore & Ohio RR reached the conclusion that the B. & O. RR would not be justified longer in extending its credit beyond its legal obligations, which latter, of course, will be fully complied with. Except for current monthly accounts and pay-rolls the C., H. & D. Ry has no operating debts.

"Briefly, the commitments of the B. & O. RR under the agreements of 1909 are as follows: The B. & O. RR guaranteed the principal and interest of \$12,500,000 of the First and Refunding M. 4% bonds of the C., H. & D. Ry. Only \$7,500,000 of these bonds, however, are now outstanding, the remaining \$5,000,000 not having been sold, but instead the B. & O. RR has advanced for construction purposes about \$3,989,000, holding as collateral security for such advance, \$4,986,000 of these bonds. In addition, the B. & O. RR advanced \$1,915,527 for equipment obligations, approximately \$1,200,000 for reconstruction of property destroyed by the flood and \$3,346,287 for general treasury purposes. The B. & O. RR also guaranteed \$11,557,000 of purchase-money notes, secured by \$13,000,000 of first and refunding mtge. bonds, which notes the B. & O. RR paid at maturity, July, 1913, and now holds the notes and collateral.

"There is also the agreement with respect to the exchange or purchase in 1916 of the general mortgage bonds, of which \$17,529,000 are outstanding. Effective July 1, 1914, and until June 30, 1916, these bonds bear fixed interest at 3%, but the obligation with respect to this interest is that of the C. H. & D. Ry. In October, 1912, a supplemental agreement with Messrs. J. P. Morgan & Co. fixed \$740,970, in addition to the minimum \$2,530,000, as the maximum price to be paid in 1916 for the stock of the C., H. & D. Ry."

The defaults on July 1, 1914, were: Cincinnati, Hamilton & Dayton Ry First & Refunding Mortgage unguaranteed bonds, \$1,677,000; Cincinnati, Indianapolis & Western Ry First & Refunding Mtge. 4s, \$4,722,000; Indiana, Decatur & Western Ry 5s, \$3,162,000.

REORGANIZATION PLAN.

On April 7, 1916, it was announced that a Reorganization Plan, dated Feb 15, 1916, approved by Kuhn, Loeb & Co., New York, as Reorganization Managers and by the Baltimore & Ohio RR Co., had been declared operative, and that the time for deposit of the various securities necessary to its carrying out had been extended to May 15, 1916. This plan involves the formation of a new company all of whose stock and junior securities are to be acquired by the Baltimore & Ohio RR Co., which in turn will issue its own direct obligations in return for the securities affected by the plan. This new company is to own the main line previously of the Cincinnati, Hamilton & Dayton Ry Co., between Cincinnati and Toledo, together with the main line branches from Tontogany to North Baltimore, Deshler to Findlay, and Hamilton to East Middletown, and also the Piqua & Troy Branch Line and that portion of the Dayton & Wellston branch line between Dayton and Ironton Junc. (with such additional portion as the

Reorganization Managers may determine), constituting a total mileage of about 368 miles. The following is a digest of the plan:

I. SECURITIES TO REMAIN UNDISTURBED.

Dayton & Michigan RR Co.—	
Consolidated Mortgage 4½% 30-year gold bonds, due Jan 1, 1931.....	\$2,728,000
Pfd. stock guaranteed as to 8% dividends under lease to C., H. & D. Ry Co.....	1,211,250
Com. stock guaranteed as to 3½% dividends under lease to C., H. & D. Ry Co.....	2,396,950
Cincinnati, Hamilton & Dayton RR Co.—	
Second Mortgage 4½% 50-year gold bonds (now Firsts) due Jan 1, 1937.....	2,000,000
General Mortgage 5% 50-year gold bonds due June 1, 1942.....	3,000,000
	\$11,336,200

II. SECURITIES FOR WHICH PROVISION IS MADE.

Cincinnati, Hamilton & Dayton Ry.—	
First and Refunding gold 4s, due July 1, 1959 (guaranteed p. & i. by B. & O. RR Co.)	\$7,500,000
First and Refunding gold 4s, due July 1, 1959 (not guaranteed).....	1,677,000
General Mortgage gold bonds, due July 1, 1939.....	17,529,000
Purchase Money Notes and other obligations held by B. & O. RR Co., secured by pledge of \$19,994,000 First & Refunding 4s and other collateral (not including accrued interest)	22,695,143
Cincinnati, Dayton & Ironton RR Co.—	
First Gold 5s and Equitable Trust Co. certificates of deposit representing the same	3,500,000
Piqua & Troy Branch RR First Gold 4s, due Nov 1, 1939.....	225,000
Equipment obligations	1,160,000
Total	\$54,286,143

III. CASH REQUIREMENTS.

The Reorganization Managers agreed to purchase \$5,000,000 of the new Baltimore & Ohio RR Co., Toledo-Cincinnati Division bonds, which are to be issued under the plan. Proceeds are to be used to provide for maturing equipment obligations, purchase of new equipment, additions, betterments, etc., except as needed to pay Receivers' obligations, court charges, legal expenses and reorganization expenditures other than for the purchase of General Mortgage bonds of 1939.

IV. NEW SECURITIES.

As stated above, the Baltimore & Ohio RR Co. will acquire all the securities of the new company and will issue its own direct obligations (referred to throughout this plan as the Toledo-Cincinnati Division bonds, this title, however, being only temporary and subject to alteration). These bonds will be distributed to security holders entitled to them in accordance with a scheme given below. The following is a provisional description of the bonds as outlined in the Plan:

Authorized to an amount not to exceed \$35,000,000; to mature in 1959; to bear interest at 4% per annum; to be subject to call as a whole or in part at 102½ and interest on any interest date. To be secured by a mortgage executed by the B. & O. RR Co. They are ultimately intended to be secured by a direct lien upon the main line of the old company between Cincinnati and Dayton, upon the leasehold interest in the main line from Dayton to Toledo under the perpetual lease from the Dayton & Michigan RR Co., upon the branch lines embraced in the Plan, and upon the equipment of the new company, and in the meantime, they will be secured by the pledge of all the Refunding Mortgage bonds to be issued by the new company, which latter bonds will either be secured by a direct lien upon said part of such main line and said perpetual leasehold interest in the remainder and upon said branch lines and equipment (subject to the existing securities which are to remain undisturbed or are not exchanged under the Plan), or, in the event that Reorganization Managers deem it impracticable to effect such direct lien, by the pledge of existing securities dealt with under the Plan.

Of the above bonds \$16,250,450 are immediately issuable—\$11,250,450 in exchange for existing securities and \$5,000,000 for cash requirements of the plan (other than purchase of General Mortgage bonds of 1939). The balance (\$18,749,500) is to be reserved in company's treasury to retire at or before maturity bonds or other securities undisturbed by the Plan, to acquire underlying stock, branch line bonds, and other capital requirements.

V. PARTICIPATION BY BALTIMORE & OHIO RR CO.

The Baltimore & Ohio RR Co. as the holder of \$22,695,143 Purchase Money notes and other obligations of the old company, secured by \$19,994,000 First & Refunding Mortgage bonds of the old company and other collateral, has agreed as follows:

- To surrender said Purchase Money notes and other obligations aggregating \$22,695,143 and the collateral securing the same, excepting certain collateral (not securities of old company or its subsidiaries) of the estimated value of \$3,368,000, which is to be retained;
- To provide the cash to pay \$700 for each old General Mortgage bond of 1939 which may become subject to the Plan, with interest at 4% per annum on said amount from Jan 1 to Jan 12, 1916;
- To issue its Toledo-Cincinnati Division bonds, as above recited, and to pledge under its new mortgage all the Refunding Mortgage bonds of the new company issued under the Plan;
- To accept (1) the entire capital stock and (2) Adjustment & Improvement Mortgage bonds of the new company to an amount approved by the Reorganization Managers. These latter bonds shall be secured by a mortgage on the same property as that covered by the Refunding Mortgage bonds of the new company, but subordinate to that mortgage.

VI. DISTRIBUTION TO HOLDERS OF EXISTING SECURITIES OTHER THAN B. & O. RR CO.

Amount.	Existing Securities.	New B. & O. 4% Bonds.	Cash.
\$7,500,000	First & Refunding 4s, guaranteed by B. & O. RR Co.	100%	\$7,500,000
1,877,000	First & Refunding 4s not so guaranteed	85%	1,425,450
17,529,000	First & Refunding Gen. Mtge. bonds of 1939		170%
3,500,000	Cincinnati, Dayton & Ironton RR 1st 5s	80%	2,100,000
225,000	Piqua & Troy Branch RR 1st 4s	100%	225,000

*Note.—In order to facilitate the carrying out of the plan the Reorganization Managers agreed to pay all stamp taxes, etc., on the guaranteed First & Refunding bonds, on the certificates of deposit issued against the same and on the new bonds to be issued under the Plan; also to make an allowance of \$10 cash per \$1,000 bond to cover other expenses incident to the deposit or exchange.

†For each \$1,000 General Mortgage bond surrendered the depositor was to receive at time of deposit \$700 as of Jan 1, 1916, and 86 cents for 4% interest to Jan 12, 1916—total, \$700.86.

Committee for General Mortgage Bonds.—Owing to default in payment of the fixed interest due Jan 1, 1915, on the General Mortgage bonds due 1939, the below mentioned committee in Jan, 1915, called for deposits of the bonds with Guaranty Trust Co., depositary, either in New York or London. Committee: Chas. H. Sabin, Chrm.; Harry Bronner, Samuel L. Fuller, J. H. McClement, Gordon Abbott, F. S. Smithers, with Arthur B. Hatcher, Sec., 140 Broadway, New York, and Joline, Larkin & Rathbone, counsel. For agreement as to sale of the General Mortgage bonds, see under description of those bonds on a subsequent page.

Notice to Holders of General Mortgage Bonds.—On Aug 1, 1916, a notice was published signed by A. Iselin & Co., New York, and James N. Jarvie, care of Central Trust Co., New York, representing about \$675,000 undeposited General Mortgage bonds, requesting other General Mortgage bondholders who had not deposited their bonds with the Guaranty Trust Co., New York, to communicate with them. It was suggested that an attempt would be made to enforce the agreement of the Baltimore & Ohio RR Co., dated July 1, 1909, to purchase or guarantee these bonds.

Committee for Cincinnati, Findlay & Fort Wayne Ry First 4s.—Owing to default in payment of Nov 1, 1914, interest on these bonds the below mentioned committee asked for deposit of bonds with the Bankers Trust Co., New York, depositary. Committee: F. N. B. Close, Chrm.; Sidney C. Borg, Henry F. Whitecomb, Albert H. Wiggin, with P. D. Bogue, Sec., 16 Wall St., New York, and Alfred A. Cook, counsel. The time for deposit has been extended at various times up to Oct 14, 1916. Over 85% of the bonds have been deposited.

Committee for Cincinnati, Dayton & Ironton RR First 5s.—Owing to default in payment of Nov 1, 1914, interest on these bonds, the below mentioned committee under date of Jan 30, 1915, asked for deposit of bonds with The Equitable Trust Co., of New York, depositary, or with the Union Trust Co. of Hartford, Conn., sub-depositary. Committee: Alvin W. Krech, Frederick H. Shipman, New York, and L. Edmund Zacher, Hartford, Conn., with Lyman Rhoades, Sec., 37 Wall St., New York, and Murray, Prentice & Howland, Counsel. This committee advised the holders of these bonds to agree to the provisions made for them in the plan, but offered to depositing bondholders the privilege up to March 15, 1916, of withdrawing their deposited bonds upon payment of pro rata share of committee's expenses, viz., \$7.60 for each \$1,000 bond.

Committee for Cincinnati, Hamilton & Dayton RR General 5s.—Owing to default in payment of interest due June 1, 1915, on these bonds, the below mentioned committee called for deposits of the bonds under agreement, dated June 2, 1915, with the Columbia Trust Co., New York, depositary. Committee: Willard V. King, Chrm.; Frederick H. Shipman, Frederick H. Ecker, Norman S. Meldrum, with G. E. Warren, Sec., 60 Broadway, New York, and Davies, Auerbach & Cornell, counsel.

Depositaries under Reorganization Plan for Issues not Represented by Committees.—For First and Refunding Gold 4s of 1959, Bankers Trust Co., New York, and Union of London & Smith's Bank, Ltd., London. For Piqua & Troy Branch RR First 4s, Equitable Trust Co., New York. Deposits were accepted up to May 15, 1916.

Government Inquiry.—The Interstate Commerce Commission on July 30, 1914, made an order announcing that an investigation of the road will be made in connection with a similar one into the affairs of the Pere Marquette RR.

Acquisition of Control by Baltimore & Ohio RR Co.—Agreement was made July 1, 1909, between J. P. Morgan & Co. and the Baltimore & Ohio RR Co., under which the latter was to acquire, at expiration of seven years from that date, at a price then to be agreed upon or determined by arbitration, the controlling stock of the Cincinnati, Hamilton & Dayton Ry Co. During said seven years the controlling stock was vested in three voting trustees, one to be the President for the time being of the Baltimore & Ohio RR Co. The trustees were: Daniel Willard, J. P. Morgan and Norman B. Ream.

In this connection a plan was effected for adjustment of future interest charges and the payment or adjustment of the floating debt of the Cincinnati, Hamilton & Dayton Ry Co., and providing approximately \$7,000,000 for improvements and working capital. Under this plan the B. & O. RR Co. guarantees \$12,500,000 of the Cincinnati, Hamilton & Dayton Ry Co.'s First and Refunding Mortgage 4% 50-year bonds, dated July 1, 1909, and took up at maturity the \$11,557,000 of that company's 4% notes, due July 1, 1913, secured by deposit of \$13,000,000 of the First and Refunding Bonds, and now holds the notes and collateral. Also, upon the acquisition under the agreement of the stock of the Cincinnati, Hamilton & Dayton Ry Co., the B. & O. RR Co. was obligated either to purchase at 85 or guarantee \$20,000,000 of that company's General Mortgage bonds, due July 1, 1939. (See also statement under Baltimore & Ohio RR Co.).

Interests in Other Companies.—The Cincinnati, Hamilton & Dayton Ry Co. has a joint interest with the Cleveland, Cincinnati, Chicago & St. Louis Ry in the Dayton & Union RR, owning 32 miles of road, Union City, Ind., to Dodson, O., and in conjunction with the Southern Ry and the Alabama, New Orleans, Texas & Pacific Junction Ry, owns a majority of the capital stock of the Southwestern Construction Co., which holds a controlling interest in the Cincinnati, New Orleans & Texas Pacific Ry. Also owns 82% of the capital stock of the Hamilton Belt Ry and 33 1/3% of the capital stock of the Dayton Union Ry.

Controlled Lines.—The company controls the following companies, through ownership of practically their entire capital stocks: Bowling Green RR, Cincinnati & Dayton Ry, Cincinnati, Findlay & Ft. Wayne Ry, Columbus, Findlay & Northern RR and Piqua & Troy Branch RR (see statements appended).

Harmon and Hon. W. W. Crapo) April 30, 1908, subsequently approved by United States Court; \$1,272,000 were used to pay or adjust sundry outstanding unsecured notes, and the balance, \$2,364,000, were placed in company's treasury for corporate purposes.

In the contract made in 1909 by the Baltimore & Ohio RR Co. to purchase control of the Cincinnati, Hamilton & Dayton Ry, the former entered into an agreement with the Cincinnati, Hamilton & Dayton Ry Co., which agreement is incorporated in the mortgage securing these bonds, either to buy for cash in July, 1916, these General Mortgage bonds at 85 and interest, or to give in exchange a 4% Cincinnati, Hamilton & Dayton bond secured by the same general mortgage, maturing in 1939, and guaranteed as to both principal and interest by the Baltimore & Ohio RR Co. Secured by mortgage on entire property, subject to prior liens. Jan. 1, 1915 and subsequent interest in default and suit for foreclosure of the mortgage was filed in Aug. 1916, in the U. S. District Court at Cincinnati by the Central Trust Co., New York, as Trustee.

Agreement for Sale of General Mortgage Bonds.—The General Mortgage Bondholders' Committee, of which Charles H. Sabin is Chairman, entered into an agreement, dated Dec 1, 1915, with Kuhn, Loeb & Co., New York, as reorganization managers, in respect to the sale for cash at the rate of \$700 for each \$1,000 General Mortgage bond, together with interest on such purchase price at the rate of 4% per annum from Jan. 1, 1916, to date of payment. The purchase was for the Baltimore & Ohio RR Co. under terms of a reorganization plan (see a preceding page). In order to comply with the requirements of the reorganization managers, holders of a sufficient amount of General Mortgage bonds had to deposit the same on or before Dec. 31, 1915. As over 80% of the bonds were deposited with the Guaranty Trust Co., New York, Depositary of the Committee, the above agreement was declared operative, and on and after Jan. 12, 1916, assenting holders received, at the Guaranty Trust Co., New York and London, \$700.86 for each \$1,000 bond, as the proceeds of the sale. The privilege of receiving this payment was extended to undeposited bonds during the month of Jan. 1916.

(12) \$29,190,000 First and Refunding Gold 4s; dated July 1, 1909; due July 1, 1959; int. J & J 1, at J. P. Morgan & Co., New York. Coupon (principal may be registered), \$1,000; and registered, \$1,000, \$5,000 and \$10,000; interchangeable. Bankers Trust Co., New York, Trustee. Authorized \$75,000,000, of which the amount shown as outstanding was issued for the following purposes: \$7,500,000 for the purpose of paying floating debt, etc. (\$5,500,000 of which are guaranteed as to principal and interest by the Baltimore & Ohio RR Co.); \$2,000,000 for working capital (all guaranteed as before stated); \$5,000,000 for construction and improvement purposes, equipment, etc. (all guaranteed as before stated); \$13,000,000 were deposited as collateral security for the \$11,557,000 Purchase Money Collateral Trust 4% Gold notes, which matured July 1, 1913 (and were taken up by the Baltimore & Ohio RR Co.), given to cover the purchase at par of the Refunding Mortgage Bonds of 1904 for a like aggregate amount; and \$1,690,000 in payment of equipment obligations. Of the balance, \$22,031,000 are issuable for future betterments, additions and improvements, equipment and rolling stock, and the remainder (\$23,779,000) are reserved to be issued in exchange for, or after payment and cancellation of, an equal amount at par of the underlying bonds. The mortgage provides that in case default is made in the payment of interest on any of the underlying bonds and such defaults are continued for three months, then upon request in writing of holders of 26% in amount of the bonds hereby secured and outstanding, the trustee shall declare the principal of the bonds to be due and payable immediately. The Railway Company covenants not to issue any additional bonds having a lien prior to this issue. As of June 30, 1916, \$20,013,000 of the issued bonds were owned by the company, leaving \$9,177,000 outstanding in hands of the public.

Security.—The bonds are a junior lien upon all properties of the company owned in fee, including 314.80 miles of railway, with appurtenances and equipment, and also all stocks owned by the company of all companies owning railroads operated by the Cincinnati, Hamilton & Dayton Ry Co. They rank after the liens of \$14,428,000 of old bonds outstanding, but are paramount to the \$20,000,000 of General Mortgage bonds dated July 1, 1909, described in preceding paragraph. The mortgage is a first lien on the stocks of the following companies owning 150.91 miles of road, which are controlled by the Cincinnati, Hamilton & Dayton Ry Co. and operated exclusively by it; \$1,249,500 Cincinnati, Findlay & Fort Wayne Ry; \$39,000 Bowling Green RR; \$262,850 Cincinnati & Dayton Ry; \$85,000 Columbus, Findlay & Northern RR, and \$249,650 Piqua & Troy Branch RR. The mortgage also covers as a first lien the following shares of stock: 1,065 shares out of a total of 3,210 shares issued of the Dayton Union Ry Co.; 875 shares out of a total of 1,725 shares issued of the Dayton & Union RR Co.;

399 shares out of a total of 500 shares issued of the Hamilton Belt Ry Co.; 11 shares out of a total of 16 shares issued of the Lima Belt Ry Co., and 2,995 shares out of a total of 3,000 shares issued of the Miami Valley Ry Co. The mortgage further covers all other leasehold and trackage rights of the company, including trackage rights in 11.84 miles of railroad forming connections and entrances at various points along the line of the Railway Co. The mortgage provides that all property now owned or hereafter acquired from the proceeds of any of the bonds issued thereunder, together with all improvements and betterments in connection with the mortgaged property, shall be subject to the lien of the bonds.

Listed on New York and London Stock Exchanges. First publicly offered (\$12,500,000) in March, 1910, at 91½ and interest. Interest paid without deduction for Normal Income Tax.

Interest due July 1, 1914, and subsequently on the above bonds, not guaranteed by the Baltimore & Ohio, defaulted.

Collateral Trust Obligations.—As of June 30, 1916, there were outstanding, \$10,615,122 of Collateral Trust obligations which are secured by C., H. & D. Ry First & Refunding 4% bonds and 4½% General Mortgage bonds as collateral.

(13) \$928,000 (Original Issue, \$2,320,000) Equipment Trust Gold 5s, Series "A"; dated June 1, 1910; due \$116,000 semi-annually, to June 1, 1920; int. J & D 1, at J. P. Morgan & Co., New York. Bankers Trust Co., New York, Trustee. Coupon, \$1,000. Secured on 20 consolidated locomotives; 5 Pacific type passenger locomotives; 500 steel under-frame 80,000-lb. capacity box cars; 500 of the same type construction and capacity automobile cars, and 1,500 100,000-lb. capacity steel coal cars. CINCINNATI, INDIANAPOLIS & WESTERN RR (THE) (Independent).—Inc. Oct 30, 1915, in Ind.; successor as of Dec 1, 1915, to the property, rights, franchises, etc., of the Cincinnati, Indianapolis & Western Ry (except the Sidell & Olney Branch, as mentioned below), sold at foreclosure sale on Sept 9, 1915, for \$3,500,000, to Fred. H. Ecker, of New York, acting as a purchasing committee on behalf of the bondholders of the predecessor company—see statement of Cincinnati, Hamilton & Dayton Ry. in RR. Manual for 1915, page 928. The Cincinnati, Indianapolis & Western Ry Co. was controlled by the Cincinnati, Hamilton & Dayton Ry Co. through ownership of its entire capital stock, but the new company is entirely independent.

The Plan and Agreement of Reorganization, dated June 4, 1915, was entered into by the Reorganization Committee and adopted by the Bondholders' Committee. The personnel of these two committees was as follows: *Reorganization Committee:* Frederick H. Ecker (Chairman); J. Augustus Barnard, Henry E. Cooper, George K. Johnson, H. F. Whitcomb, Albert H. Wiggin, L. Edmund Zacher, with F. E. Mowle, as Secretary, New York, Equitable Trust Co., New York, as Depositary, and Cadwalader, Wickersham & Taft as Counsel. *Bondholders' Committee:* Wm. A. Read (Chairman); J. Augustus Barnard, Henry E. Cooper, Frederick H. Ecker, George K. Johnson, H. F. Whitcomb, Albert H. Wiggin, L. Edmund Zacher.

SUMMARY OF PLAN OF REORGANIZATION, DATED JUNE 4, 1915.

CASH REQUIREMENTS OF THE PLAN.

It was estimated that \$4,053,200 would be required for the following purposes in case all or substantially all of the property was acquired:

(1) Foreclosure costs and allowances, compensation of committees, counsel and experts, expenses of reorganization; incorporation of new Company, etc.....	\$250,000
(2) Cash working capital.....	250,000
(3) New equipment.....	2,250,000
(4) Indianapolis track elevation and new terminals there.....	500,000
(5) To be reserved for possible prior liens, payment of interest on new obligations, until the road is self-sustaining, improvement and betterments, bankers and syndicate compensation, etc.....	803,200
Total.....	\$4,053,200

Of the item of \$2,250,000 set aside for new equipment in the above schedule it is proposed to provide to the extent of approximately 75% for \$1,688,000 by the sale of equipment obligations, thus reducing to \$2,365,200 the new money to be raised by new bonds and new stock.

Any amounts not used in connection with the above items will be paid over to the new Company.

It was contemplated that the above-mentioned sum of \$2,365,200 would be raised by offering on the terms hereinafter stated to the holders of The Indiana, Decatur & Western Ry Co. First Mtge. 5% Gold Bonds, and to the holders of Cincinnati, Indianapolis & Western Ry First & Refunding 4% 50-year Gold Bonds, the following amounts of securities of the new company contemplated by the reorganization plan: viz.:

(1) First Mtge. 5% 50-year Gold bonds (of a total authorized issue limited to \$12,000,000 face value)..... \$2,365,200

(2) Pfd. stock (of a total authorized issue of \$7,500,000 par value)..... 4,730,400

(3) Com. stock (of a total authorized issue of \$7,500,000 par value)..... 4,730,400

The above sum of \$2,365,200 is equal to 30% of the outstanding \$7,884,000 of Cincinnati, Indianapolis & Western Ry and Indiana, Decatur & Western Ry bonds, and the items of \$4,730,400 are each equal to 60% of the outstanding bonds.

Upon the organization of a new company and before the distribution of securities in cash under this plan, all stock, other than shares reserved to qualify directors, may be vested for a time, not longer than five years, in not more than five voting trustees.

SCHEDULES OF DISTRIBUTION.

<i>Existing Securities.</i>	<i>Cash %</i>	<i>Payment Amount.</i>	<i>1st Mtge. Bonds.</i>		<i>New Securities. Preferred Stock.</i>		<i>Common Stock.</i>	
			<i>%</i>	<i>Face Value.</i>	<i>%</i>	<i>Par Value.</i>	<i>%</i>	<i>Par Value.</i>
\$4,722,000 face value of C. I. & W. First & Refunding Mortgage 4% Gold bonds.....	30	\$1,416,600	30	\$1,416,600	60	\$2,833,200	60	\$2,833,200
\$3,162,000 face value of I. D. & W. First Mortgage 5% Gold bonds...	30	948,600	30	948,600	60	1,897,200	60	1,897,200
Total outstanding bonds, \$7,884,000	30	\$2,365,200	30	\$2,365,200	60	\$4,730,400	60	\$4,730,400

In order to provide the sum of \$2,365,200 referred to above, holders of The Indiana, Decatur & Western Ry First Mtge. 5% bonds, and the holders of Cincinnati, Indianapolis & Western Ry First Refunding Mtge. 4% bonds, were required to pay on or before Sept 1, 1915, at Equitable Trust Co., New York, \$300 for each \$1,000 bond deposited by them, respectively, under the plan, and upon the surrender of their respective bonds they were respectively entitled to receive therefor: \$300 in new First Mtge. bonds; \$600 in the Pfd. stock, and \$600 in the Com. stock of the new company. Assenting bondholders assigned to the Reorganization Committee all right, title and interest in and to their bonds.

Dissenting bondholders under the Reorganization Plan are entitled to their distributive share of the price paid for the property under foreclosure, less their proportionate share of the compensation and expenses of the Trustees under the mortgages, court costs, etc., and less also their proportionate share of whatever amounts may be allowed by the Court on account of the alleged advances made by the Cincinnati, Hamilton & Dayton Ry Co. Receivers during their operation of the property. The property covered by the Indiana, Decatur & Western Ry First Mortgage sold for \$1,400,000 and the property covered by the Cincinnati, Indianapolis & Western Ry First & Refunding Mortgage sold for \$2,100,000.

Temporary Securities Ready.—Notice was given on Jan 11, 1916, by the Reorganization Committee to holders of Certificates of Deposit issued by Equitable Trust Co., New York, that the above Reorganization Plan had been consummated and that temporary First Mortgage bonds of the reorganized company and temporary Voting Trust Certificates representing Pfd. and Com. stock of the reorganized company would be delivered on and after Jan 26, 1916, by Equitable Trust Co., New York, upon presentation and surrender of Certificates of Deposit duly endorsed. As assessments were paid as of Sept 1, 1915, and as the new bonds are dated Nov 1, 1915, interest at the rate of 5% per annum from Sept 1, 1915, to Nov 1, 1915, was paid upon the face amount of bonds delivered.

Sidell & Olney RR.—This new company has been incorporated in Illinois (subject to the consent of the Illinois Public Service Commission), with \$240,000 capital stock, to operate the line of road extending from Sidell to Olney, Ill., a distance of 85.35 miles (including 8.36 miles of trackage rights from West Liberty to Olney) previously operated by the Cincinnati, Indianapolis & Western Ry as the Sidell & Olney Branch. All the stock of this company is to be owned by the Cincinnati, Indianapolis & Western RR Co.

COAL & COKE RY.

Incorporated May 14, 1902, in W. Va., and on Aug 11, 1903, purchased the Charleston, Clendennin & Sutton RR, comprising line from Charleston to Otter, W. Va., 63.6 miles. This line was extended from Otter to beyond Leiter, 104 miles, and the entire line to Elkins was put in operation Dec 1, 1905. Company also acquired and operates the properties of the Davis Colliery Co., at an annual rental of \$80,000. Property consists of 20,000 acres of coal lands in the Roaring Creek region, with five plants, capable of producing daily 3,500 tons of coal and 700 tons of coke. The Roaring Creek & Belington RR, into which has been merged the Roaring Creek & Charleston RR, is owned by the Davis Colliery Co., and is leased by this company; the lease

is practically perpetual and the road is operated as part of the Coal & Coke Ry. The Coal and Coke Ry Co. owns about 100,000 acres of coal lands through which it runs and which are now in process of development.

Mileage and Equipment, June 30, 1916.—Line of road owned: Charleston to Elkins, W. Va., 175.6 miles; Sutton Branch, 6.5 miles; leased (R. C. & B. RR) Elkins to Belington, W. THE COLORADO MIDLAND RAILWAY COMPANY.

(Controlled Jointly by Colo. & South. and Denver & Rio G. RR Cos.)

History.—Incorporated Oct. 11, 1897, in Col.; successor to the Colorado Midland RR, sold under foreclosure Sept 8, 1897. On July 1, 1899, acquired the property of the Busk Tunnel Co., and on the same date the operation of the Hagerman Pass line was discontinued, the latter line being subsequently dismantled. The Rio Grande Junction Ry (see separate statement) is leased jointly by the Colorado Midland Ry and the Denver & Rio Grande RR companies, and its bonds are jointly guaranteed by these companies.

Protective Committee.—In view of the default by the company on one of its outstanding notes, a committee was formed in Nov, 1912, consisting of James N. Wallace (Chairman), James N. Jarvie, Harry Bronner, B. Aymar Sands, Francis L. Leyland, Clark Williams, and W. de Lancey Kountze, requesting the holders of the First Mortgage 4s of 1897 to unite for mutual protection by depositing their bonds with the Central Trust Co., New York, Depositary. The Swiss Bankverein, 43 Lothbury, London, Eng., acts as London depository. C. E. Sigler, 54 Wall St., New York, Secretary. A majority of the bonds has been deposited. Certificates of deposit were listed on the New York Stock Exchange in Feb, 1913.

Receivership.—On Dec 13, 1912, Pres. George W. Vallery was appointed receiver by the U. S. District Court at Denver, on application of Central Trust Co. of New York, acting at the request of the Protective Committee.

Sale Ordered.—Federal Judge Lewis at Denver, Colo., on Dec 9, 1916, advised the Bondholders' Committee that the road must be sold at once and the receivership closed.

Mileage.—Line of road owned: Colorado Springs to New Castle, Colo., 221.92 miles; Arkansas Junc. to Leadville, Colo., 4.8 miles; Basalt to Aspen, Colo., 19.37 miles; Cardiff to Spring Gulch, Colo., 15.01 miles—total owned, 261.1 miles; leased jointly (Rio Grande Junction RR) Rifle Creek to end of R. G. Junc. Ry, 62.08 miles; trackage (D. & R. G. RR and A. T. & S. Fe Ry), 14.46 miles—total operated, 337.64 miles. Sidings, etc. (owned), 76.50 miles. Gauge, standard.

Equipment, June 30, 1916.—Locomotives, 63. Passenger cars, 46. Freight cars—box, 586; flat, 63; vegetable, 17; coal, 651; stock, 114—total, 1,431. Service cars, 93.

Capital Stock.—Authorized and issued, \$4,000,000 Com. and \$6,000,000 non-cumulative 4% Pfd.; outstanding, \$3,421,300 Com. and \$4,954,800 Pfd.; par, \$100. Balance of issued stock held in Company's treasury. No dividends paid. In 1900 practically the entire outstanding capital stock was acquired in the joint interest of the Colorado & Southern Ry and the Denver & Rio Grande RR companies. In Jan, 1912, the Colorado & Southern Ry brought a suit in the Supreme Court asking for authority to dispose of its interest in the stock. The Appellate Division of the Supreme Court on July 30, 1914, held that the Colorado & Southern Ry, which in 1911 agreed to sell its one-half interest in the stock of the company to Blair & Co., could give clear title to the stock. The bankers, it is stated, were therefore not justified in refusing to purchase the same.

Bonded Debt.—\$9,469,000 First Gold 4s; dated July 1, 1897; due July 1, 1947; int. J & J 1, at 26 Liberty St., New York. Coupon \$1,000; principal may be registered. Central Trust Co., New York, Trustee. Authorized, \$10,000,000; issued, \$9,532,000, of which \$63,000 held in treasury. Until July 1, 1900, \$6,250,000 of the bonds carried interest at the rate of 2% per annum, which was to have been increased to 3% in 1902, but in Jan, 1900, interest on the entire issue was made full 4% and the privilege of issuing \$500,000 prior lien bonds was waived. A first lien on entire property of the company, except real estate outside right of way. Listed on New York Stock Exchange. Jan 1, 1913 and subsequent interest defaulted.

The Wyoming Section of the Laramie, Hahn's Peak & Pacific Ry was sold at foreclosure sale May 12, 1914, for \$500,000 and on May 13, the Colorado Section was sold for \$100,000. Line of road extends from Coalmont, Colo., to Laramie, Wyo., 111.35 miles. Sidings, 10.29 miles. Gauge, standard. Rail, steel, 60 lbs. Equipment: Locomotives, 7; passenger cars, 2; freight cars, 39.

Capital Stock.—Authorized and outstanding, \$2,300,000 Com. and \$2,000,000 6% non-cumulative Pfd.; par, \$100. Pfd. stock has preference as to assets as well as dividends and is redeemable as a whole, but not in part, at any time at par and accrued dividends at election of majority in amount of Common stock. Holders of Pfd. stock, in all other respects, have equal voting rights with holders of Com. stock. Transfer Agent and Registrar: Guaranty Trust Co., New York.

Voting Trust.—All shares of stock, except directors' shares, are deposited in a voting trust agreement with Alexander J. Hemphill, Henry Sanderson and Trowbridge Callaway, as voting trustees. Voting trust shall continue until all accrued interest on income bonds shall have been paid and current interest on said bonds paid regularly for two consecutive years, and for such further period, not exceeding one year, as voting trustees may deem advisable.

Bonded Debt.—\$240,000 Laramie, Hahn's Peak & Pacific Ry First Gold 6s; dated July 1, 1904; due July 1, 1929; int. J & J 1, at American Trust Co., Boston, Trustee. Coupon, \$1,000; principal may be registered. Authorized at rate of \$8,000 per mile on completion of 5-mile sections. A first lien on entire property formerly owned by company in Wyoming. Assumed by Colorado, Wyoming & Eastern Ry Co. Normal Income Tax deducted from interest.

\$550,000 Colorado, Wyoming & Eastern Ry First & Refunding Gold 6s; dated July 1, 1914; due July 1, 1934; int. J & J 1, at Guaranty Trust Co., New York, Trustee. Coupon (principal may be registered) and registered, \$100, \$500 and \$1,000. Authorized issue, \$2,500,000, the \$1,950,000 unissued bonds being reserved as follows: \$240,000 to retire the above described Laramie, Hahn's Peak & Pacific Ry First 6s; \$210,000 are issuable from time to time for extensions, betterments and improvements, and remaining \$1,500,000 are issuable for 80% of cost of extensions, betterments and improvements. None of latter \$1,500,000 bonds shall be issued until income available for interest on bonds then outstanding under this mortgage and those to be issued, after providing for interest on the \$240,000 underlying First 6s, shall be equal to at least 150% of interest requirements in respect thereof. Subject to call at 102½ and interest on any interest date upon 30 days' notice. Secured by a first lien on property in Colo. and a lien on property in Wyo., subject only to the above described Laramie, Hahn's Peak & Pacific Ry First 6s. Normal Income Tax deducted from interest.

\$1,600,000 Colorado, Wyoming & Eastern Ry General Mortgage Income Gold 6s; dated July 1, 1914; due July 1, 1944. Interest is payable semi-annually, May & Nov 1, out of net earnings of company, if any. If after one year from date of bonds, the interest due on interest date is not paid, it shall be payable thereafter out of net earnings of company, but in any event all such accumulated and unpaid interest shall be payable at maturity of bonds. Coupon (principal may be registered) and registered, \$100 and \$1,000. Equitable Trust Co., New York, Trustee. Authorized issue, \$1,600,000. Subject to call at par and interest on any interest date upon 30 days' notice. A lien on property, subject to the Laramie, Hahn's Peak & Pacific Ry First 6s and Colorado, Wyoming & Eastern Ry First & Refunding 6s. *No interest paid on this issue up to Dec, 1916.*

CRIPPLE CREEK CENTRAL RY CO.

History.—Incorporated Sept 30, 1904, in Me.; reorganization of the Denver & Southwestern Ry, sold under foreclosure Oct 4, 1904. This is a holding, not an operating company. On May 8, 1914, the Canon City & Cripple Creek RR Co. (see RR Manual for 1914, page 403), formerly controlled, was dissolved. On April 30, 1915, the Florence & Cripple Creek RR (see Railroad Manual for 1915, page 278), formerly controlled, was dissolved and its line from Wilbur to Victor abandoned, at which time the lease of the Golden Circle RR, formerly held by the Florence & Cripple Creek RR, was cancelled. On the above date the remaining line of the Florence & Cripple Creek RR, from Victor to Cripple Creek, together with its equipment and other property was sold to the Golden Circle RR. At the same time the Golden Circle RR changed its name to the Cripple Creek & Colorado Springs RR, the latter assuming the outstanding First Mortgage bonds of the Florence & Cripple

Creck RR Co., amounting to \$995,000. The lease of the property of the Colorado Springs & Cripple Creek District Ry, formerly held by the Florence & Cripple Creek RR was transferred to the Cripple Creek & Colorado Springs RR Co. The company owns the following securities of operating companies:

	Stocks.	Bonds.	Notes.
The Colorado Trading & Transfer Co.....	\$200,000		
The Cripple Creek & Colorado Springs RR Co.....	757,000	\$1,170,000 6s.	
The Midland Terminal Ry Co.....	1,000,000	1,000 5s.	\$34,000
The Beaver Park Land & Water Co.....	42,000		

There are no outstanding bonds or other obligations of this company or any of the underlying companies, except \$342,000 First Mortgage bonds of the Midland Terminal Ry Co. Owing to the prevailing prejudice against commercial concerns being owned by railroad companies, the directors deemed it advisable to discontinue the operation of the Colorado Trading & Transfer Co. Accordingly on Nov 1, 1915, the teaming outfits, merchandise, materials and supplies of that company were disposed of; ownership of the real estate and buildings was retained by this company and leased to the purchaser for a term of years.

Mileage (entire system), June 30, 1916.—The Cripple Creek & Colorado Springs RR and leased lines, 71.40 miles; Midland Terminal Ry, 29.40 miles—total, 100.80 miles; spurs and sidings, 55.53 miles.

Equipment (entire system), June 30, 1916.—Locomotives, 33; passenger cars, 29; freight cars (box, 422; coal, 233; dump, 26; flat, 21; caboose, 9; refrigerator, 1), 712; service cars, 6—total engines and cars, 780.

Capital Stock.—Authorized and outstanding, \$2,500,000 Com. and \$3,000,000 4% non-cumulative Pfd.; par, \$100. No bonded debt. Pfd. stock has preference as to assets as well as dividends. Transfer Agents: Lawyers' Title & Trust Co., New York. Registrar: New York Trust Co., New York. Both classes of stock listed on the New York Stock Exchange.

Dividends have been paid as follows: On Pfd.: July, 1905, 3%; Oct, 1905, to Oct 1, 1907, 1% quarterly. On Sept 1, 1908, 3% was paid, for the 9 months ending June 30, 1908, and since Dec 1, 1908, regular quarterly payments of 1% have been made. On Com.: Oct. 1905, 3% from earnings of previous year; Jan, 1906, 2½%, including 1½% extra; April, 1906, 1½% regular and ½% extra; July, 1906, to Oct, 1907, 1½% quarterly; June 1, Sept 1, and Dec 2, 1912, 1% each, and quarterly at that rate to and including June 1, 1916; Sept 1 and Dec 1, 1916, 1½% each. An extra dividend of 10% was also paid on Com. stock on March 1, 1916.

CUBA RAILROAD COMPANY (THE)

(Controlled by The Cuba Co.)

History.—Inc. May 1, 1902, in N. J.; first section of the road placed in operation Dec 8, 1902; the Antilla branch was completed in April, 1905; the Holguin branch in Oct, 1906, and 12 miles of the Palma Soriano section of the Bayamo branch in 1908. In Aug, 1910, the lines, Marti to Palma Soriano, and Bayamo to Manzanillo were completed. In aid of the construction of these lines the Government of Cuba granted to the company a subsidy of \$6,000 per kilometer to the extent of 247.88 kilometers and \$5,000 per kilometer to the extent of 30.99 kilometers. Company having been granted a concession for the construction under subsidy of a railroad from Placetas del Sur to Casilda, active construction was at once commenced, and on Aug 1, 1915, the line between Placetas and Fomento, a distance of 27 kilometers, was completed and put into public service. The remainder of the line is expected to be completed early in 1917, which is well within the contract requirements.

Camaguey & Nuevitas RR.—At a meeting held Dec 9, 1915, stockholders authorized the purchase of the Camaguey & Nuevitas RR, carrying with it a concession for the construction, under subsidy, of a railroad from Camaguey to Santa Cruz del Sur, a distance of 98½ kilometers. In order to finance this purchase, the stockholders also authorized the issuance and sale of \$3,000,000 3-year 5% Gold Notes. The purchase was duly completed and the ownership of the railroad was taken over as of Nov 15, 1915. Preparations were immediately made to commence building the Santa Cruz line, while the Camaguey & Nuevitas RR Co. has prepared plans and commenced construction on the extension of its railroad to a new deepwater terminus on the Bay of Nuevitas.

The net earnings of the Camaguey & Nuevitas RR Co. for the period from Nov 15, 1915, to June 30, 1916, were \$163,362. All of the stock of this company is owned by the Cuba RR Co. and is pledged as security for the 3-year Notes of the Cuba RR Co.

Mileage and Equipment, June 30, 1916.—Line of road: Santa Clara to Santiago de Cuba, 356.1 miles; Zaza Junc. to Santi Spiritus, 7.3 miles; Alto Cedro to Bay of Nipe, 30.8 miles; Ponupo branch, 11.2 miles; Jatibonico branch, 11.8 miles; Cacocum to Holguin, 11.1 miles; Marti to San Luis, 141.3 miles; Bayamo to Manzanillo, 32.5 miles; Fomento branch, 17.0 miles—total, 619.1 miles. There is also under construction a line from Placetas del Sur to Casilda, 39 miles. Sidings, etc., 93.0 miles. Gauge, standard. Rail (steel), 60 and 75 lbs. Equipment: Locomotives, 137; passenger cars, 106; freight cars, 3,597; conductors' cars, 70; auxiliary cars, 51; steam shovels, 3; derricks, 4; pile drivers, 3; air compressor, 1. Also owns 1 passenger steamer, 4 steam tugs, 7 lighters and 1 suction dredge.

Capital Stock.—Authorized, \$20,000,000 Com. (increased from \$10,000,000 May 28, 1914) and \$10,000,000 6% non-cumulative Pfd.; outstanding, \$15,000,000 (increased from \$10,000,000 to \$12,000,000 Jan 3, 1916, by 20% stock dividend and to \$15,000,000 June 30, 1916, by 25% stock dividend) Com. and \$10,000,000 Pfd.; par, \$100. All the outstanding Com. stock, and \$1,000 of the Pfd. stock is owned by the Cuba Company (see *Industrial Volume*). Transfer Agent: Royal Bank of Canada, New York. Registrar: Guaranty Trust Co., New York. Preferred stock listed on New York, London, Amsterdam and Havana Stock Exchanges.

Dividends on Pfd. have been paid as follows: 1½% on Aug 2, 1909, and Feb, 1910; 2% each Aug 1, 1910, and Feb 1, 1911; 2½% each, Aug 1, 1911, and Feb 1, 1912; 3% Aug 1, 1912, and semi-annually thereafter. An initial dividend of 4% was paid on Com. stock, May 1, 1913, and 3% each, May 1 and Nov 1, 1914, 1915 and 1916. In addition, a 20% stock dividend was paid on Com. DENVER & RIO GRANDE RAILROAD COMPANY (THE).

History.—Incorporated Aug 1, 1908, in Colo. and Utah, as a consolidation of the Denver & Rio Grande RR Co. (chartered July 14, 1886), a Colorado corporation, and the Rio Grande Western Ry Co., a Colorado and Utah corporation, under an agreement of consolidation dated June 9, 1908, executed, filed and duly recorded after approval at special meetings of stockholders of the constituent companies in accordance with the provisions and requirements of the laws of Colorado and Utah. Since the formation of the consolidated company it has acquired by conveyance all the property of the under-noted companies, whose stock were, prior to the consolidation, owned by one or the other of the two constituent companies, said companies being the following: Rio Grande, Pueblo & Southern RR Co.; Rio Grande RR Co.; Rio Grande Sangre de Cristo RR Co.; Rio Grande Gunnison Ry Co.; Rio Grande, Pagosa & Northern RR Co.; Rio

Grande & Santa Fe RR Co.; Sevier Ry Co.; Tintic Range Ry Co.; Castle Valley Ry Co.; Utah Central RR Co.; Copper Belt RR Co.; Carbon County Ry Co.; Utah Eastern Ry Co.; Duchesne Ry Co., and the San Pete Valley Ry Co.

Interests in Other Companies.—The consolidated company controls the Rio Grande Southern RR through ownership of \$3,579,737 of its outstanding \$4,510,000 capital stock, and jointly with the Colorado Midland Ry Co. leases the Rio Grande Junction Ry. It also owns the entire capital stock of the Utah Fuel Co., including the Pleasant Valley Coal Co. (see statement in *Industrial Volume*), and \$100,100 of the \$200,000 stock of the Salt Lake City Union Depot & RR Co., the balance being owned by Western Pacific RR Co.), which operates a passenger station in Salt Lake City, completed at a cost of \$1,217,059, and opened for passenger traffic on Aug 20, 1910. See statement appended.

Missouri Pacific Ry Interest.—In the spring of 1901 the Missouri Pacific Ry Co. acquired \$14,800,000 Com. stock and \$7,300,000 Pfd. stock of the Denver & Rio Grande RR Co., thereby obtaining a dominating interest.

Western Pacific Ry Co.—This company constructed a low grade line between San Francisco, Cal., and Salt Lake City, Utah, passing through Oakland, Stockton, Sacramento, Marysville and Oroville, Cal., and the Beckwith Pass in the Sierra Nevada Mountains, a distance of about 930 miles, with 13 miles branch lines in operation in the State of California, a total of about 943 miles. Regular traffic operations were begun on the line on July 1, 1911, intermittent freight and passenger traffic having been handled for some time previous to that date.

The Denver & Rio Grande RR owned on June 30, 1916, \$50,000,000 of the outstanding \$75,000,000 capital stock of this company, and also \$25,000,000 Second Mortgage 5% bonds, and entered into a traffic and trackage contract with it, providing for the mutual interchange of traffic and reciprocal traffic rights until Sept 1, 1933, the date of maturity of the First Mortgage Sinking Fund 5% bonds of the Western Pacific Ry. The Denver & Rio Grande RR agreed to make up semi-annually any deficit in the earnings of the Western Pacific Ry in the amount required to meet its operating and maintenance expenses and taxes and interest on its First Mortgage bonds, and certain installments due upon its sinking fund. Early in 1915 it became evident that the March 1, 1915, interest on the Western Pacific Ry First Mortgage bonds could not be met either by the principal debtor or by the Denver & Rio Grande RR Co. Thereupon, at the instance of the latter's officers and directors, a series of conferences were held with banking houses representing, directly and indirectly, a large amount of said bonds, with the object in view of formulating a scheme of financial readjustment. It was hoped that a friendly readjustment of the financial relations of the two companies could be carried into immediate effect, thus avoiding receivership of Western Pacific Ry, but before this was physically possible, the March 1 interest was defaulted, and on March 5, 1915, the United States Court appointed Frank G. Drum and Warren Olney, Jr., receivers for the property. On June 28, 1916, the property was sold under foreclosure and the Western Pacific RR (see *General Index*) has since been formed as successor. The Western Pacific RR Corp. has been formed as a holding company for the Western Pacific RR. The Western Pacific RR Corp. has a claim against the Denver & Rio Grande RR Co. for unpaid interest on the Western Pacific Ry Co. First Mortgage bonds, which it is hoped can be adjusted satisfactorily at some future date. The Western Pacific RR is operated independently of the Denver & Rio Grande RR.

Suit.—A suit in equity was filed in Denver Oct 19, 1915, to require the company to pay the defaulted interest on the Western Pacific Ry Co. First Mortgage bonds which the Denver & Rio Grande RR Co. guaranteed.

(1) \$34,125,000 First Consolidated Gold 4s; dated July 15, 1886; due Jan 1, 1936; int. J & J 1, at National Park Bank, New York. Coupon (principal may be registered) and registered, \$500 and \$1,000. United States Trust Co., New York, Trustee. Authorized issue, \$42,000,000, of which (including those described in the succeeding paragraph) a total of \$41,952,000 have been issued. The mortgage is now closed. In addition to above amount outstanding, \$1,445,000 were held in the treasury and by trustees as of June 30, 1916. A first lien on the entire properties of the former Denver & Rio Grande RR Co., not including leased lines, aggregating 1,646.83 miles. Listed on New York and Philadelphia Stock Exchanges. Interest paid without deduction for Normal Income Tax.

(2) \$6,382,000 First Consolidated Gold 4½s; dated July 15, 1886; due Jan 1, 1936; int. J & J 1, at National Park Bank, New York. Coupon (principal may be registered) and registered, \$500 and \$1,000. United States Trust Co., New York, Trustee. Secured jointly with the 4% issue described above, forming in fact, part of the same authorized issue. Listed on New York Stock Exchange. Interest paid without deduction for Normal Income Tax.

(3) \$8,335,000 Improvement Gold 5s; dated June 1, 1888; due June 1, 1928; int. J & D 1, at National Park Bank, New York. Coupon (principal may be registered) and registered, \$500. United States Trust Co., New York Trustee. Authorized at the rate of \$5,000 per mile. The bonds were issued to provide funds for laying a third rail on a portion of the mileage and for other improvements, and are secured, subject to the lien of the First Consolidated Mtge. bonds, on the 1,646.83 miles covered by that issue. Listed on New York Stock Exchange. Interest paid without deduction for Normal Income Tax.

(4) \$15,190,000 Rio Grande Western Ry First Trust Gold 4s; dated July 1, 1889; due July 1, 1939; int. J & J 1, at Guaranty Trust Co., New York. Coupon, \$1,000; (principal may be registered) and registered, \$1,000, \$5,000 and \$10,000; interchangeable. Central Trust Co., New York, Trustee. Authorized issue, \$16,000,000, of which \$15,200,000 have been issued, including \$10,000 held in treasury June 30, 1916. This mortgage has been closed. A first lien on 409 miles of road, Grand Junction, Colo., to Ogden, Utah, including several branches. In the event of default in the payment of interest, the bondholders had the right to elect a majority of the directors of the R. G. W. Ry, which company was, however, merged with the Denver & Rio Grande RR Co. as of July 27, 1908. Listed on New York Stock Exchange. Normal Income Tax deducted from interest.

(5) \$15,080,000 Rio Grande Western Ry First Consolidated & Collateral Trust Gold 4s; dated April 1, 1899; due April 1, 1949; int. A & O 1, at Guaranty Trust Co., New York, Trustee. Coupon (principal may be registered), \$1,000, and registered \$1,000 and multiples. Secured on the entire property of the former Rio Grande Western Ry, being a lien on 698.98 miles of road (of which 290 miles are first mortgage) and on all new mileage to be constructed and rolling stock purchased from the proceeds of these bonds; additionally by deposit with the trustee, of the entire \$10,000,000 capital stock of the Utah Fuel Co. In addition to the above amount outstanding, \$1,395,000 were held in the treasury and by trustees on June 30, 1916. Listed on New York Stock Exchange. \$6,000,000 of the issue were offered in June, 1901, at 96 and interest. Interest paid without deduction for Normal Income Tax.

(6) \$390,000 Utah Central RR First Gold 4s; dated Jan 1, 1898; matured and paid off Jan 1, 1917.

Note.—All the above issues are closed mortgages and are provided for in the First and Refunding Mortgage dated Aug 1, 1908.

(7) \$33,039,000 First and Refunding 47-Year Gold 5s; dated Aug 1, 1908; due Aug 1, 1955; int. F & A 1, at Bankers Trust Co., New York, Trustee; Deutsche Bank, Berlin, and at Deutsche Bank Filiale, Frankfurt-on-Main, Germany. Coupon, \$1,000; (principal may be registered), and registered, \$1,000, \$5,000, \$10,000, and such higher denominations, multiples of \$10,000, as the Directors or Executive Committee may from time to time authorize. Coupon bonds and registered bonds are interchangeable. Coupon bonds are dated Aug 1, 1908; registered bonds will bear date as of the days upon which they are issued respectively.

Authorized issue, \$150,000,000, of which \$90,000,000 are reserved to retire and refund underlying bonds, any surplus to be available for betterments, etc.; \$2,000,000 for general corporate purposes; \$23,000,000 for acquiring second mortgage bonds of the Western Pacific Ry Co., and the remainder (\$35,000,000) for betterments, additions, extensions, etc. To June 30, 1916, there had been issued \$41,281,000 of these bonds, of which \$8,242,000 were held in treasury or by trustees (including \$905,000 in sinking fund of this issue), leaving \$33,039,000 outstanding as above. Of the \$33,039,000 bonds outstanding on June 30, 1916, as above, \$22,379,000 were issued to provide funds for Western Pacific Ry purposes, the company receiving in return \$25,000,000 par value of Western Pacific Ry Second Mortgage 5s. The balance was issued for the improvement and enlargement of the fixed and rolling plant of the company. The mortgage provides that no more bonds can be issued under any of the underlying mortgages. Subject to call as a whole, but not in part, at 105 and interest on any interest date upon 12 weeks' published notice.

Sinking Fund.—The mortgage provides for annual payments into the sinking fund beginning Aug 1, 1913, of the sum of \$120,000, to continue until all of the bonds shall have been acquired for the sinking fund or paid. Upon the receipt of any sinking fund payment, the Trustee is to purchase in the open market or at private sale or upon any exchange, at the market price or the best price obtainable, as many of the First and Refunding bonds or underlying bonds, or both, as can be acquired with the amount held in the sinking fund, provided no purchase shall be made at a price exceeding 105 and interest. The Company may purchase and turn over to the Trustee for the sinking fund underlying bonds with all unmatured coupons attached, and, in such case, is to be reimbursed for its actual expenditure in buying any such underlying bonds, but not exceeding 105% of the face value of the bonds so delivered and accrued interest. First and Refunding bonds acquired for the sinking fund to be kept alive and interest accruing thereon to be added to the fund.

Security.—The Deed of Trust, dated Aug 1, 1908, constitutes:

(a) A first lien on about 129 miles of constructed railway, as follows: Zinc Junction north-easterly to Blende, Col., 3.36 miles; Texas Creek, in Fremont County, Colorado, southerly to West-cliffe, in Custer County, in said State, a distance of 25.49 miles; Maitland northerly to the Big Four Coal Mine, both in Huerfano County, Colorado, 9.43 miles; Moffat easterly via Crestone to and beyond Cottonwood to the present terminus of said line, all in Saguache County, Colorado, 16.96 miles; Wagon Wheel Gap northwesterly via Wason to Creede, all in Mineral County, Colorado, 9.59 miles; Pagosa Junction northeasterly to Pagosa Springs, Colorado, 30.85 miles, and from Espanola southerly to Santa Fe, both in Santa Fe County, New Mexico, 33.97 miles. Said railway lines in this paragraph described aggregate, as near as may be, 129.43 miles of railway now constructed and in operation.

(b) A junior lien upon about 2,400 miles additional of railway owned and operated by the Company, subject to prior liens of about \$82,500,000 (against which \$90,000,000 of bonds of this issue have been reserved as above stated).

(c) A lien upon all betterments, additions and extensions constructed or acquired with the proceeds of bonds of this issue. The degree of priority of the lien of the First and Refunding Mortgage upon such betterments, additions and extensions will correspond with the degree of its priority as a lien upon the lines of railway, if any, to which such betterments, additions and extensions may appertain. If the property constituting such betterments, additions or extensions be independent of any line of railway upon which an existing mortgage is a lien, the First and Refunding Mortgage will be a first lien thereon.

Additionally secured on June 30, 1916, by deposit of \$25,000,000 Second Mortgage bonds and \$50,000,000 capital stock of the Western Pacific Ry Co., \$1,221,150 Rio Grande Junction Ry Co. capital stock and \$149,200 Rio Grande & Southwestern RR Co. capital stock. No readjustment of securities of the Western Pacific Ry Co., now reorganized as the Western Pacific RR Co., has yet been made.

Listed on New York Stock Exchange and principal exchanges in Germany. First publicly offered (\$17,500,000) in Jan, 1909, at 92½ and interest. Interest paid without deduction for Normal Income Tax.

(8) \$10,000,000 Cumulative Adjustment Gold 7s; dated May 1, 1912; due April 1, 1932; first instalment of interest (\$29.17) was payable absolutely on Oct 1, 1912, and thereafter semi-annually, A & O 1, at New York Trust Co., New York, and in London, Berlin, Paris and Amsterdam, in such amounts as the Board shall determine out of the surplus net income during the six months ending June 30 or Dec 31, immediately preceding; all arrears, if any, to be paid at maturity or at date of earlier redemption. Each

instalment of interest declared shall be $1\frac{3}{4}\%$, or a multiple of $1\frac{3}{4}\%$. In 1913, 1914, 1915 and 1916, full 7% interest was paid. Coupon; principal may be registered; denomination, \$1,000, £205 10s; 4,200 marks D. R. W.; 5,180 francs; 2,488 Dutch guilders. New York Trust Co., New York, Trustee. Subject to call as a whole or in blocks of \$500,000, at 115 and interest on any interest date.

Authorized issue, \$25,000,000. Of the proceeds of the \$10,000,000 bonds sold, \$7,500,000 were used for additions and betterments to the fixed and rolling plant of the Denver & Rio Grande RR, especially for purposes designated in the First and Refunding Mortgage, and \$2,500,000 to acquire obligations of the Western Pacific Ry, same to be pledged under the Adjustment Mortgage. The \$15,000,000 unissued bonds are reserved for future improvements if need be hereafter. A portion of the proceeds of the \$2,500,000 noted above was used by the Western Pacific Ry Co. toward payment of interest on its First Mtge. bonds and the remainder for important improvements, including the completion of the low grade line (Arnold's Loop), 145 miles west of Salt Lake City, the completion of that company's principal shops at Sacramento, and for the acquisition of a first-class ferry boat for service between San Francisco and Oakland.

The Adjustment Mortgage covers substantially all physical property, now owned and any acquired with such bonds, and such stocks, bonds and other obligations as it may be deemed advisable to pledge, including everything that is subject to the First and Refunding Mortgage. On June 30, 1916, \$737,150 capital stock of the Rio Grande Junction Ry Co., \$12,500,000 capital stock of the Western Pacific Ry Co. and \$14,252,915 notes of the Western Pacific Ry Co. were pledged under the mortgage. No readjustment of securities of the Western Pacific Ry Co. has yet been made. Listed on New York Stock Exchange. First offered (\$10,000,000) to stockholders of record May 11, 1912, at par. Interest paid without deduction for Normal Income Tax.

(9) \$225,000 Equipment Gold 5s, Series "B"; dated Sept 1, 1907; due \$75,000 semi-annually, M & S 1, to Sept 1, 1917; int. M & S 1, at Blair & Co., 24 Broad St., New York. Coupon, \$1,000. Authorized and issued, \$1,500,000, of which \$1,275,000 had been retired to June 30, 1916. Secured on 1,000 steel cars and 28 locomotives, of a cost value of \$1,790,699.84. The issue is certified to by the Title Guarantee & Trust Co., of New York, and the title to the equipment remains in Blair & Co., as Trustee, until all the bonds are paid. Interest paid without deduction for Normal Income Tax.

RAILROADS CONTROLLED BY DENVER & RIO GRANDE RR CO., BUT OPERATED INDEPENDENTLY.

BOCA & LOYALTON RR (Controlled by Stock Ownership).—Inc. Sept 24, 1900, in Cal.; road opened in 1902. Control acquired by Denver & Rio Grande RR, which, as of June 30, 1916, owned \$1,406,070 (par value) securities of the Boca & Loyalton RR and associated companies. Line of road: Boca to Portola, Cal., and branches, 55 miles. Gauge, standard. Equipment: Locomotives, 5; passenger car, 1; freight cars, 35; other cars, 5.

Receivership.—Judge C. L. Jones of the Superior Court at Nevada City on June 9, 1915, appointed Chester L. Hovey of San Francisco, Receiver, owing to default in sinking fund payments on the First Mortgage bonds as stated below.

Protective Committee.—A committee, composed of Benjamin H. Dibblee, John W. Esmond and F. Baruch, requested deposits of the First 6s with the Mercantile Trust Co. of San Francisco, depository.

Foreclosure Sale.—The road was bid in at foreclosure sale on Sept. 8, 1916, by Alex. R. Baldwin, V-P of the Western Pacific RR for \$35,100. The California RR Commission on Oct 24, 1916, authorized Receiver Hovey to transfer the property to Mr. Baldwin.

Capital Stock.—Authorized and outstanding, \$1,200,000; par, \$15. The Denver & Rio Grande RR Co. owns 51% of the stock.

Bonded Debt.—\$412,000 First Gold 6s; dated April 1, 1903; due April 1, 1923; int. A & O 1, at Mercantile Trust Co., San Francisco, Trustee. Coupon, \$1,000; principal may be registered. Authorized and issued, \$675,000, of which \$263,000 have been retired. Subject to call at 110 and interest on any interest date. The mortgage provides that in 1907, \$25,000, and from 1908 to 1922, inclusive, \$30,000 per annum should be deposited as a sinking fund to retire the bonds. The payments due in 1907, 1908 and 1909 were made and bonds retired, but throughout 1910 to 1915, inclusive, the company has failed to pay the sinking fund and \$180,000 is now in default. The mortgage provides that after 90 days' notice of default in this provision the bonds may be foreclosed. Such notice was given Oct 2, 1914. A first lien on the entire railway property; also through the deposit as collateral of \$557,000 First Mortgage bonds of the Roberts Lumber Co., it is understood that the railroad bonds represent a first lien on about 400,000,000 ft. of standing yellow and white pine timber in Plumas and Nevada Counties, Cal., which are conservatively valued at \$1,000,000. Interest paid without deduction for Normal Income Tax.

DENVER & SALT LAKE RR CO.

Incorporated Dec 16, 1912, in Colo., and on May 1, 1913, acquired the properties of the Denver, Northwestern & Pacific Ry Co. (see Manual for 1912, page 381), sold under foreclosure April 28, 1913, and bid in for \$3,000,000, the upset price, for the reorganization committee. (For terms of reorganization plan see RR Manual for 1914, page 432). Owns the entire capital stock of the Northwestern Terminal Ry Co. and leases that company's property for 50 years from Jan 1, 1914, at a rental sufficient to meet

interest on the \$2,167,000 First Mortgage bonds (see statement appended). The three engineers appointed by the City of Denver Tunnel Commission to estimate the cost of construction and length of time required to drive the proposed James Peak tunnel through the Continental Divide reported on Nov 15, 1913, that the tube would cost about \$4,420,000 and could be completed in a minimum time of four years, unless conditions should arise in the execution of the work, which might extend the time by an additional ten months. Of the cost, City was to pay \$3,000,000 and the Railway Co. the remainder in cash. The company was also to pay interest on any bonds issued by the city for construction purposes, maintenance and 1% per annum until the bonds are retired. The City was to own and control the tunnel and approaches until the same was paid for, and reserved the perpetual right to the use of the tunnel for all railroads on terms stipulated, to carry water and electricity and to all the mineral rights. The report covered three possible locations with a recommendation that the lowest site, at an altitude of 9,100 ft., be selected. The Colorado Supreme Court on July 8, 1914, declared illegal the city bonds authorized Feb 17, 1914, for the above purpose.

Financing.—In Feb, 1915, a committee representing the Denver Railway Securities Co., consisting of Herman Waldeck, Chm.; E. F. Shanbacher, H. H. Wehrhane and George H. Burr, with B. W. Jones, as Secretary, 16 Wall St., New York, and Bankers Trust Co., New York, as Depositary, in a circular to bondholders explained the financial condition of the company and proposed a financial plan to meet current obligations. Owing to financial conditions prevailing in the early part of 1915, it was impossible to sell any of company's bonds, and in consequence a floating debt amounting to \$658,962 had to be provided for during 1915. This debt was represented by: About \$250,000 of maturing coupons, \$163,962 advances made to company by interests identified with the management, and \$245,000 other floating debt. The plan by which this debt was to be met involved a new issue of notes to net \$245,000, the funding of \$250,000 coupons of the First mortgage bonds and the taking by the aforementioned interests of \$163,962 First mortgage bonds at 75 in payment of their advances. This plan was subsequently carried out—see following paragraph.

Funding of 1915 Coupons of First Mortgage Bonds.—The circular mentioned in the preceding paragraph, pointing out the arrangement under which company's First mortgage bonds had been issued, stated that although the graduated interest on these bonds was 3% for the first three years, 4% for the fourth year and 5% thereafter, yet the road itself was to pay but 1% on the graduated bonds for the first year and 2% for the second year, the remaining 2% for the first year and 1% for the second year being provided by a special fund of \$132,000 deposited with the Bankers Trust Co., New York, representing the proceeds of bonds taken by Mr. Erb and associates for this purpose. From this fund there was available in year 1915 an amount equal to one-half of 1% on the coupons maturing during that year and holders were in consequence requested to fund the balance (2½%) into new bonds at 75%. In Nov, 1915, it was announced that holders of over 92% of the First mortgage bonds had agreed to this plan and had deposited their securities with the committee. Depositing bondholders received new bonds from the Depositary.

Examination of Property—Expert's Report.—An exhaustive examination of company's property was made in 1916, embodying an inspection of lines, buildings, etc. The expert conducting this examination, E. W. McKenna, submitted his report in May, 1916, recommending several projects for the more economical handling of company's traffic. The report centered largely upon the proposed tunnel through the continental divide, and Mr. McKenna, in this connection, recommended a project involving the construction of a line 17.2 miles in length, containing a tunnel 4.1 miles in length and costing \$2,952,821. The time required for the finishing of this project would be two years and the saving in cost of operation by elimination of heavy grades, etc., would be very great.

Interest Defaulted.—The May 1 and Nov 1, 1916, interest on the First Mortgage bonds has been defaulted. In connection with the announcement of the Nov, 1916, default, Pres. Boettcher addressed a circular letter to the bondholders regarding the physical and financial conditions of the road. Pres. Boettcher asked that the bondholders act in unison with the officers of the road, in a continuance of present efforts to put the property on its feet and avoid the risks and expenses of a receivership.

Bondholders' Protective Committee.—Following the default of interest due May 1, 1916, on the company's First Mortgage 5% bonds, and in view of the expressed opinion of the directors that a financial plan was necessary for the future prosperity of the company, the following protective committee was formed in May, 1916, in the interest of these bonds: Charles H. Sabin, chairman; C. K. Boettcher, F. N. B. Close,

W. C. Forbes, L. C. Phipps, E. V. R. Thayer, E. R. Tinker, Herman Waldeck, with R. H. Cox as secretary, c/o Guaranty Trust Co., New York.

Mileage and Equipment (including Northwestern Terminal Co.): Denver to Craig, Colo., 255.46 miles; belt line connecting with Denver stock yards and Union Pacific RR, 4.87 miles. Sidings, about 56 miles. Rail (steel) 80 and 85 lbs. The extension from Steamboat Springs to Craig, 40.51 miles, was completed Nov 22, 1913, and the belt line in Denver, 4.87 miles, on Sept 1, 1913. Gauge, standard. Equipment: Locomotives, 50; passenger cars, 24; freight cars, 1,323; private car, 1; work equipment, 33.

Capital Stock.—Authorized, \$35,000,000; outstanding June 30, 1916, \$12,182,500; par \$100. The entire outstanding stock is held in a 5-year voting trust expiring in 1918, the Voting Trustees being W. E. Pearson, G. H. Burr, New York; Gerald Hughes, Fred. G. Moffat, Charles Boettcher, L. C. Phipps, Denver; W. M. Wadden, Boston. Guaranty Trust Co., New York, Trustee.

Bonded Debt.—\$9,800,219.56 First Mortgage Gold Bonds (of which \$5,161,000 bear interest at rate of 3% per annum from May 1, 1915, to April 30, 1916, 4% from May 1, 1916, to April 30, 1917, and thereafter 5%; the balance bearing fixed interest at the rate of 5% per annum); dated May 1, 1913; due May 1, 1943; int. M & N 1, at Bankers Trust Co., New York, Trustee. Coupon, \$100 and multiples, and registered, \$1,000, \$5,000, \$10,000, \$50,000 and \$100,000; interchangeable. Authorized, \$35,000,000, of which \$16,000,000 were reserved for the purchase or construction of an extension (including the railroad or extension under construction from Steamboat Springs to Craig, Colo., or to a point in the State of Utah from which the company shall have obtained trackage or leasehold rights) by means of which in connection with its main line, company shall be enabled to operate a continuous main line of railroad from Denver, Colo., to Salt Lake City, Utah; \$2,000,000 were reserved to aid in the construction of the proposed tunnel through the Continental Divide under or near James Peak, Colo., and \$8,800,000 were reserved for betterments, additions, etc., at not exceeding \$500,000 per annum. Subject to call at 105 and interest at any time on 90 days' notice. A first lien on entire property of company. Further secured by pledge of the entire \$3,000,000 capital stock of the Northwestern Terminal Ry Co.

The coupons on above issue of bonds due in the year 1915 were funded—see a preceding paragraph.

Interest on above bonds due May 1 and Nov 1, 1916, was defaulted and a protective committee formed—see a previous paragraph.

\$2,000,000 Adjustment Gold 5s; dated May 1, 1913; due May 1, 1943; int. (if and when earned) payable M & N 1, at Company's office or agency in New York. Coupon, \$1,000; principal may be registered. International Trust Co., Denver, Colo., Trustee. Authorized, \$2,000,000. Subject to call on any interest date upon 30 days' notice. A lien on entire property, subject to the First Mortgage bonds, described above.

The extension from Homestead to Knights Key Dock, 82.05 miles, was put in operation on Jan 15, 1908, at which time also a steamship service from the latter point to Havana, Cuba, was inaugurated. The extension from Knights Key to Key West, 46 miles, was opened Jan 22, 1912. On Jan 6, 1915, the company began the operation of car ferries from Key West to Havana, a distance of 90 miles.

During the year 1910-11 a contract was made for the construction of a branch line, commencing at Maytown, on the Titusville Branch, and extending south approximately 125 miles through the Kissimmee Valley, to a point at or near the shores of Lake Okeechobee; during the year 1911-12, 20 miles of this line, from Maytown to Chuluota, was put into operation. During 1912-13, an additional 25 miles of this extension were completed and balance of line to Okeechobee was completed in 1914-15. During Dec, 1916, the company began operating the 17¼ miles of line between New Smyrna and Maytown, which new branch forms a direct connecting link between the main line and the Okeechobee Branch.

FONDA, JOHNSTOWN & GLOVERSVILLE RR.

History.—Incorporated Jan 17, 1867, in N. Y.; first portion of road placed in operation Dec 1, 1870. On Jan 1, 1903, consolidated with the Cayadutta Electric RR Co. and the Amsterdam Street RR Co. The Johnstown, Gloversville & Kingsboro Horse RR and the lines formerly of the Amsterdam St. RR and of the Cayadutta Electric RR are operated as the "Electric Division" of this road. Owns a two-thirds interest in the securities of the Adirondack Lakes Traction Co. (Gloversville to Mountain Lake, 4 miles); the summer resort known as "Sacandaga"; and the entire Common stock of the Coal Co. of Fulton County, N. Y., and the Edison Electric Light & Power Co. of Amsterdam, N. Y. Operates the Johnstown, Gloversville & Kingsboro Horse RR (electric) under lease for 999 years from Jan 1, 1894, at rental equal to 8% dividends on its \$50,000 capital stock and guaranty of principal and interest on its \$50,000 5% bonds (see below). The Gloversville & Broadalbin RR (see appended statement) is leased for 999 years, from Aug 1, 1895, on terms given in that company's statement. In 1910 a fifty-year franchise was granted to the company to double-track East Main St., Amsterdam, N. Y., and to build a single track extension to connect with the Hagaman Line, at Rockton, forming a belt line in the east end of the city.

Mileage.—Line of road owned: Fonda to Northville, N. Y., 25.47 miles; Gloversville to Schenectady, N. Y., 32.26 miles; Gloversville to Fonda, N. Y., 8.70 miles; Belt line in Gloversville, N. Y., 3.84 miles; Belt line in Amsterdam, N. Y., 3.67 miles; Hagaman Line, 2.29 miles—total, 76.23 miles. Leased: (Gloversville & Broadalbin RR) Broadalbin Junc. to Broadalbin, N. GALVESTON, HOUSTON & HENDERSON RR (Independent).—Inc. Feb. 7, 1853, under laws of Tex.; road opened in 1854; foreclosed Dec 1, 1871, and reorganized Dec 16, 1871. Defaulted in 1880; receiver appointed in Sept, 1880. Again foreclosed Aug 1, 1882, and reorganized Dec 1, 1882. Under a contract made in Dec, 1895, the Missouri, Kansas & Texas Ry Co. of Texas, and the International & Great Northern Ry Co. have joint trackage rights over the road for a period of forty years, at a fixed annual rental of \$65,050 from each of the companies named, or a total of \$130,100.

Of this amount, \$106,100 is to be paid to the Columbia Trust Co., New York, N. Y., Trustee, under the Galveston, Houston & Henderson mortgage, in two semi-annual installments of \$53,050 each, to meet the yearly interest on the 5% bonds issued under that mortgage and supplemental trackage contracts made with the above company as to provide for the interest payment on any additional bonds which may be issued under the mortgage. The interest on the bonds is therefore practically guaranteed by the two tenant lines.

Mileage and Equipment.—Line of road: Galveston to Houston, Tex., 50 miles; sidings, 80.30 miles. Gauge, standard. Equipment: Locomotives, 12; passenger cars, 8; freight, 35; service, 17.

Capital Stock.—Authorized and outstanding, \$1,000,000; par, \$100. The Missouri, Kansas & Texas Ry Co. owns \$500,000 of the stock. Dividends have been paid as follows: May, 1904, 4%; May, 1905, 4%; May, 1906, 4%; none since.

Bonded Debt.—\$2,122,000 First Gold 5s; dated April 1, 1913; due April 1, 1933; int. A & O 1, at Columbia Trust Co., New York, Trustee. Coupon (principal may be registered), and registered, \$1,000; interchangeable. Authorized, \$5,000,000, of which \$2,000,000 were issued to refund old First Mortgage bonds, which matured April 1, 1913. The \$2,878,000 unissued bonds are reserved for additions and betterments. Mortgage provides that not exceeding \$1,000,000 of bonds may be issued for equipment at the rate of \$900 par amount of bonds per \$1,000 spent, and that bonds may be issued for other purposes specified to an aggregate amount not exceeding in any calendar year \$1,000,000, and at the rate of \$1,000 face amount of bonds for each \$1,000 expended. Subject to call as a whole only at 105 and interest on any interest date on sixty days' notice. A first lien on entire property, including about 50 miles of railroad connecting Houston and Galveston, Texas, and terminals on Galveston Island, covering about 200 acres and containing about 59 miles of track. Listed on New York Stock Exchange. First publicly offered (\$1,997,000) in Feb, 1914, at 98¼ and interest. Normal Income Tax deducted from interest.
